GO TO THE PIG, THOU HOG!

(By United Press.)

ST. PAUL, MINN., May 18.—Real pigs enjoy cafeteria service. Prof. R. C. Ashby, animal husbandry division, University farm,

has proved the efficiency of the cafeteria plan of pig feeding, he says. Prof. Ashby is finishing some of his first cafeteria fed pigs, and finds they gained weight faster and at less cost than hand fed pigs.

Self feeding devices were installed in the feeding pens to help the farmer solve the wartime problem of labor shortage.

The pigs select their own food in an orderly manner, refrain from crowding in ahead of their turps, do not squeal about what they get, and up to date no cafeteria pig has been seen eating with his knife.

RED CROSS TO BE TOPICS IN CHURCHES

(Continued on Page 2.)

anybody spoil the National record which you have made for yourself. With warmest regards, I remain,

Yours very truly, H. E. Witham, State Campaign Manager.

Last evening proof of the district-wide enthusiasm that is behind the coming Red Cross drive dropped out in a letter to General Manager E. E. Kiddle. The letter is from Mrs. Sarah E. Gaulke, of Joseph. The letter says:

Joseph, Ore., May 15, 1918. Dear Mr. Kiddle: Island, City, Oregon.

Your letter received last night and our treasurer and I have gone over the accounts and find we will have to have \$275.00 per month to swing on. This will over run some months but will fall short in others.

Hurrah for you! You bet Walla and Union counties are back of you and I want to thank you for this branch for your interest in us and our good showing.

I have just returned from New York City and let me tell you while they think they can tell us a lot, we can give them many lessons yet, and I find more good patriotism in Oregon than anywhere. I've been Hurrah for Oregon and Union and Walla!

Yours for America, Sarah E. Gaulke, Chairman Joseph Branch R. C.

WETHYCOMBE AND McNARY WINNERS

(Continued from page one)

Democrats were loyal to home men. Bruce Dennis, Republican candidate for national committeeman, according to returns available, has carried the county against Mr. Williams by about three to one. Walter M. Pierce, Democratic candidate for governor, ran in about the same proportion against Harvey Stark-weather for governor.

This county also goes for McNary against Stanfield by a narrow margin. Withycombe carried the county by a substantial vote, with Simpson a good second and Olcott third. Judge Ryan seems to have the large vote here for state treasurer, while Charles A. Johns polled a handsome vote for Supreme judge.

Coroner Vote Interesting A little scrap in local Republican politics between Dr. G. L. Biggers and Judge Henry aroused some interest with the result that Judge Henry was chosen at the primary.

Large advertisement for Goodrich Tested Tires. Features the slogan "The Password for Tires" and "BEST IN THE LONG RUN". Includes an illustration of a tire and a car. Text: "CHALLENGE every tire before you buy. Make it give the watchword of tire quality, Tested. Make it show the countersign of tire supremacy, the Goodrich trademark. If a tire answers 'Goodrich Tested,' buy it. It is a friend. It will give you full and lasting service because its service, put to the nation-wide road test of Goodrich Test Car Fleets, has measured up to the Goodrich standard of tires, the Tested of— GOODRICH TESTED TIRES. There is no risk with the tire that can give the password 'TESTED,' for no weakness, no structural failing, could hide itself during the month to month, season to season, testing of the Test Car Fleets. SILVERTOWN CORDS, and BLACK SAFETY TREADS, challenged America's roads, and under light and heavy cars fought sand, gravel, and rock, in rain, mud, snow, and slush, and defeated them. The spiral-wrapped, cable-cord tire body stood staunch against the hammering of mountain trails. The close-clutch, cross-tread, non-skid black safety tread, baffled the teeth of desert and prairie paths. Demand the password of all tires before you buy, and you will get the durability, dependability, and economy of the tires which the roads of every region of our land proclaim, 'America's Tested Tires.'
