is all figured out so accurately and
the American artillery work is at-
tended with such success that there
is some reason to believe that the
heretofore accepted myth of Ger-
man superiority is giving way be-
fore the cold fact of Yankee effi-
ciency.

"Absolutely every building in
Vaux was hit by the American gun-
ners," says a report received today.
This proficiency in the use of
guns is writing its own weird re-
cord as it did at Manila Bay and
in the chase at Santiago de Cuba
in 1898. From that day to this
the American plan has been to in-
crease in efficiency on land and on
the water. With this training,
backed up by the bunches of hus-
kies that have been going through
from Camp Lewis the past few
days there is a time ahead, and
that not very off, when the Hun
idea of super-ability in the business
of war will be literally shot to
pieces.

OVER THE NORTHWEST

Two Sentenced To Prison.
VANCOUVER, July 2.—James
Blackwell, 35, and Arthur Thomas
34, caught in the act of burglar-
izing the Sparks hardware store last
night, were this afternoon senten-
ced to serve from six months to 15
years in the penitentiary at Walla
Walla.

Linu Blaze Under Control.
ALBANY, Ore., July 2.—The for-
est fire which has been burning the
past three days about three miles
south of Gates, is believed to be
practically under control last night.
It has covered approximately 160
acres. The fire is burning at the
foot and on the north side of the
Saw Mill hill. It is located about
a mile from the nearest ranch.

Camp Lewis Ready For Recruits.
CAMP LEWIS, July 1.—Oregon
recruits now coming to camp in the
present draft are finding a cam-
paign awaiting them for training
far different from that which the
first arrivals saw when last Fall
they poured into a city of partially
constructed buildings to form the
nucleus of the 31st, or, as it has
been named, the "Wild West" Divi-
sion.

St. Helen's Hermit Insane.
ST. HELEN'S, Ore., July 1.—
Michael Pieter, for many years a
resident of St. Helen's, was recently
adjudged insane. It was known
that Pieter, who lived a hermit's
life, had accumulated some money
and officers of the court searched
the premises with the result that
almost \$4,000 in gold and curren-
cy was located hidden under the
saw floor. Valuable papers run-
ning into the thousands of dollars
were also found.

New Plane Tested.
PORTLAND, July 1.—A new
type of flying machine, which it
is believed by army men will re-
volutionize war tactics in the air,
was tested in Portland Saturday,
under the auspices of the govern-
ment, officers of the spruce pro-
duction division being at the trial.
It was pronounced a promising suc-
cess, but for military expediency
the details of construction have
been withheld. Army aviation ex-
perts were present when the tests
were made.

Government Gets Verdict.
BOISE, Ida., July 2.—A verdict
in favor of the government for \$18-
029.24 was returned Saturday night
at 11 o'clock in the big timber suit
against the Delmar Mining Com-
pany, a London corporation oper-
ating the Delmar mine in Owyhee
county.

The original amount sued for was
\$736,441.33, claimed by the govern-
ment for timber cut on the
public domain by the company's
agents from January 1, 1901 to
March 1, 1914. The case occupied
nine days and more than 60
witnesses testified.

Want Non-Partisan Votes.
BOISE, July 2.—Idaho's biennial
platform conventions held in this
city brought out some interesting
developments in both of the old par-
ties as well as the Non-Partisan
League, which may or may not
figure in the state politics this
year. It probably will, because at
least one of its cardinal principles
has been incorporated in the re-
publican party platform, which is
taken by party leaders to mean that
the latter political organization is
not adverse to league votes if the
party's candidates are willing to
stand upon the platform.

Coal Mine Closed.
MARSHFIELD, July 2.—The Hen-
ryville coal mine at Delmar, eight
miles from Marshfield, has been
closed and, report says, abandoned.
The mine was opened seven or
eight years ago by the C. A. Smith
company and operated under the
management of Patrick Hennessey
for a number of years until leased
by R. M. Jennings. Mr. Jennings
expended several thousand dollars
in improvements and developments
and then failed, the mine revert-
ing to the owners, who have oper-
ated it for the last six months.

OAKLAND DISLIKES KAISER BOOSTERS

The photograph shows men of Oakland, Cal., who recently drank toast to Wilhelm Hohenzollern. Under the watchful eyes of armed policemen they are "making little ones out of big ones" and thus working off their enthusiasm for the kaiser. The rock-crushing activities will continue for some time to come.

Forger Arrested.
PORTLAND, July 2.—Robert J.
McCombe also known as "Captain
M. Moore," who is said to have
been sought for months by the
Burns detective agency, and peace
officers throughout the West and
Middlewest, was taken into custody
Saturday afternoon in his apart-
ments in the Nob Hill district by
Inspectors Craddock and Morak of
the detective bureau and a repre-
sentative of the Burns agency. He
is accused by the authorities of
forgery and impersonating an army
officer. Mrs. Elva Mountain, in
whose possession was found a mar-
riage license indicating her to be
the wife of W. A. Mountain, who
is said to be with the Canadian
forces overseas, was apprehended
with McCombe and is being held for
investigation.

Fourth of July.
(Continued from Page One)
trians, fraternal orders, agricultural
float, farm machinery, Loyal Leg-
ion of Loggers and Lumbermen,
Grande Ronde Lumber Co. float, G.
S. Birnie, chief.

Seventh division forms on West
side of Ninth street, headed to-
wards Washington and extending
South. Consists of all comic fea-
tures. Adna Rogers, chief.

Program At The Park.
When the luncheon is ended the
program at the park will commence
and be as follows:
Band concert.

At 2:30 there will be a chorus
by the Community Liberty chorus
of 120 voices, Mrs. A. L. Richard-
son, director.

Reading of Declaration of In-
dependence by H. E. Dixon.
Reading of President Wilson's
proclamation, Geo. T. Cochran.

Selection, by Community Liberty
chorus.
Oration of the day by Dr. Joshua
Stanfield, of Portland, Ore.

Presentation of Army & Navy
Auxiliary sweaters to 47 selectives
who leave July 7th. Speaker to be
announced.

Red Cross auctions.
Orders have been issued that no
firecrackers are to be shot off any-
where in the fire district of the city,
and officers will see that there are
no infractions of the order on the
Glorious Fourth.

The ladies of the Red Cross will
serve sandwiches in their booth in the
pavilion at the park. This will be a
great benefit to those who attend the
celebration and do not care to bother
with taking lunches along with them.

The committee will furnish coffee
and cream free gratis for nothing
which is another good thing for all to
think about.

Keep the Blood Stream Pure.
Rheumatic pains, backache, swollen
joints and sore muscles often are
the results of impurities in the blood
gathering in the region affected, a re-
sult of failure of the kidneys to elim-
inate waste products from the blood
system. Foley Kidney Pills heal,
strengthen and invigorate weak, dis-
eased kidneys and Stadder, W. H. Hill,
Justice of the Peace, Detroit, Tex.,
writes: "I used Foley Kidney Pills and
say unhesitatingly that of all I have
used they are the best, and have done
the work where the rest failed." Sold
everywhere.—Adv.

A real vampire, Pauline Frederick
in La Tosca, Arade today and tomor-
row.—Adv. 7-1-21

When a convention of Quakers goes
on record for a continuance of the
war until won it certainly can be
called unanimous.—New York World.

We offer One Hundred Dollars Reward
for any case of Catarrh that cannot be
cured by Hall's Catarrh Medicine.
Hall's Catarrh Medicine has been taken
by catarrh sufferers for the past thirty-
five years, and has become known as the
most reliable remedy for Catarrh. Hall's
Catarrh Medicine acts thru the Blood on
the Mucous surface, expelling the Poison
from the Blood and healing the dis-
eased portions.

After you have taken Hall's Catarrh
Medicine for a short time you will see
a great improvement in your general
health. Start taking Hall's Catarrh Medi-
cine at once and get rid of Catarrh. Send
for testimonials, free.
F. J. CHENEY & CO., Toledo, Ohio.
Sold by all Druggists, Etc.

A WANT AD will do it.

SOME
CORSET
FACTS

There are, of course, good
corsets and bad corsets—
A good corset molds you to
its shape. You mold a poor
corset to your shape. That
is why your figure improves
under the influence of an ar-
tistically designed and well
made corset.

MODART CORSETS
Front Laced
are designed by the most
skillful and consequently the
highest paid designer in the
business.

Mr. Grain Farmer:

Are you prepared to handle your grain in bulk? Do not
wait until Spring and Summer when you are buried with work
and worried with labor shortage, but build your granaries now.

You can buy the lumber and roofing paper for a first-class
1000 bushel portable granary for \$54.58 and it will last for
years. Sacks for the same amount of grain will cost you
\$125.00 and this would be a dead loss against this year's crop.

A granary of this size can be moved anywhere and can be
filled directly from the threshing, doing away with high priced
labor handling and sewing sacks.

The boys in the trenches need the sacks for sand bags for
the protection of their very lives and perhaps your boy is
among them.
Spend your money in your own valley by buying lumber
manufactured at home. When you buy sacks part of the
money goes to India.
BUILD YOUR GRANARIES NOW
Be prepared by building them before the farming season
opens up. Be sure to get good lumber, well seasoned, as low
grade lumber will give you trouble in a few seasons. Don't
use green lumber.
Save money—keep what you spend at home—prevent loss
and damage from exposure to weather—leave the sacks for our
boys in the trenches; help win the war by building granaries now.
Portable granaries of this type are universally used in
other sections. One trip with a good team will haul the mat-
erial for one granary. For particulars as well as prices on
Union County lumber for all farm purposes, see
