LOCKWOOD IN ROMANTIC ROLE Star Has Congenial part in Metro's "The Landloper"

Harold Lockwood has a most congenial role as the hero in Metro's production of "The Landloper," a screen story adapted from Holman Day's novel of the same name to be shown at the Sherry Theatre last time today.

"The Landloper" is a colorful romantic drama with Mr. Lockwood enacting the role of the picturesque hero, Walker Farr. Farr is the assumed name of a wealthy young man, who, on a wager to prove his theory that any man can find the full measure of joy in life, no matter what his station, becomes a Raft of the highway.

His three months have about expired when he reaches the town of Marlow. There he finds romance and adventure. He meets Kate Kilgore. She makes a vivid impression upon him, but misunderstands his position because of his association with a little girl. The child dies of typhoid, brought on by impure water supplied by Marlow's political ruler, Col. Dodd. Farr begins a fight to compel Col. Dodd to furnish pure water and, backed by the people defeats him.

Eventually Farr's relation as god-father to the girl becomes known to Kate. When the situation becomes cleared Farr discloses his identity. Kate believes the disparity in their stations is too great, but Farr, supporting his theory, shows her that position does not mean happiness.

Farr's fight upon Col. Dodd furnishes the picture with many big dramatic scenes, while the love element between Farr and Kate is charmingly developed. A laugh provoking Christie Comedy entitled "Almost a Scandal" on the same program.

"ON TRIAL"

(Reviewed by Edward Weltzel) in Moving Picture World.

The First National Exhibitors' Circuit having chosen a screen version of Elmer L. Reinstein's novel stage melodrama, "On Trial," as its initial feature, it is now in order to record the fact that the selection is a real success. Produced by the Essanay Company and directed by James Young, the picture is just as thrilling and grips the attention just as firmly as it did on the spoken stage. The direction and the excellent acting of the cast naturally have much to do with the result. "On Trial" will be presented at the Arcade today and tomorrow with Miss Douglas featuring the picture on the organ.

SPECIAL CALL

Those working on sweaters and bags for the Army and Navy Auxiliary must have them completed and in the hands of the Auxiliary by tomorrow (Tuesday) evening, without fail, as they will be needed then. By Order Auxiliary. 5-27-1f

Fine Paint Made From Tar. The Revue des Industries Industrielles notes that a brilliant black paint which dries well and is far superior to mineral varnish may be made by mixing equal parts of coal tar with benzine or coal oil. Spread thinly with a hard brush, it penetrates the wood, which it preserves from decay, and it adheres well to metals, at the same time preventing them from rusting.

OH, YES, THEY'RE CUTE

But don't let the sprayer rust on you. Get a free Garden Book by sending to the National War Garden Commission and find out what the bugs do not like, then wheel the sprayer into the trenches.

Mr. Grain Farmer:

Are you prepared to handle your grain in bulk? Do not wait until Spring and Summer when you are buried with work and worried with labor shortage, but build your granaries now.

You can buy the lumber and roofing paper for a first-class 1000 bushel portable granary for \$54.58 and it will last for years. Sacks for the same amount of grain will cost you \$125.00 and this would be a dead loss against this year's crop.

A granary of this size can be moved anywhere and can be filled directly from the thresher, doing away with high priced labor handling and sewing sacks.

The boys in the trenches need the sacks for sand bags for the protection of their very lives and perhaps your boy is among them.

Spend your money in your own valley by buying lumber manufactured at home. When you buy sacks part of the money goes to India.

BUILD YOUR GRANARIES NOW

Be prepared by building them before the farming season opens up. Be sure to get good lumber, well seasoned, as low grade lumber will give you trouble in a few seasons. Don't use green lumber.

Save money—keep what you spend at home—prevent loss and damage from exposure to weather—leave the sacks for our boys in the trenches; help win the war by building granaries now.

Portable granaries of this type are universally used in other sections. One trip with a good team will haul the material for one granary. For particulars as well as prices on Union County lumber for all farm purposes, see
