

# "My Country 'tis of Thee"

What a wealth of tender thoughts, of loving pride cluster about those words.

**T**ODAY, when our allied nations face a grave and most serious danger; when those who are dearest to us are torn from their firesides and called to bear arms against bloodthirsty autocracy—**YOUR FIRST DUTY IS TO YOUR COUNTRY.**

Never mind now what the Russians are doing.

What are we doing—here in La Grande and Union County.

**ARE WE READY?**

Has every man of us faced the problem of tomorrow's Liberty Loan and asked himself squarely—How much can I give **IF I TRY?**

Has every woman asked herself the same question—and searched her heart for the honest answer?

**IF I TRY!**

Not what is going to be **"CONVENIENT"** to do. Not what is it going to be **"safe"** to do. But what is it going to be **"possible"** to do—if we really **TRY?**

Today in France Millions are in Arms—Thousands of American boys—the flower of our land are awaiting—**DEATH**—giving their lives for our country.

Let's sacrifice this time—let us give up the things we thought we couldn't possibly do without.

Let's get right down in the harness and pull.

**Y**OUR Liberty Loan Committee urges every family in La Grande and Union County to devote an evening **IMMEDIATELY** to joint consideration of ways and means for doing the **UTMOST THAT ALL** its members combined **CAN DO.** **"SKIMP"** to help—**"SCRATCH"** to help—**"STRETCH"** to help—**MANAGE** to do what we wouldn't even think of attempting in normal times! It's a tremendous responsibility that is ahead of us—La Grande and Union County has been asked for a subscription that would almost take your breath away—**BUT WE WILL BE "THERE"**—for our Boys **"OVER THERE."**

Think what it would mean if we **FAILED—IF THE COUNTRY FAILED!**

Our boys left over there without enough of guns, without ammunition, without enough clothes—without even food and a sea of blood at their feet and the Huns at their throat!

To refuse to support this loan is exactly equivalent to saying we do not care what happens to these boys or what happens to this country.

And is there any man, any woman in La Grande ready to **SAY THAT?**

Is there one American in this County ready to place his own comfort, his own petty convenience before his country, his flag and his defenders?

**WE CANNOT BELIEVE SO—WE DO NOT BELIEVE SO—GRANDE RONDE VALLEY WILL RESPOND!**

**OUR SOLDIER BOYS**  
The U. S. flag is carried high,  
Through sunshine and through  
storm;  
For our brave boys have said good-  
bye,  
In their khaki uniform;  
When days are drear or days are  
bright,  
The boys go through their drills,  
Or train with airplanes for their  
flight  
O'er French or Flanders hills.  
"Over there" our boys are fighting  
For the flag of the brave and free—  
The flag that stands for honor  
And peace and liberty.

They know the Huns are ruthless,  
And no mercy show at all;  
So, rather than be prisoners,  
On the battlefield they'll fall.

When the battle's din is loud,  
And the awful cannon roar—  
Many a gallant lad and proud  
May see his home no more.

When at the end of the fray  
We crush the ruthless Hun—  
Oh, how happy we shall be,  
When the victory is won.

Teams Work Long. A half dozen ladies and a group of a dozen or so team captains and workers in the campaign, not far evening. It was considerably after the midnight hour before the session came to a close, the ladies staying on the job like trojans. The work last night consisted in distributing to the various teams

Courage is a matter of the blood. Without good red blood a man has a weak heart and poor nerves.

Be the soldier in the last days of the blood is from and carries, deep pulse of courage, generally weak, tired and nervous are quickly made strong again. One that will do the trick, however, is Dr. Williams' Pink Pills. It is the only blood tonic that has been used by over 30 years ago to 1918, and that has become a household name. ### If I Were a Farmer.

If I were a farmer I would keep at hand a few reliable medicines for minor ailments that are not so serious as to require the attention of a physician, such as Chamberlain's Cough and Diarrhoea Remedy to treat slight ailments as soon

for bowel complaints. Chamberlain's Cough Remedy for coughs, colds and croup. Chamberlain's Liniment for sprains, bruises and rheumatic pains. Chamberlain's Tablets for stomach troubles, biliousness and constipation. By having these articles at hand it would often save the trouble of a trip to town in the busiest season or in the night, and would enable us to appear, and thereby avoid the more serious diseases that so often follow.—Adv.

## HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lary, no-good feeling—you should take Olive Tablets. Dr. Edwards' Olive Tablets—a substitute for cod liver oil—were prepared by Dr. Edwards after 17 years of study with his patients. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like cod liver oil—yet have no bad effects. They start the bile and overcome constipation. "Pink" and "white" millings of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.
