PIG CLUB TO BE ORGANIZED

EFFORTS OF GIRLS AND BOYS TO HELP WIN THE WAR.

Secretary of The Y.M.C.A. Will Explain The Proposition And How To Get A Start.

WANTED—Twenty five boys and girls, or more, if they can be found in Union County, to join the Y. M. C. A. Boys and Girls Pig and Chicken Club, which will hold its first meeting in the Y. M. C. A. hall in La Grande, near Thursday evening at 5 o'clock.

Here are the names of a few boys who have already started in to raise pigs:

Leone Tiffany, who has three pigs; Kenneth Fleishman, one pig; Clyde Wilson, who has two big pigs; and Millard Stacy, with one.

Vernie Severs, a little girl of La Grande, is going to undertake the raising of chickens.

Don't forget to be at the Y. M. C. A. hall in La Grande on Thursday evening. Secretary Prince, who is assistant extension leader while the county school superintendent is on her vacation, will explain how to get the necessary money with which to start business.

There is just one thing that is insisted on, besides a letter from your parents or teacher, a contract must be made with the parents that each boy or girl shall have all the profits arising from the raising of pigs or chickens, and of course that is only fair to the boy or girl who is to do all the work.

RESIDENT HAS AWFUL EXPERIENCE

It was twice confined in hospitals, in the last one suffering but cruel water was injected into his four legs a day, at my stay a small net retained any food, I suffered terribly; was reduced to a skeleton. My folks saw an ad of Dr. J. W. Wonderful Remedy and it has truly saved my life. I weigh 180 lbs. now. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere.—Adv 7-16-18

SOLDIERS' INSURANCE

Generous Provisions Are Great Strength to Fighters
Secretary McAdoo has received the following cablegram from Gen. Pershing:
"All ranks of the American Expeditionary Forces appreciate deeply the generous measure the Government has taken to provide insurance for their families, in proof of which more than 90 per cent of men have taken out insurance. To wisely provision for their loved ones heartens our men and strengthens the bonds that unite the Army and people in our strong determination to triumph in our most righteous cause."

The Bureau of War-Risk Insurance up to June 28 has issued \$21,565,000 insurance, representing 2,570,455 applications. The average amount of insurance applied for is \$8,387, and in some battalions and regiments, some in France and some here, every man has taken out insurance. In some units every man is insured for the maximum \$10,000.

One of the American generals says that this Government insurance is an element of victory. All Liberty Bond holders and all purchasers of War Savings Stamps may feel that they had a part in this insurance—the most just and humane provision ever made by any nation for its fighting men.

FREE TREATMENT

Portland Opens Dispensary and Social Disease Clinic

PORTLAND, Ore., July 16.—When the Portland Free Dispensary opened its social disease clinic today this city began on a large scale to control venereal diseases.

The city health board has a long list of men and women, boys and girls who will obtain treatment at this clinic. Several hundreds are on the list, said Dr. George Parrish, city health officer, but as many as wish may take treatment elsewhere.

All physicians are required to report such cases to the clinic. If patients who once commence treatment in Portland do not continue until a cure is effected, they will be forced to leave the city.

The police are co-operating and dances, night parties, joy riders and the parks are being watched closely.

Treatment will be given free to all poor people and others will be expected to pay a nominal fee if treated at the free dispensary.

Probably.

J. G. Snodgrass

Mr. Grain Farmer:

Are you prepared to handle your grain in bulk? Do not wait until Spring and Summer when you are buried with work and worried with labor shortage, but build your granaries now.

You can buy the lumber and roofing paper for a first-class 1000 bushel portable granary for \$64.58 and it will last for years. Sacks for the same amount of grain will cost you \$125.00 and this would be a dead loss against this year's crop.

A granary of this size can be moved anywhere and can be filled directly from the threshing, doing away with high priced labor handling and sewing sacks.

The boys in the trenches need the sacks for sand bags for the protection of their very lives and perhaps your boy is among them.

Spend your money in your own valley by buying lumber manufactured at home. When you buy sacks part of the money goes to India.

BUILD YOUR GRANARIES NOW

Be prepared by building them before the farming season opens up. Be sure to get good lumber, well seasoned, as low grade lumber will give you trouble in a few seasons. Don't use green lumber.

Save money—keep what you spend at home—prevent loss and damage from exposure to weather—leave the sacks for our boys in the trenches; help win the war by building granaries now.

Portable granaries of this type are universally used in other sections. One trip with a good team will haul the material for one granary. For particulars as well as prices on Union County lumber for all farm purposes, see

ARCADE

"POLICE COULDN'T CATCH A COLD" SAID THIS MAN

The result is a \$29,000 bet as is disclosed in picture "Believe Me, Xantippe" at Arcade today only.

The police are a bunch of over-fed house cats. They couldn't even catch a cold. That was George MacFarland's irritated remark after his rooms in New York were robbed. And he offered to back up his opinion with a bet of \$29,000 that he could commit a crime, and elude the police for a year.

His friends accept the wager and arrange to have MacFarland forge the name of one of them to a check. He does so, disappears, and the game is on. Later a pretty girl comes into the story.

If you want to find out who won the bet go to the Arcade theatre today when "Believe Me, Xantippe," this latest Paramount picture, starring Wallace Reed with Ann Little, will be shown.

"THE MAID OF BELGIUM" AT ARCADE

"The Maid of Belgium" is the attention riveting title of the new World-Picture Brady-Made in which Alice Brady will appear as the star at the Arcade Wednesday and Thursday. The picture tells the story of a Belgian refugee brought to America by wealthy Americans who find her half crazed by the destruction of her home and the loss of her friends and relatives. Adoree is her name and she is brought to America by the Americans. There her childish ways and her sweet winsomeness arouses a desire in the heart of the man for a child of his own. His wife promises that the deepest desire of his heart will be fulfilled when he returns from a necessary trip of several months duration to Cuba. While he is gone a child is born to Adoree and Adoree is induced to part with it as the American woman promises that she will care for the infant tenderly. When the man returns from Cuba, Adoree's child is presented to him as his own. The shock of losing her own child restores to Adoree the memory which she had lost at the destruction of her home. She recalls her marriage and the sudden departure of her husband to the front. Adoree's child is finally given back to her and she is reunited to her husband, who has come to America to secure funds for the Belgian relief. Miss Brady has a vital and highly emotional role which she portrays with her customary success. "The Maid of Belgium" is a glittery success. See it.
