### THE BOOKWORM

Don't let the Kaiser kill American babies. Food economy, the high cost of living, and ignorance are responsible for an increase in infant mortality and sickness, all over the world. Learn how to feed and care for the babies intelligently by reading the following books:

Bennett: The Healthy Baby.  
Tweddell: "How to Take Care of the Baby."

Brown: "The Baby, a book for Mothers and Nurses."  
West: Infant care.

West: "Prenatal care."

Slemons: The Prospective Mother.  
U. S. Public Health Service: Care of the baby.

Wheeler: The Baby, his care and training.

Owing to a misprint, an article quoted last week from another paper was given an incorrect heading. The article should have read "No new fiction until after the war."

The public library is a free tax-supported institution, owned by the city of La Grande. The library never sells books and never authorizes or recommends books sold by canvassers from house to house. If a salesman represents his goods as being recommended or in any way connected with the public library, you will confer a favor on the public by notifying the library of such misrepresentation.

The librarian is always glad to recommend individual volumes, or to make available all the information in the library in the way of book reviews and lists on special subjects. As a citizen the librarian would urge you to buy when convenient from local book dealers. No individual firm is being advertised, but a good local book trade

## Stomach Troubles Since Childhood PERUNA Made Me Well

I Now Enjoy The Best of Health.

Mr. Wm. W. Freery, 2225 North Hancock Street Philadelphia, Pa. writes: "I have been troubled with stomach disorders since childhood, but after taking six bottles of your Peruna, I now enjoy the best of health. I also had catarrh in the head, which practically has disappeared, thanks to the Peruna Co. for their good work."

Those who object to liquid medicines can procure Peruna Tablets.

is as much benefit to the town as any other retail business.

The announcement that General Pershing had authorized shipping space to the amount of fifty tons to be set aside each month by the United States army and navy transport service for the shipment of A. L. A. books to our soldiers in France, brought home to many people as nothing else had done, that there is indisputable need of reading matter among our men on the other side. Fifty tons is estimated to be about 100,000 volumes, and the A. L. A. has undertaken to see that they are provided.

The library has several pamphlets describing different methods of preserving eggs.

Ten extra copies of the "War cook book" dealing with the use of wheat substitutes, are now ready for circulation.

Library hours are 1-6, 7-9. Sundays 1:30-5:30, for reading only.

### Women: Braver Than Men.

Women often do their daily tasks in home, office or factory while suffering pain and misery that would put a man in bed. However, much

of women's suffering can be alleviated. Backache, sore muscles, stiff joints, rheumatic pains, dizziness and like symptoms are caused by disordered kidneys and bladder. Mrs. Thos. Davis, Montgomery, Ind., writes: "I doctored several months without relief, when I commenced using Foley Kidney Pills, and got relief. Eight bottles cured me." Safe, harmless; quick results. Sold

### HARRY LAUDER'S ADVICE

Harry Lauder is being serious these days. The famous Scotch comedian is subordinating his comedy to the all-embracing demands of war. Along with his work for his Injured Soldiers' fund and the Y. M. C. A., Lauder is making an earnest appeal to Americans to prepare for the next Liberty Loan. General subscription is the theme of Lauder's message. Here is what he says:

Liberty is the dearest word in any language. It is the thing the Germans are fighting to take away. It is the one big thing we must fight to keep.

What have you done to help win the war? What are you doing to preserve liberty?

Every Sunday 500,000 Germans in the United States sing songs of pulling the trigger; they are talking of you—of the United States. What are you doing to do about them?

Right now our answer must be—BUY LIBERTY BONDS! We have given that answer once, twice already. But we must make it again and again as need is. We must turn our dollars into silver bullets. That is the way we can become shareholders in the Bank of Humanity. Our part is to provide the wherewithal, since we can't do what the boys out there are doing.

Back in France I saw battalions of young fighters marching along and chanting a song—an old song—right into the mouth of death. They knew where they were going. They were fighting to save LIBERTY. And they are calling on you to help them, you back here.

Our part is easy compared with theirs—but it is OUR PART and it must be done. Put your money into liberty supports. Sign up as shareholders in humanity's bank.

# Our Dollars Are Called To The Colors

### THE THIRD LIBERTY LOAN

Our terms of peace are written so clearly that all the world can see. There is no thought of conquest; only the demand of freedom that—for us and for all—the world shall be free.

The United States is to show the world that America, in Liberty's cause, responds more freely to each call for the sinews of war. And let us also show our country that La Grande is in the forefront. Let each subscribe to a Third-issue Liberty Bond—the biggest one we can.

Without charge the services of this institution are extended.
