ARCADE

DOUGLAS FAIRBANKS AT ARCADE TODAY.

Genial Athletic Aircraft Star Portrays Novel Role.

Whenever Douglas Fairbanks appears in a motion picture, he is a daring "cut-up" whose antics and genial good humor not only excite merriment, but add to his popularity as an entertainer of the highest class. In his latest photocomedy, Mr. Fairbanks is a regular parlor "cut-up," as well as a fighter in the slums, and his characterization is no less enjoyable than are those quaint Western creations with which his name has been so long and agreeably associated.

In his newest vehicle, Mr. Fairbanks is a genial laughing philosopher, who believes in happiness and who teaches the doctrine that they are happy who bring happiness to others. In accordance with this belief he becomes a fixer of things in general, and as "MR. FIX-IT," he attempts to straighten the mental woes of twe young women, who are unhappily enmeshed in a love affair. He causes several amusing mix-ups, but he emerges happily from the complications which necessarily ensue.

All who have seen Mr. Fairbanks in his recent pictures will appreciate "MR. FIX-IT," which is to be presented at the Arcade Theater tonight. It is said he does several original feats, the nature of which, because of their novelty and attractiveness, has not been disclosed.

SHERRY'S

MAE MARSH IS HEROINE

"Fields of Honor," the new Goldwyn Picture starring Mae Marsh, which will be seen at the Sherry Theater, last showing today is a screen version of the popular story of the same name that appeaeed in the Saturday Evening Post.

It details the history of Marie Messereau, a little French girl who arrives in America seeking better things, only to find for a time that everything seems to be against her. First her brother is called back to the colors of his naive land. Then her sister is taken violently ill and the doctor orders that she be sent to the country, which the slender recources of Marie cannot afford.

When she thinks she has found happiness in the arms of Robert Vorhis, the son of a wealthy judge who has fallen in love with her, a friend of Robert whose advances she has spurned, takes revenge by telling Robert's parents that she is a fallen woman. Of course, she is not that, but her scant knowledge of English and of American ways is against her. Thereupon Robert yields to the urging of his parents that he go to California for a few weeks and try to forget her.

Word comes that Marie's brother in the French army, and her sister's sweetheart, in the German army, have died on the battlefield. This is the last straw for the fragile sister, and she collapses. Marie goes for the doctor, and he advises that the sister be taken to a charitable home for tuberculosis patients. Marie goes forth without the address, but hoping to find the house by asking her way. This leads a detective to suspect and arrest her.

The outcome of this situation is one of the most thrilling parts of the play.

Douglas Fairbanks

in "MR·FIX-IT"

An ARTCRAFT Picture

Mr. Grain Farmer:

Are you prepared to handle your grain in bulk? Do not wait until Spring and Summer when you are buried with work and worried with labor shortage, but build your graneries now.

You can buy the lumber and roofing paper for a first-class 1000 bushel portable granary for $54.58 and it will last for years. Sacks for the same amount of grain will cost you $125.00 and this would be a dead loss against this year's crop.

A granary of this size can be moved anywhere and can be filled directly from the thresher, doing away with high priced labor handling and sewing sacks.

The boys in the trenches need the sacks for sand bags for the protection of their very lives and perhaps your boy is among them.

Spend your money in your own valley by buying lumber manufactured at home. When you buy sacks part of the money goes to India.

BUILD YOUR GRANARIES NOW

Be prepared by building them before the farming season opens up. Be sure to get good lumber, well seasoned, as low grade lumber will give you trouble in a few seasons. Don't use green lumber.

Save money—keep what you spend at home—prevent loss and damage from exposure to weather—leave the sacks for our boys in the trenches; help win the war by building granaries now.

Portable granaries of this type are universally used in other sections. One trip with a good team will haul the material for one granary. For particulars as well as prices on Union County lumber for all farm purposes, see

The George Palmer Lumber Co.
