

SHERRY'S

SCENES STAGED AT ESTATE OF STAR

The famous "Bushman" estate of Francis X. Bushman, near Baltimore, was used for exterior scenes in the Metro picture, "The Brass Check," which will be the attraction at the Sherry Theatre to-day only. Beverly Bayne is co-starred with Mr. Bushman in this screen adaptation of George Allan England's All-Story Weekly story of the same name.

The star's handsome residence was used for the staging of exteriors of the Trevor home. His house has an early English exterior, similar to Lord Raglan's ideas of a country house, with a Colonial interior. It contains thirty-five large rooms which are furnished with one of the rarest collections of furniture in America. It is one hundred and fifty years old and stands in the center of a tract of one hundred and ten acres. Some of the land is farmed, but Mr. Bushman does not participate extensively in agriculture, as his motion picture work keeps him constantly away from "Bushman-or."

The Metro star has a valuable collection of live stock which includes twelve horses, eight cows, five grown dogs, and thirteen puppies. Among the horses are four of the finest in the United States, Nubian King, Petroleum, Redfield, and Araby.

Tomorrow, Anita Stewart, in a six-reel special, "The Suspect," and the closing episode of "Vengeance and the Woman" will be shown.

S-T-A-R

Ella Hall in Delightful Play.

One of the scenes in the photoplay "The Charmer," to be exhibited at the Star theatre on tomorrow and Wednesday, with Ella Hall in the star role, will be especially appreciated by men who recall "the old swimmin' hole" and by the kiddies who venture into more or less muddy pools for the crowning joys of "playing hooky." Incidental to the story a group of villageurchins outlie one of the boyish heroes of the occasion into a secret raid on the "swimmin' hole" and Director Jack Conway was, of course, right on the job with his cameraman. The simple adornments of boyhood are left in scattered abandon on the bank, temptation for the villain who has been omitted from the general invitation, and while the lads disport themselves in their "birthday suits" the mean boy ties in well dampened knois the shirts and "pants" of the bathers. His method of revenge gets him into trouble and his efforts to escape just retribution leads to a chase that suggests a quickestep parade of the Adam kids in the Garden of Eden. The incident is just another of those "nature touches" Jack Conway has become famous for in his production of Bluebirds. It will carry the "old boys" back to their youth and be extremely realistic to the kiddies.

ARCADE

Vivian Martin and Ar buckle.

One of the cleverest bits of action in Vivian Martin's most recent Paramount picture which is to be shown at the Arcade theatre today and tomorrow is found in her friendship and devotion to "Blackie" the newsboy who befriended her in her hour of need.

Blackie lost both his eyes in a fight with another newsboy, and, being a very independent young man who had always earned and fought his way in the world, he greatly resented being dependent upon charity. Vivian Martin, as Michela, his friend, resolved to help him and thought of the models he had been used to make out of bits of clay.

As he refused to try to work on them, being ashamed of his clumsy groping, Michela discovered a certain cleverness in her own fingers and unbeknown to him, she finished several of his models for him and took them to an art exhibition where they excited much favorable attention.

Fatty Arbuckle will be seen in a two-reel comedy called "His Diving Beauty." Mabel Normand and Mack Swain also have very prominent parts and the fun moves along in a fast and furious manner.

Cause Of Headache.

By knowing the cause, a disease may often be avoided. This is particularly true of headache. The most common cause of headache is a disordered stomach or constipation, which may be corrected by taking a few doses of Chamberlain's Tablets. Try it. Many others have obtained permanent relief by taking these Tablets. They are easy to take and mild and gentle in effect.

FIRST U. S. WAR TANK BUILT IN AMERICA!

America's first war tank built in this country was completed a few days ago at Cambridge, Mass. It was designed by Professor E. F. Miller of the Massachusetts Institute of Technology. Note the projections on the front for ramming. The new U. S. tanks will carry machine guns and two 75s. The first appearance of the above tank was in a Third Liberty Loan parade in Boston.

SUGAR FOR CANNING

No Reason for Anxiety on Part of Oregon Housewives.

Oregon housewives need have no further anxiety as to whether there will be a sufficient supply of sugar for the canning and preserving of fruits during the coming season. Provision has been made, Federal Food Administrator W. B. Ayer announces, for an ample supply of sugar for this purpose, and instructions as to the distribution of sugar for canning are now in the hands of all retailers in the state. "Sugar for canning purposes will be issued under a certificate system" said Mr. Ayer. "Each purchaser must sign an official certificate with each purchase, setting forth the amount and date of purchase and attesting that the sugar will be used for this purpose only; also that she will limit the use of sugar in her household for all other purposes, to three pounds per month per person. Each retailer will keep a check upon his customers, to prevent misuse or abuse of the certificate privilege, and all certificates will be returned to the Food Administration, where they will be rechecked. Under this system it will be impossible for any purchaser to buy an unreasonable amount of sugar without prompt detection."

WHAT TO USE TO PREVENT APPENDICITIS

La Grande people should know simple buckthorn bark, glycerine, etc., as mixed in Adler-Ika, flushes the ENTIRE bowel tract so completely that appendicitis is prevented. ONE SPOONFUL ADLER-IKA relieves ANY CASE sour stomach, gas or constipation because it removes ALL foul matter which clogged and poisoned your system. The INSTANT action surprises both doctors and patients.—C. D. Patnam. Adv.

OIL BURNERS

Your wood is gone, the summer is here, that oil burner that you have longed for is ready to install in your Range—FREE TRAIL and guarantee cover your dollars.

Furniture Exchange

Best Prices Paid for Used Furniture

Mr. Grain Farmer:

Are you prepared to handle your grain in bulk? Do not wait until Spring and Summer when you are buried with work and worried with labor shortage, but build your granaries now.

You can buy the lumber and roofing paper for a first-class 1000 bushel portable granary for \$54.58 and it will last for years. Sacks for the same amount of grain will cost you \$125.00 and this would be a dead loss against this year's crop.

A granary of this size can be moved anywhere and can be filled directly from the thresher, being away with high priced labor handling and sewing sacks.

The boys in the trenches need the sacks for sand bags for the protection of their very lives and perhaps your boy is among them.

Spend your money in your own valley by buying lumber manufactured at home. When you buy sacks part of the money goes to India.

BUILD YOUR GRANARIES NOW

Be prepared by building them before the farming season opens up. Be sure to get good lumber, well seasoned, as low grade lumber will give you trouble in a few seasons. Don't use green lumber.

Save money—keep what you spend at home—prevent loss and damage from exposure to weather—leave the sacks for our boys in the trenches; help win the war by building granaries now.

Portable granaries of this type are universally used in other sections. One trip with a good team will haul the material for one granary. For particulars as well as prices on Union County lumber for all farm purposes, see

The George Palmer Lumber Co. LA GRANDE, OREGON
