Washington Avenue and Depot Street.
Opposite Sommer Hotel.

Mr. Grain Farmer:

Are you prepared to handle your grain in bulk? Do not wait until Spring and Summer when you are buried with work and worried with labor shortage, but build your granaries now.

You can buy the lumber and roofing paper for a first-class 1000 bushel portable granary for \$54.58 and it will last for years. Sacks for the same amount of grain will cost you \$125.00 and this would be a dead loss against this year's crop.

A granary of this size can be moved anywhere and can be filled directly from the thresher, doing away with high priced labor handling and sewing sacks.

The boys in the trenches need the sacks for sand bags for the protection of their very lives and perhaps your boy is among them.

Spend your money in your own valley by buying lumber manufactured at home. When you buy sacks part of the money goes to India!

BUILD YOUR GRANARIES NOW

Be prepared by building them before the farming season opens up. Be sure to get good lumber, well seasoned, as low grade lumber will give you trouble in a few seasons. Don't use green lumber.

Save money—keep what you spend at home—prevent loss and damage from exposure to weather—leave the sacks for our boys in the trenches; help win the war by building granaries now.

Portable granaries of this type are universally used in other sections. One trip with a good team will haul the material for one granary. For particulars as well as prices on Union County lumber for all farm purposes, see

WE CLAIM THAT:

The Chevrolet will run further on a gallon of gasoline than any other car. That it rides easier than any car selling for less than \$1,300. That it will pull any hill that any other car will pull, and outpull nine-tenths out of twenty on high gear.

PRICE \$785.00 COMPLETE

W. H. Bohnenkamp Company

Believing that a public contest would interest the motor public but wishing to make the test as general and fair as possible we accept the challenge of Mr. Anderson on the following terms: We will post \$100 with the Observer to be given to the Red Cross as follows:

\$25.00 to be given by loser of gasoline contest
\$25.00 to be given by the loser of a high gear contest

\$25.00 to be given by the loser of a low gear contest
\$25.00 to be given by the loser of decision as to riding quality of car

All the above contests to be decided by judges and all to be run with absolutely no change or adjustment of car in any way whatever. The result will then testify as to what service the average owner can expect and that is what we are interested in

A CHALLENGE!

I would like to challenge the statement of the W. H. Bohnenkamp Co. regarding the gasoline economy of the Chevrolet Motor Car. I am very anxious to meet them any time or place in public economy test and will post \$100.00 with the Observer if they will do likewise, and the loser of the contest pay his \$100.00 into the Red Cross Fund. Such a test not only to decide the economy of the two cars, but would help whip the Kaiser.
