## THE SPIRIT OF COOLNESS in the home circle

How often a meal that has been prepared with great care is almost spoiled because one is too hot to enjoy it. An electric fan set at the low speed furnishes a gentle breeze, cooling and refreshing, adding to the enjoyment of any meal. Then, too, at bedtime its soothing coolness brings sleep and rest that means a clear head the next day. Will you do without these comforts when you can buy a fan for \$5.85. It only costs one-sixth of a cent an hour to operate.
