LADIES PRAISE ALBANY HIGHLY.

Those Attending Encampment Have Kind Words Of Hosts.

Union county's delegation that attended the State Encampment at Albany last week have returned to their homes with the kindest words for the treatment accorded them while in the valley city. The elegant dinner served by the Albany Ladies' Circle on the second day of the meeting, at which time one thousand people were fed, was an event that the Union County people will long remember. They also took part in the arrangements for the National Encampment which is to be held in Portland this summer, and in every way enjoyed the occasion.

It must be borne in mind that the state department of the Woman's Relief Corps has been practically a Union county concern, for the following ladies attended the Albany meeting: Mrs. Julius Roesch and Mrs. A. P. Nelson, of La Grande, representing Oliver P. Morton Corps, Mrs. Minnie Baird, departmental president of Union, Cora M. Davis, departmental secretary of Union, Mrs. Mary Minnie departmental treasurer of Union, and Mrs. Clara T. Lyle, who with Mrs. Roesch, is a member of the executive board.

War Declared on Tuberculosis

Having installed a pasteurizing machine at our plant on Sixth St., we are now in a position to give to the public Milk that is absolutely pure. We have had this machine in operation for almost a week and find it perfect in every way. It does not change the flavor of the milk or injure the cream in any way.

Mr. Grain Farmer:

Are you prepared to handle your grain in bulk? Do not wait until Spring and Summer when you are buried with work and worried with labor shortage, but build your granaries now.

You can buy the lumber and roofing paper for a first-class 1000 bushel portable granary for \$54.58 and it will last for years. Sacks for the same amount of grain will cost you \$125.00 and this would be a dead loss against this year's crop.

A granary of this size can be moved anywhere and can be filled directly from the thresher, doing away with high priced labor handling and sewing sacks.

The boys in the trenches need the sacks for sand bags for the protection of their very lives and perhaps your boy is among them.

Spend your money in your own valley by buying lumber manufactured at home. When you buy sacks part of the money goes to India.

BUILD YOUR GRANARIES NOW

Be prepared by building them before the farming season opens up. Be sure to get good lumber, well seasoned, as low grade lumber will give you trouble in a few seasons. Don't use green lumber.

Save money—keep what you spend at home—prevent loss and damage from exposure to weather—leave the sacks for our boys in the trenches; help win the war by building granaries now.

Portable granaries of this type are universally used in other sections. One trip with a good team will haul the material for one granary. For particulars as well as prices on Union County lumber for all farm purposes, see

Your Clothes Reflect Your Business Judgment

First impressions are sometimes decisive. The business eye takes you in at a glance—a brain cell stores away everything from your hat to your shoes. The correct, careful dresser shows he has exercised critical judgment in apparel selection. He pleases—impresses. His clothes give 'entree' into the other man's confidence.

And that is why so many modern, progressive business men in this city select—

CAPPS CLOTHES
100 PER CENT PURE WOOL

Our Spring styles for conservative dressers are fashioned along pleasing, attention-compelling lines. The patterns are latest from the marts of style.

For the young men, Capps clothes fairly breathe the clothes art of London—modish, mannish, measured to form. Exceptionally moderate prices for exceptional value.

Come in today and see our Capdisplay. Prices \$20 to \$30.

We are Agents for **The Golden Rule Co.** Quality the same—Prices less. We close Saturday evening at 9 o'clock.
