Don't Always Blame the Telephone Operator When You Are Called By Mistake

Were you ever called to the telephone when another number was wanted?

When this occurs, the operator, to be sure, may have humanly erred by ringing on the wrong line. More often, however, it is the fault of the person making the call.

People often ask for 456, for example, when 546 is wanted and then either "hang up" when the mistake is realized or become impatient when the wrong person answers.

Unfamiliarity with the work of telephone operating often prompts unjust criticism. Please don't forget the earnestness of the operator's effort when some occasional service difficulty does arise.

Sheriff's Tuesday and Wednesday, "Over the Top." 7-19,21

One Day at a Time.
Pile three hundred and sixty-five panes of transparent glass one upon the other and try to look through them. Nothing but lousy blackness. Take from the pile one pane, look through it, and all is clear. Then as we face a time, with all its days piled one upon the other, all is darkness. Each morning, if we take off from the pile of days that one which comes first, we are enabled to see our duties clearly and live out our responsibilities faithfully. We cannot live the second day before the first or more than one day at a time.

Influence and Example.
The blossom cannot tell what becomes of its odor, and no man can tell what becomes of his influence and example, that roll away from him and go beyond his ken in their perilous mission.—Becher.

Cause of Dependency.
Dependency is often caused by indigestion and constipation, and quickly disappears when Chamberlain's Tablets are taken. These tablets strengthen the digestion and move the bowels.—Adv.
