Fighting in Europe!

SELF-PRESERVATION as well as patriotism demands that our farmers shall plentifully feed our fighters.

When Germany proclaimed the sea closed to American merchant vessels and entered upon her program of wholesale ocean tonnage destruction, she was aiming a blow directly at the American farmer.

For lack of proper marketing and shipping facilities Australia today has three crops unsold and millions of tons of grain spoiled or destroyed either by weather or rodents.

Upon our success in this war depends not only life and liberty but livelihood.

There are, of course, good corsets and bad corsets—A good corset molds you to its shape. You mold a poor corset to your shape. That is why your figure improves under the influence of an artistically designed and well made corset.

HERE IS OUR BEST ARGUMENT! List of Umatilla County, Oregon, farmers who have purchased MONTANA LANDS during the year 1917.

Table with columns: Name, Address, Acres bought. Lists various farmers and their land purchases in Umatilla County, Oregon, for the year 1917.

Can you consistently question the judgment of these parties on LAND VALUES?

WE HAVE OPENED AN OFFICE IN LA GRANDE FOR YOUR CONVENIENCE. COME AND SEE US AND TALK IS OVER!

We have wheat lands from Cut Bank to Havre and from Great Falls to Lethbridge, Alberta. LOW PRICES. REASONABLE TERMS.

The "Spring Drive" is on. Are you going to be one of the fortunate ones to get in on the ground floor?

Montana's Best Land

HINGHAM HEART OF WHEAT BELT

Greatest wheat shipping station any where on main line of Great Northern Railway; Level Land, Rich Soil, Splendid Water, near Railroad—Five large Wheat Elevators—Two More Building.

SPECIAL NOTICE: After June 1st no crop whatever will go with the purchase price of any piece of land we sell. SPECIAL BARGAINS, including crop, now available.

PRICES TALK

It is one thing to argue that we can sell more and better land for the money than can be obtained in any other locality on the American continent and another thing to make good on this claim. For this reason we are submitting herewith a few sample bargains of our wheat land in northwestern Montana and will not take time or space to argue their respective merits beyond the simple statement that the locality in which we operate holds all the nation's records for quality and quantity of yield per acre of wheat, oats, barley, rye, potatoes and hay; that our wheat commands a premium from all millers; that frosted grain in this locality has never been known; that our live stock winter on the open range and top the Chicago market in March and April in competition with the corn-fed steers from Iowa.

SAMPLE BARGAINS: 280 acres; 12 miles from good town on main line of Great Northern railway; 85 miles east of our Hingham office. Every foot of this land is tillable and 50 acres are under plow and in crop, though we would not include crop at price quoted. There is a fine well and a comfortable though inexpensive set of buildings suitable for all needs. Price \$15 an acre.

Choice Wheat Ranch Near Lothair 960 acres; 3 miles from good town on main line of Great Northern railway; in Hill county, Montana; in district tributary to our Lothair office; 280 acres in crop, of which purchaser receives one-half. This land is all level and tillable and has three good sets of buildings, also living water. This land is ideal for tractor plowing and there is no better wheat land in the world. Price \$37.50 an acre.

Wheat Land In Hill County 700 acres; 15 miles from good railway town; in district tributary to our Lothair office. Every foot of this land is under plow and in crop, half of which goes to the purchaser. There is a good house, 20x20 ft. square, with an "L" 12x18, good bank barn 66 ft. long; granary, 18x40 well and 8 miles of fencing. Price \$33.50 an acre. Purchaser's share of crop may be expected to realize cost of this land to about \$25 per acre.

240 acres; 4 miles from good main line town; in Hingham district; every foot under plow and in crop; one-fourth of which goes to purchaser. This land is half mile from school and is in a highly improved district. Price \$38.50 an acre. Purchaser's share of crop should amount to close to \$15 an acre, so that the cost of this land will probably not much exceed \$20 an acre. When one considers the cost of breaking and fencing, one may easily estimate that this land is cheaper at \$13.50 an acre than raw land would be at \$12.50 an acre.

Other Tracts, Hundreds Of Them, Large or Small, Similarly Priced.

We have several large tracts at ridiculously low prices. Call at office for complete price list and full list of Umatilla and Walla Walla County buyers which aggregated over one million dollars in 1917. This list of buyers includes some of the most successful and conservative farmers in the country.
