Social and Personal

W. W. Randall left on No. 17 on a business trip to Peasleton.

Mr. and Mrs. Fred D. Gaskell and Mr. and Mrs. H. A. Zarbrick are registered in Portland.

Dr. W. H. Bleakney, of Walla Walla, will speak at the Presbyterian church tomorrow morning and evening.

Jack Jones, a North Powder farmer is a member of a delegation from that locality who are attending the school of instruction being conducted by Prof. Hyslop.

Mr. and Mrs. Burbridge left last evening for their home in Salt Lake after visiting Mr. Burbridge's parents, Mr. and Mrs. J. J. Burbridge, and his sister, Mrs. Don Scott.

Albert Olsen, a prominent farmer of the North Powder section, is a visitor in La Grande and in conjunction with some other matters he is taking in the grain grading school.

J. H. Minnaugh, manager of the Grande Ronde Lumber company, has returned from a visit to Portland, where he attended the meeting of the lumbermen engaged in production of aircraft lumber.

Rev. Dr. R. B. Catton, of Ohio, will speak at the First M. E. Church tomorrow night. Other service at the church will be the same as heretofore. Dr. Catton is a distinguished clergyman of Ohio.

Nearly all the expert fishermen of the locality are arranging to go out tomorrow and participate in the annual contest, which will continue over Monday and in the evening of that day will occur the big annual feed.

Miss May Murphy left this evening for Corvallis where she will resume her work in the Oregon Agricultural College during the summer. In the fall she will return to Baker where she will engage in teaching school.

Mrs. Charles Hopple, her daughter, Miss Hopple, and her young son left this morning for their home in North Yakima. They have been visiting the past week at the home of R. A. West. Mrs. Hopple is an aunt of Mrs. West.

Several cars of troops, the first to pass through La Grande in several days, were attached to the east bound train today. They were of the trained class and are en route to the Atlantic coast where they will probably be not long delayed in going across.

Judge J. W. Knowles will leave for Enterprise to preside over the adjourned term of circuit court for Wallowa county. The jurors heretofore summoned for the term have been excused and the business of the court will be confined entirely to equity matters. All the jury cases will go over until the September term.

W. Newton Clark, of Omaha, is a visitor with his father, Robert Clark at the latter's home north of Island City. The son is a mining engineer by profession, but of recent years has had charge of the sales department of a coal firm in Omaha. On his tour westward he is combining business with pleasure. His wife and child, who preceded him westward, will remain on a visit until the fall season.

YAKIMA MAN PRAISED
 Sergeant W. L. Allingham, Commanded in France.

YAKIMA, Wash., July 12.—Official notification has been received by Mr. and Mrs. Allingham from headquarters division of the American expeditionary forces that their son, Sergeant William L. Allingham, had been commended for gallantry in action in the face of the enemy in the Bois sector during the trying days of April 10 to 14 by his commanding officer, Major General Edwards. The regiment was especially mentioned by the French commandant, and a number of the officers and men received the croix de guerre.

Young Allingham was in the local company during its stay at Calexico, Cal., on the Mexican border, and was well liked by his officers and comrades.

When you try to shave yourself, you must first have a fine Razor and Razor Strop and Soap. You will always find the best of these at Silverthorn's.

GOVERNOR GIVES FIRE WARNING

SUBJECT IS PRESENTED IN WAY OF PROCLAMATION.

Local Situation Is Reported To Be Satisfactory In Spite Of Dry Season.

Lowell Williamson, Secretary of the Union-Wallowa Counties Fire Association, today received the following proclamation from the Governor:

PROCLAMATION.

Because of a general condition of drought has fallen on the State of Oregon causing an unusually serious situation which threatens the destruction of forests, grass and grain fields, I feel justified in ordering that all permits to burn issued by State Fire Wardens as authorized by Section 7, Chapter 74 of the Laws of Oregon for 1917, be and are hereby suspended and that no more burning permits be issued until further notice.

No camp fires shall be started in or near forest or brush covered lands within twenty (20) feet of any standing or down trees, brush piles, or other matter that may cause the spread of fire, and under no condition is a fire to be built until the ground is cleared to mineral soil for a distance of six (6) feet in every direction, and no such fire shall be left even temporarily until it has been completely extinguished with water.

Inasmuch as the forests are one of the State's chief material resources and of the chief sources of supply for ship timbers and material for aircraft construction now needed in the prosecution of the war, I also respectfully urge every person going into the woods during the current dry season to refrain from smoking, as any fire allowed to get beyond control is not only extremely dangerous to all classes of property but necessitates the use of labor and supplies that are so essential in other lines of endeavor under present conditions.

In testimony whereof, I have hereunto subscribed my name and caused to be affixed the great seal of the State of Oregon this eighth day of July 1918.

Local Situation Favorable.

The forest fire situation in Union and Wallowa Counties, has been most gratifying so far this season in spite of the very dry condition of the forests. County Warden Russell reports that there have been several small fires recently, but that all of them are entirely under control.

LAND OFFICE MATTERS

Papers in contest of a homestead right were filed in the land office this morning in the case of Stephen J. Hill against Frank S. Stookey. It is alleged the homestead has been abandoned. The lands lie in Umatilla county.

Louis C. Hall, of Prescott, Washington, filed an application for a homestead which was allowed.

The application for a homestead filed by William F. Burke, was rejected as being in conflict with the rights of others in same lands.

BIG CROPS AT HOT LAKE

Cashier Tom Scroggin, of the United States National Bank, stated this morning that he had just received a very pleasant visit from Cato Johns, brother of Supreme Court Justice Johns, who had come over from his ranch in the Hot Lake district.

Mr. Johns told about his big crops this year, and said: "I will harvest the biggest crops this year I ever produced on that farm."

DIZZINESS IS ANNOYING

As Many La Grande People Know Too Well

When the kidneys are weak or disordered they fall behind in filtering the blood of poisons. As these poisons attack the nerves, the result is felt in spells of vertigo, just as drunkenness will make a man dizzy from the poisoning of alcohol. Dizziness, headache, backache and irregularity of the kidney secretions are all signs of weak or disordered kidneys and should not be neglected. Use Doan's Kidney Pills, the home-endorsed kidney remedy. Read this La Grande resident's statement:

Mrs. G. L. Johnson, 89 Spring St., says: "I have been subject to kidney disorders at times which has caused a dull pain across the small of my back. My head has ached and I would get so dizzy I could hardly walk across the floor. During an attack my kidneys have acted irregularly and I have felt miserable in every way. After I have taken a box or two of Doan's Kidney Pills, however, I have been freed from all kidney trouble. My back would stop aching, my kidneys would act regularly and in every way I would feel as well as ever."

New Arrivals in Street Suits

Are they made of silk or are they of wool? That is the question that glues our eyes to the new showings of suits and leads us to take many an extra step for a closer view. It turns out that many of the suits for mid-summer are made of new weaves in silk fabrics that are soft and supple and have little luster, so they keep us guessing. Besides the all-silk fabrics there are silk and wool mixtures, all of them calculated to make us forget to deplore the scarcity of wool. In case the government should see fit to commandeer the wool production it will be no hardship to wear these new fabrics.

There are many belted models in the new modes and many coats open over triple-looking pique vests. Uneven lengths, cleverly applied buttons and unusual pockets are features that tone up their style—fine points in the technique of making. Skirts grow narrower and remain plain. Fashion still finds slenderness adorable and designers have grown marvelously clever in fashioning suits along such trim lines that they suggest slowness even on a plump figure. This bit of camouflage is well worth considering.

The suit pictured might be made of one of the new silks or silk and wool mixtures, and it would be effective in ponce or poplin or in light weight wool materials. It embodies the salient features of the season's modes for mid-summer with its coat pointed at the bottom and belted about the sides and front and its covered buttons applied in rows to the sleeves. Two of them at each side are slipped through actual button holes so that the belt across the front fastens on either side.

SEVEN KILLED IN CAR WRECK

STREET CAR MOTORMAN ARRESTED—IS BLAMED FOR SMASH.

SAN FRANCISCO, July 13.—(By United Press.)—Seven men were killed and nine others seriously injured when a Vistacon Valley St. car jumped the track on a curve and overturned. Motorman Sweetman was arrested.

The car was crowded with workers going to their shop, and it is charged that the motorman was speeding. The car was completely wrecked.

WILL LECTURE AT CHURCH

Mrs. Minnie Priest Dunton Gives Discourse Tomorrow Afternoon. Mrs. Minnie Priest Dunton will give a lecture at the M. E. church tomorrow afternoon at 4 o'clock. The subject will be "Thoughts," a theme that is spoken of in the highest terms of praise by the press of Boise, which is Mrs. Dunton's home.

Mrs. Dunton is the mother of a soldier who is in the service and her remarks will be directed along channels of patriotism that will interest everyone.

SPECLATING ON DRIVE

War Expert Believes Move Will Be toward Paris.

NEW YORK, July 13.—Persistent French attacks between the Aisne and the Marne strongly suggest that General Foch believes Von Hindenburg's next offensive, if it materializes at all, will be directed against Paris. The Aisne-Marne front is the best jumping off place for an advance on Paris. This is especially true of the northern sector. It is here, east of

the Villers-Cotterets forest that General Foch has lately concentrated his efforts to improve his local positions. Today's official French report announces still another victory in this district which may well be regarded as the outer defenses of Paris.

The Villers-Cotterets forest is the most valuable defensive area in General Foch's possession between the Aisne and the Marne. The Germans have advanced to the eastern fringe of the forest, but are now being shoved back at important local points. These successful assaults by General Foch are adding to the defensive security of the French positions, but they also gravely interfere with such preparations as Von Hindenburg may be making for a drive in that area.

The Villers-Cotterets forest splendidly protects the principal railway running from the Aisne-Marne front to Paris. There is an admirable path for a quick dash toward Paris some twelve miles wide between this railway and the Oureq and Marne rivers which form a continuous stream. If Von Hindenburg could penetrate through the forest he would have overcome the chief obstacle to seizing this runway to Paris.

Thereafter the French would have no natural defenses to assist in the frontal defense of their capital. They would have to rely largely on threatening the two German flanks near Compiègne and Chateau Thierry. These threats certainly would develop new complications for Von Hindenburg. But with the Villers-Cotterets forest in the enemy's possession, the allies' task would be seriously increased. General Foch, therefore, intends to make sure that Von Hindenburg's line remains to the east of the forest and such is the purpose of his present activities.

Optimistic Thought.
 Reviewers are forever telling authors they can't understand them. The author might often reply: "Is that my fault?"

Keep the Blood Stream Pure.
 Rheumatic pains, backache, swollen joints and sore muscles often are the result of impurities in the blood gathering in the region affected, a result of failure of the kidneys to eliminate waste products from the blood system. Foley Kidney Pills heal, strengthen and invigorate weak, diseased kidneys and bladder. W. H. Hill, Justice of the Peace, Detroit, Tex., writes: "I used Foley Kidney Pills and say unhesitatingly that of all I have used they are the best, and have done the work where the rest failed." Sold everywhere.—Adv.

BEST IN THE LONG RUN

Who Wore the First U.S. Uniform?
THE "First-to-Fight" Boys. The U.S. Marines.
 Before the Continental Congress authorized and uniformed either Army or Navy, it mustered into regular service on November 10, 1775, two battalions of American Marines.
 Goodrich, too, "does it first." But whether Goodrich was making the first American pneumatic tire, the first American clincher tire, or the first American cord tire, Goodrich was always building.

GOODRICH SERVICE VALUE TIRES

SERVICE VALUE in a tire is its value to you on your car and on the road in speed, easy riding, gasoline economy, freedom from tire trouble, and mileage.
 And all Goodrich experience, research, skill, and integrity in tire making, and all Goodrich inspection labor year in and year out to put SERVICE VALUE in Goodrich Tires, and keep it there, SILVERTOWN CORDS and BLACK SAFETY TREADS.
 And Goodrich Test Car Fleets mail it through millions of miles of road testing to prove it is there.
 When you see Goodrich on tires, you know they have SERVICE VALUE.
 Buy them and trust them. They will not fail you.
