ARCADE

LAURANT COMING.

As a special attraction the management of the Arcade Theater has arranged for the appearance of Eugene Laurant, "The Man of Many Mysteries," to appear here for one evening, Wednesday.

Mr. Laurant carries several assistants with him and his evening's entertainment is made up of work of angle, large illusions, impersonations and musical numbers.

The seats will not be reserved and those who wish to see this wonderful exhibition should come early.

There will be only one show in the evening, and no matinee.

GEORGE BEBAN TODAY

The fact that there has been great interest in stories of French-Canadian life in the north woods, but that few of these have been transformed to the screen, should furnish George Behan's newest role, "Jules of the Strong Heart" with an added attraction. The production is the seventh of the artistically developed character portraits in which Mr. Behan has appeared for the Paramount, most of these having been produced under the direction of Donald Crisp.

The latest Behan picture, "Jules of the Strong Heart" will be the attraction at the Arcade Theater to-

day and tomorrow. I was written from William Merriam House's story by Frank X. Finnegan and Harvey F. Thew.

IN OLD KENTUCKY

The unending popularity of "In Old Kentucky," scheduled for local presentation soon, is one of the wonders of stageland. Whatever the secret of its magic success, it is a positive and self-evident fact. Now in the twenty-third year of its career, it throngs theaters from Boston to San Francisco and from Winnipeg to New Orleans in a manner that is truly marvelous. Always kept up to a high degree of excellence in cast and production, on is always sure to witness a satisfying performance of the play. Its success is nation-wide. It will be seen at the Arcade Thursday night.

S-T-A-R

THRILLING MOTOR RESCUE.

Neal Hart, famous as one of the best horsemen in pictures, who is starred in his first Butterfly picture "The Man from Montana," which comes to the Star Theater on Tuesday and Wednesday evening tried a trick with an automobile for the film which is a feature of the story. Hart is in an auto with Miss Vivian Rich, his leading lady, when they are stopped by a band of crooks, who seize the girl. They escape in a swift motor, while he gives chase in a taxi. As the overhauls the kidnapers, he leaps from the taxi on to the running board of the other machine, going at a forty-mile clip and a hand-to-hand fight ensues. At its finish, Neal is hurled heavily from the machine, and falls to the road. The scene was not rehearsed for no man in his senses would try the stunt twice. There was some talk of using a "double" for the star in the scene, but Hart would not hear of it.

"I've fallen from every sort of a horse, bucking all over the landscape," he said, "and I guess it won't be any more dangerous to fall from an automobile on to a nice smooth pavement."

He bruised his knees and elbows but he declared that the stunt was a mild thrill to the man who was used to keeping the saddle under a plunging broncho.

SHERRY'S

Last showing today of "Revenge." This is a picture drama of revenge and the desert, with an ideal role for that idolized star, Edith Storey.

It has the western background against which the clever actress and splendid sportswoman shines forth so vividly. East and West are contrasted in "Revenge," in which Miss Storey plays the part of Alva Leigh. Alva goes to a western mining camp to marry the man she loves, only to find that he has been foully murdered. Who is

the guilty man? Absorbing interest and suspense are sustained to the very finish of the gripping drama of action. Another clever Christie Comedy completes a program that is way and afar above the average.

GIRLS WORK IN FIELDS AT NORTH POWDER

FOUR LOCAL YOUNG MEN IN NEXT DRAFT — FAMILY AFFECTED WITH TYPHOID — COLD WEATHER DELAYS SPRING WORK — WOLFE PEOPLE HELP RED CROSS.

NORTH POWDER, April 21.—(Special.)—Chas. Hatchinson has a bad case of blood-poising in his arm and has been at the hospital for several days it having taken care of.

George Carnes went to Baker on Saturday and purchased a seven passenger Willys-Knight car. He drove it to Union to look at a bunch of pedigreed Jersey cows which he purchased from Mr. McKean of Union. Mr. Carnes now has a fine car and a bunch of nice cows. He will now handle only pedigreed stock, and has disposed of his bunch of grade Jerseys.

The Red Cross workers are at their work again after some delay in getting supplies. They received medicated gauze this week, which is to be made up immediately. Several ladies from the country are aiding in the work of making garments.

Mrs. R. E. Clark visited in La Grande last week.

Mrs. Ray, who has a homestead in the Riverdale section is expected home in a few days. Her son, Dewey returned last week, and will put things in order for his mother's coming. They will put in a crop on their place.

A former cashier of the North Powder bank, C. E. Clure, with his son and daughter, came from Portland a few days ago. They took their car from here and drove to Cambridge, Idaho, where they will make their future home.

Mr. Minnie had to return home to care for his family who have been having scarlet fever. The family has been in quarantine while Mr. Minnie was at his work, but they could not get along without him so he came home.

Mr. and Mrs. Hartwell Yorke are receiving the congratulations of friends on the birth of a son at their home a few days ago.

Charlie Mays sold two cars of good stock cattle to Mr. Wade, who has shipped them to his farm near Lostine.

Mr. Green of Baker, who spent the winter in California, and after his return visited with relatives in this section, went to Grants Pass after his car, which he left there last January. He left Grants Pass on Monday morning and got to North Powder on Tuesday morning, being one day over a week in getting through. Mr. Green had to shovel snow in different places. One man started with him in a Buick, but left his car and same on with Mr. Green and went on from here by train to his home.

The Red Cross society are \$70 richer from the ball given by the good people of Wolf Creek as their hall one night last week. A large crowd was in attendance. This makes over \$20,000 turned in by the people of Wolfe Creek to the Red Cross.

Two more of our boys have enlisted. Norris Gilkinson and Lawrence Simons went to Portland after enlisting in the U.S. Marine Corps.

Mr. H. Wickes purchased a new Buick of Walk Ledbetter a few days ago and now enjoys joy riding with the other owners.

Mrs. Tiffany has accepted a position in La Grande and will now make that city her future home.

Some of the young ladies of this section have gone into the fields to help put in the crops. Help is so scarce that it looks as if the women will have to go out and help in order to keep up the number of acres asked for by the government.

Mrs. Florence Blevins has been elected as delegate to the Rebekka Grand Lodge, which meets at Seaside in May. As Mrs. Blevins is well versed in the work of this lodge she has been recommended as District Deputy, president for this section.

Miss Veva Murphy is now located in Seattle with her father.

The Droch family, who live on the Powder river below town are reported to be having typhoid fever in the family. The father and eldest son have been very bad and the son was taken to the hospital. The mother and other children are reported sick. It is thought that the disease was contracted by drinking river water.

Mrs. J. A. Burdette has been quite sick with la grippe the past few days but is some better now and will be out again in a few days.

The cold weather in this section is holding back the putting in the crops. The ground is frozen in the morning that in places the men have to wait for the ground to thaw before they can begin plowing. Owing to the cold people are delaying their gardens and planting of all kinds.

We are sorry to hear there are some slackers in this section who did not purchase Liberty bonds. It is to be hoped that the U. S. government will take a hand and make these people come through as they are as able to help bear the burden that everyone is called upon to bear.

Clarence Burden, who lives a few miles out of town has purchased a new Studebaker auto from a firm in Baker.

Four of the North Powder boys are included in the new draft. Mel-

vin and Norval Olson, Earl Sanders and Harold Gilkinson.

There are lots of fine seed potatoes in this section and the owners would like to sell them even at cost.

Cradle Roll Service.

At the M. E. Church, South, on April 28, at 11 a.m. there will be a cradle roll service. The subject of the whole program will be babies. Parents of the 173 babies of the church roll are asked to bring them all on that day. Those who have many and thereby missed getting the invitation card, please take notice and come.

SAVING FOR VICTORY

Our boys abroad, backed by industry and economy at home, will win the war for democracy. Each of us has a part in the great conflict; each must produce largely and consume with care.

There should be a saving represented in a growing bank account which will not only make the individual more prosperous, but swell the National reserves.

The Savings facilities of this institution are at your disposal.

Every Woman wants to be Pretty, Healthful and Shapely

When a young girl puts on her first corset her figure has a tendency to grow into the line of her corsets whether the lines are good or bad. If her first corset is a bad one and she obtains a bad figure from it, of course a new corset of the same model will fit her better than any corset of superior lines or design, for has she not allowed her figure to take the imperfect lines of the poor corset?

We make this suggestion. Try on one of these
