CLERGYMAN KILLS SNAKE
 It Had Escaped From a Circus and Was a Terror.

A tropical snake, 7 feet 6 inches long, which has terrorized housewives at Frederick, Md., for two months, since its escape from a circus, was killed by the Rev. Dr. Grace D. Kidder, pastor of Trinity Methodist Episcopal church. The Rev. W. C. Miller of Mount Airy was a witness.

After dining at the home of a fellow minister, the two clergymen took a stroll in a park near by, finding a seat in a pavilion.

The snake appeared soon afterward, writhing along the railing of the structure.

Miller hastened to a neighbor, borrowed a shotgun and returned to the scene, followed by a crowd. Doctor Kidder, electing to perform the slaughter, fired one shot, killing the reptile instantly.

RED CROSS News and Notes.

Mrs. E. P. Mossman, Chairman of Military Relief, returned last night from an official visit to the Branch Chapters in Wallowa county.

JOSEPH BRANCH.—Joseph was the first branch visited. Mrs. Harry Dawson, vice chairman, acting in the absence of Mrs. T. Gaulke, chairman, had called out a 100 per cent meeting of the executive board. The proposition presented, of a saner method of raising funds for the Red Cross was met with Joseph's usual loyal enthusiasm.

And their enthusiasm was going over the top a bit too for they had just had a telegram that Joseph was to receive the banner, being the first town in the state to reach its quota in the Liberty Loan Drive. "Tell us how much you want to raise each month, and we will do the rest" was their answer.

Following this meeting was one held in the Red Cross workrooms, where more than fifty women were gathered and were vitally interested in all suggestions brought from headquarters looking forward to a general conservation of time and strength throughout the different departments.

ENTERPRISE.—Here was another full meeting of the executive board called together by Dr. Hockett, chairman. Their share in the financing of the chapter was carefully canvassed by those present and is to be taken up more fully when their quota is given to them. Here the chapter's representative was invited to the schools to see the work done by the Junior Red Cross. The work done in the various departments was a credit to Enterprise, to the teachers and to the Junior members. Here were 80 check-boards made by one grade—beauties too. A blue board, with squares of red and white, and red and white checkers. Then there were such quantities of joke books, beautifully made by the smaller children. There were gun wipes, towels, wash cloths, girls capes, etc. It is worth while to consider what a part this work has in the character building of the citizens of tomorrow. Enterprise branch has a nice work room in the Court House and turn out lots of excellent work.

LOSTINE.—This branch had its executive committee in waiting when Mrs. Mossman arrived every mem-

Good Health Demands Good Teeth

"MORE physical degeneracy can be traced to neglect of the teeth than to the use of alcohol," says Dr. William Oler, the eminent authority. And Prof. Lewis M. Terrian, in his treatise, entitled, "The Hygiene of the Child," says that out of 20 million school children in this country, 12 million are affected by disease of the mouth and teeth which undermine their health and progress.

Decayed and neglected teeth cause indigestion and mental back-ardness. Tooth-troubles may affect the heart, the eyes and ears—in fact, all our faculties are weakened by diseased teeth and a neglected mouth. "A decaying tooth, unremoved as it may sound, is a rotting bomb in your mouth," according to Arthur Brisbane, the famous editorial writer.

Diseased teeth or a neglected mouth is not a joke. It is a constant menace to your health. There is no real excuse, except neglect and indifference. Once your teeth are in order you can keep them that way—for remember this—decay does not start on a clean tooth.

Comfortable for you

The big things you demand in a shoe are built into the BUCKHECHT Army Shoe. Its comfort comes from the Munson Last as specified by the U. S. Army. Business men, farmers, carmen, miners, ranchers, sportsmen, hikers, outdoor workers—all are wearing the BUCKHECHT Army Shoe. Result? Foot troubles are no longer known to them. And what's more—their shoe bills have been satisfactorily reduced.

The durability of this shoe—and good looks, too—come from the finest materials and best workmanship. Its uppers are selected from the heart of specially chosen, plump calf skins. Sturdy oak leather goes into the soles.

The BUCKHECHT Army Shoe has been manufactured ever since the Munson Last was perfected. It is not an experiment, nor a hasty war-time creation, but the standard time-tested Army Shoe. And its price is very reasonable—so why take a chance with a substitute? Ask for the BUCKHECHT Army Shoe by name. Our registered trade mark on every pair is our mutual protection.
