NOT DUE TO SEX ALONE

La Grande Women Have Learned The Cause of Many Mysterious Pains and Aches

Many women have come to know that sex isn't the reason for all back aches, dizzy headaches and urinary disorders. Men have these troubles, too, and often they come from kidney weakness. To live simply, eat sparingly, take better care of one's self and to use Doan's Kidney Pills, is bound to help back kidneys get better. There is no other remedy so well recommended by La Grande people. Read this case:

Mrs. E. I. Shepherd, 104 Spruce St., La Grande, says: "I couldn't begin to speak too highly of Doan's Kidney Pills for I have never found anything their equal when I have had to take a kidney medicine. Just as soon as I notice my kidneys are not acting as they should and my back feels weak, I take Doan's Kidney Pills and they relieve the trouble. Doan's are a family remedy for kidney disorders in our home and always prove satisfactory." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Shepherd had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Building-up for the Spring Attack at the Front is a good deal like putting the body in condition for an invasion of the germs of grip, pneumonia or "Spring fever" here at home.

At this time of the year most people suffer from a condition often called Spring Fever. They feel tired, worn out, before the day is half thru. They may have frequent headaches and sometimes "pinchy" or pale skin and white lips. The reason for this is that during the wintering, shut up with in doors, eating too much meat and too little green vegetables, one heaps fuel into the system which is not burned up and the clinkers remain to poison the system—with inactive liver and kidneys. Time to put your house in order. For an invigorating tonic which will clarify the blood, put new life in the body, sparkle to the eyes, and a wholesome skin, nothing does so well as a glyceric herb extract made from Golden Seal root, Blood and Stone root, Oregon grape root and Wild Cherry bark. This can be had in convenient, ready-to-use tablet form at all drug stores, sixty cents, and has been sold for the past fifty years as Dr. Pierce's Golden Medical Discovery. By reason of the nerves feeding on the blood, when the blood is pure the nerves feel the effect, and neuralgia or other nerve pains disappear because such pain is the cry of the starved nerves for food. When suffering from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired feeling, the simple way to overcome these disorders is merely to obtain Dr. Pierce's Anemic from your druggist. In tablets, sixty cents.

Montana's Best Land

HINGHAM HEART OF WHEAT BELT

Greatest wheat shipping station anywhere on main line of Great Northern Railway; Level Land, Rich Soil, Splendid Water, near Railroad—Five large Wheat Elevators—Two More Building.

SPECIAL NOTICE: After June 1st no crop whatever will go with the purchase price of any piece of land we sell. SPECIAL BARGAINS, including crop, now available.

PRICES TALK

It is one thing to argue that we can sell more and better land for the money than can be obtained in any other locality on the American continent and another thing to make good on this claim. For this reason we are submitting herewith a few sample bargains of our wheat land in northwestern Montana and will not take time or space to argue their respective merits beyond the simple statement that the locality in which we operate holds all the nation's records for quality and quantity of yield per acre of wheat, oats, barley, rye, potatoes and hay; that our wheat commands from all millers; that frost-killed grain in this locality has never been known; that our live stock winter on the open range and top the Chicago market in March and April in competition with the corn-fed steers from Iowa.

SAMPLE BARGAINS: 280 acres; 12 miles from good town on main line of Great Northern railway; 85 miles east of our Hingham office. Every foot of this land is tillable and 50 acres are under plow and in crop, though we would not include crop at price quoted. There is a fine well and a comfortable though inexpensive set of buildings suitable for all needs. Price \$15 an acre.

Wheat Land In Hill County

760 acres; 15 miles from good railway town; in district tributary to our Joplin and Lothair offices. 280 acres of this land is under plow and in crop, half of which goes to the purchaser. There is a good house, 20x20 ft. square, with an "L" 12x18, good bank barn 66 ft. long; granary, 18x40 well and 8 miles of fencing. Price \$33.50 an acre. Purchaser's share of crop may be expected to reduce cost of this land to about \$25 per acre. 240 acres; 4 miles from good main line town; in Hingham district; every foot under plow and in crop; one-fourth of which goes to purchaser. This land is half mile from school and is in a highly improved district. Price \$33.50 an acre. Purchaser's share of crop should amount to close to \$15 an acre, so that the cost of this land will probably not much exceed \$20 an acre. When one considers the cost of breaking and fencing, one may easily estimate that this land is cheaper at \$33.50 an acre than raw land would be at \$12.50 an acre.

Choice Wheat Ranch Near Lothair

960 acres; 3 miles from good town on main line of Great Northern railway; in Hill county, Montana; in district tributary to our Lothair office; 280 acres is in crop, of which purchaser receives one-half. This land is all level and tillable and has three good sets of buildings, also living water. This land is ideal for tractor plowing and there is no better wheat land in the world. Price \$37.50 an acre.

320 acres; 10 miles from station and elevator in district tributary to our principal Montana office at Hingham. Every foot of this land is under plow and all is in spring wheat seeded on summer fallow land. One third of this crop will be delivered to purchaser at elevator. Price \$30 an acre. If there is a forty-bushel crop, the purchaser's share will approximately return the entire purchase price of this land. Crop conditions were never better and many crops of fifty bushels or more have been raised, on land farmed just as this is being farmed and in the same neighborhood. In any event this land should not cost the purchaser over \$10 or \$15 an acre if he receives over a twenty bushel crop. There is no reason to expect less than thirty or forty bushels to the acre. This land will be in condition to raise a crop again next season if plowed this fall or next spring. It is located in a highly-improved district and it is a bargain that cannot be duplicated later in the season.
