SENATOR CHAS. L. McNARY

CLAIMS SET FORTH WHY HE SHOULD RECEIVE REPUBLICAN NOMINATION.

United States Senator Charles L. McNary.

Because United States Senator Charles L. McNary has made good he should be nominated to succeed himself in the Republican primary—May 15th.

From the day he became Senator he has loyally championed the prosecution of the war, and during his term of office has accomplished more for Oregon than any other member in Congress in a like period.

Among his colleagues he is known as "the man on the job," and during the present war crisis Oregon should

consider itself fortunate in having an opportunity to return him and not be compelled to send to Washington, a new, untrained man.

Believing that the supreme obligation he owes his country is to help win the war, Senator McNary, instead of returning to his State to conduct a political campaign, is at his post in Washington, working for Oregon and aiding in the prosecution of the war.

Always since entering the Senate he has been a friend of our soldiers and sailors and has introduced legislation giving them preferential home-stead rights and repeatedly championed their cause when their welfare was in jeopardy.

Championing the cause of the Oregon farmers, Senator McNary procured for them a primary wheat market, saving thereby several million dollars to the wheatgrowers of the Northwest.

Realizing the present Food Control Law fails to fix prices for many commodities, Senator McNary has introduced, and is laboring for the passage of a bill, striking at profiteering and fixing prices on the necessities of life.

Senator McNary has procured: Government contracts for the first time in the State's history for Oregon products, such as prunes, dehydrated potatoes and vegetables in large quantities.

Large contracts from the government for army clothing and shipbuilding and lumbering industries.

Favorable action by the Senate committee on irrigation on a bill providing for the government marketing of district irrigation bonds, thereby supplying funds for irrigation district projects.

Favorable action from same committee on a bill authorizing the Secretary of the Interior to accept irrigation or district drainage bonds and exchange them with the Secretary of the Treasury for certificates or indebtedness, thereby providing funds for legitimate projects.

Senator McNary is working: For prompt payment of allotments to dependent relatives of our soldiers and sailors.

A comprehensive plan for the utilization of the water power resources of Oregon.

For the construction of a coast military highway at Government expense.

Senator McNary was born on a farm in Oregon; reared in the Baptist Church; educated in the public schools; worked his way through Stanford University; is a lawyer and farmer and has been a life-long republican. He was formerly a Justice of the Supreme Court and later chairman of the State Republican Central Committee.

Space forbids further enumeration of the vast amount of work Senator McNary has done for Oregon, but anyone will realize from the foregoing the Senator has displayed truly remarkable ability, coupled with extraordinary diligence and energy. His native state can best show its appreciation of his faithful and efficient services by nominating and electing him.

State Treasurer.

Bus. Rep. of District Council of Carpenters.

BRUCE DENNIS

Candidate for Republican National Committee at the Primary Election, May 17, 1918.

I believe a political committee should elect candidates; not select them.

The Republican party is 100 per cent American. Its business now is to help win the war. Let us join together and make the Republican party in Oregon a real, live, active institution for all members—instead of a closely woven Personal Machine.
