HINDU ANTIQUE WINS HUSBAND FOR ITS FINDER.

Necklace, Stolen From Idol In Oriental Temple, Basis of Story In "A Bit Of Jade," Star's Latest Photoplay.

There is an atmosphere of Oriental mystery about the latest Mary Miles Minter production under

American - Mutual auspices, which will be presented at the Star tomorrow only.

The plot is woven about a jade necklace that is supposed to have been "lifted" from the neck of an idol in a Hindu temple at Amritsar during the Indian mutiny.

The necklace, through devious channels has come into possession of Grayson Blair, an American collector, and falls into the hands of pretty Phyllis King, a young American with rather more than her fair share of the beauty and grace that belongs to American ingenues.

The legend of the jade necklace proves potent in this circumstance as it did in many an Indian romance of the long ago. The legend runs:

"What maid shall wear these beads of Jade Must marry e'er the poppies fade." They sell that legend with every jade necklace that goes out of the bazaars of Bombay. So pretty Phyllis looks into the eyes of Grayson Blair and the necklace wins. As a special treat, Eddie Sandow will appear in a number of feats of strength that have been pronounced nothing short of wonderful.

## SHERRY'S

VIOLA DANA MAKES HER GREATEST HIT.

Viola Dana, the Metro star, comes into her own as the greatest of modern screen artists in the part of "June" in "Blue Jeans." While Miss Dana is known and her work appreciated by hundreds of thousands of motion picture theater patrons none of the vehicles in which she has appeared in heretofore have given her the opportunity to show her real class as does "Blue Jeans."

Some of the big scenes in "Blue Jeans" in this Metro special production of Joseph Arctur's famous play, occur in an old-fashioned saw mill. These scenes were taken at Roslyn, Long Island. This mill, built in 1869, is still in use by the original owners, Conklin and Tubby, who watched with great interest the taking of the scenes with Miss Dana as star.

Powerful lights were installed at the mill for the photographing of the tense scenes staged there. The circular saw, four and a half feet in diameter, which has done service six days a week for over two score years, was used in the great rescue.

In the story Miss Dana, as June, has been locked in the office by the villain, Ben Boone (Chifford Bruce.) Through the glass door she sees Boone and her sweetheart Perry Bascom (Robert Walker) fighting in the mill. Boone places Bascom on the log carriage and leaves him to his fate. Breaking the glass door, June rushes in and drags Bascom from the carriage before it reaches the treacherous teeth.

THE GOLDEN RULE CO.

Building-up for the Spring Attack at the Front is a good deal like putting the body in condition for an invasion of the germs of grip, pneumonia or "Spring fever" here at home.

At this time of the year most people suffer from a condition often called Spring Fever. They feel tired, worn out, before the day is half through. They may have frequent headaches and sometimes "puffy" or pale skin and white lips. The reason for this is that during the wintertime, shut up within doors, eating too much meat and too little green vegetables, one heaps fuel into the system which is not burned up and the cinders remain to poison the system—a clogging up of the circulation—with inactive liver and kidneys. Time to put your house in order.

For an invigorating tonic which will clarify the blood, put new life in the body, sparkle to the eyes, and a wholesome skin, nothing does so well as a glyceric herb extract made from Golden Seal root, Blood and Stone root, Oregon grape root and Wild Cherry bark. This can be had in convenient, ready-to-use tablet form at all drug stores, sixty cents, and has been sold for the past fifty years as Dr. Pierce's Golden Medical Discovery. By reason of the nerves feeding on the blood, when the blood is pure the nerves feel the effect, and neuralgia or other nerve pains disappear, because such pain is the cry of the starved nerves for food. When suffering from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired feeling, the simple way to overcome these disorders is merely to obtain Dr. Pierce's Auric from your druggist. In tablets, sixty cents.

Every Woman wants to be Pretty, Healthful and Shapely

When a young girl puts on her first corset her figure has a tendency to grow into the line of her corsets whether the lines are good or bad. If her first corset is a bad one and she obtains a bad figure from it, of course a new corset of the same model will fit her better than any corset of superior lines or design, for has she not allowed her figure to take the imperfect lines of the poor corset?

We make this suggestion. Try one of these.

## ON THE EVE OF THE DRIVE

"Think they'll come over 'round here?" "Dunno, but I HOPE THEY DO!"

Can't you see that's what these two British soldiers in a camouflaged dugout out on the very edge of No-Man's Land are saying? The faces in this photograph, taken when the Germans were getting ready to start their offensive, would indicate that the Tommies weren't anxious over the outcome. The old broken wagon was placed over the dugout by camouflage artists.
