SHERRY'S

MARY GARDEN IN "THAIS."

Opera Star Appears in Sensational Version of Famous Novel.

Mary Garden, probably the most famous woman in the world, will be seen at the Sherry Theater on Thursday and Friday in "Thais," a Goldwyn photoplay from the same sensational novel by the great French writer, Anatole France, that was the basis of the opera in which she made her debut in America as a prima donna. "Thais" also marks the first appearance of Miss Garden in motion pictures.

Throughout the operatic career of the great diva, she has been noted almost as much for her remarkable acting ability as for her magnificent voice; so her advent on the screen is far more than just the exploitation of a famous woman. The story in which she appears on the screen, "Thais," is the work of one of the greatest living French writers, Anatole France; and his permission to present his famous story in cinematographic form, was secured only on condition that Miss Garden would appear in it. M. France was already familiar with her interpretation of his heroine through her work in the opera. Also a comedy.

ARCADE

PERSHING'S CRUSADERS.

The Committee on Public Information, Division of Films, of which Charles S. Hart is director, will offer at the Arcade for two days starting Wednesday, the first official United States war film entitled "Pershing's Crusaders" in eight reels. This feature has been photographed by the United States Signal Corps and Navy photographers and cameramen of the French General Staff. It shows how every man, woman and child is helping Uncle Sam, with interesting scenes showing the progress being made in shipbuilding, aeroplane construction and gun and ammunition making as well as interesting phases of cantonment training. The big feature of this picture, however, is that portion which, following the flag to France, gives the very latest news of what our boys are doing in the front line trenches and all over France. There will also be shown in this film a number of stirring scenes which have been taken for the governments of France and England, covering phases of American activities abroad. As all of the war pictures now being made are controlled by this committee, the film will be the first to show the true conditions now prevailing where Americans are on the fighting line. There will be daily matinees.

Doing Good.

Few medicines have met with more favor or accomplished more good than Chamberlain's Colic and Diarrhoea Remedy. John F. Jantzen, Delemy, Sask., says of it, "I have used Chamberlain's Colic and Diarrhoea Remedy myself and in my family, and can recommend it as being an exceptionally fine preparation."

A fine razor or razor strap is a great necessity that almost every man must have. If you need such articles, you are bound to be pleased with those that Silverthorn's has on sale. All are of the best brands of manufacture.

JOSEPH CHILD DROWNED IN IRRIGATION DITCH

LA GRANDE PEOPLE VISITORS AT LAKE—JOSEPH FARMER RETURNS FROM OKLAHOMA—RED CROSS ALLOTMENT HAS BEEN SENT OUT.

JOSEPH, July 29.—(Special.)—One of the saddest accidents which ever occurred in Joseph was the death of little Cecilia Murray, the 4-year old daughter of Mr. and Mrs. F. P. Murray, who was drowned in an irrigating ditch near Joseph about noon on Saturday. The child and her brother were playing near the ditch when the boy, Mike, age 10, attempted to lead her across on a plank. The baby slipped and fell in, striking her head on a rock, which rendered her unconscious. The boy jumped in after her, but became entangled in some barbed wire and was unable to reach her. The body was found several miles out in the country, near the Sam Foster place. She was taken from there to the hospital in Joseph, where an attempt was made to resuscitate the child but to no avail. The funeral took place Monday morning at the Catholic church, Father Stack officiating.

The mother was sick at the time of the accident and gave birth to a baby boy the same day that the accident occurred.

E. T. Schuler left Monday for Portland where he went to arrange for getting a new picture machine.

L. Yanson, wife and son, T. J. Scroggin, wife and daughter, and J. J. Carr and wife all of La Grande spent the week end at Wallowa Lake Park.

T. Phy of Hot Lake was a weekend visitor at Wallowa Lake Park. Mr. Phy is the son of Dr. Phy, of the Hot Lake Sanatorium.

Patrik Mullon, who was registered at Stockton, Missouri, left with the Wallowa County draft quota last week, having been transferred.

Word has been received that John Decker has arrived in France with his company.

Miss Belya Hamilton went out to La Grande last week to attend the wedding of her friend Miss Jeanne Patten.

N. B. Sandlin, a former barber of Joseph returned recently with his family and his parents from Oklahoma, where he spent the winter farming. Just before coming back he harvested his cotton and corn crop and sold out, in order that he might take better care of the ranch which he owns near Joseph.

Mrs. J. P. Cochran and her little daughter, Dayal, left the first of the week for their home in Ontario, after spending two weeks visiting

GIRLS BUILDING PLANES FOR OUR NAVY

The work of women and girls in airplane factories has proved a boon to the nation's war industry, since the making of planes involves the fitting and assembling of a great many small parts. These girls are helping to build hydroplanes for the navy in a factory near Washington.

their husband and father here.

The July allotment of Red Cross supplies for Joseph was shipped the first of the week. It consisted of 50 sweaters and 50 pairs of socks.

Frank Thomas of La Grande arrived in Joseph the first of the week to take the place of Assistant Station Agent at the local depot.

WOOL CONSUMPTION.

Department Of Agriculture Report Shows Fall In Wool Used.

WASHINGTON, D.C., July 31.—Less wool was used by manufacturers in June than in May, according to the monthly wool consumption report just issued by the Bureau of Markets. June consumption was 65,260,000 pounds, grease equivalent, compared to 74,600,000 pounds in May; 70,790,000 pounds in April; 71,900,000 in March; 62,700,000 in February; and 65,100,000 pounds in January.

Stocks of wool consumed in June by classes, in pounds, were: Grease wool, 37,997,749; scoured 14,639,900; and pulled, 2,322,775. Consumption by States for all wool in pounds, was: Massachusetts, 22,965,959; Rhode Island, 6,283,539; Pennsylvania, 6,267,300; New Jersey, 5,338,880; New York, 3,634,704; Connecticut, 1,839,461; Ohio, 1,513,661; New Hampshire, 1,381,498; Maine, 848,627; and all other States, 2,260,395.

Out of 579 schedules sent to manufacturers 505 reported stocks of wool used in June, 57 no wool

consumed, and 4 stated that material used consisted of tops, yarns, and waste. Schedules from four firms were not received at the time tabulations were completed; these four concerns have a combined capacity of 10 sets of woolen cards and 5 worsted combs.

Memories of the Crowded City.

"This ark is terribly crowded with all these animals aboard," remarked Taphet. "Yes," replied Shem. "And it's lonely at that. It makes me think of one of those apartment houses where they let people have all kinds of pets and won't admit children."

Not as Progressive.

A scientific magazine says the motor car has passed out of the experimental stage. True, but what a pity it is that as much cannot be said of the drivers of motorcars.

The new drink for five cents—Alicola—at Silverthorn's fountain. 7-29tf

Cause of Despondency.

Despondency is often caused by indigestion and constipation, and quickly disappears when Chamberlain's Tablets are taken. These tablets strengthen the digestion and move the bowels.—Adv.

Mr. Grain Farmer:

Are you prepared to handle your grain in bulk? Do not wait until Spring and Summer when you are buried with work and worried with labor shortage, but build your granaries now.

You can buy the lumber and roofing paper for a first-class 1000 bushel portable granary for \$54.68 and it will last for years. Sacks for the same amount of grain will cost you \$125.00 and this would be a dead loss against this year's crop.

A granary of this size can be moved anywhere and can be filled directly from the thresher, doing away with high priced labor handling and sewing sacks.

The boys in the trenches need the sacks for sand bags for the protection of their very lives and perhaps your boy is among them.

Spend your money in your own valley by buying lumber manufactured at home. When you buy sacks part of the money goes to India.

BUILD YOUR GRANARIES NOW

Be prepared by building them before the farming season opens up. Be sure to get good lumber, well seasoned, as low grade lumber will give you trouble in a few seasons. Don't use green lumber.

Save money—keep what you spend at home—prevent loss and damage from exposure to weather—leave the sacks for our boys in the trenches; help win the war by building granaries now.

Portable granaries of this type are universally used in other sections. One trip with a good team will haul the material for one granary. For particulars as well as prices on Union County lumber for all farm purposes, see

The George Palmer Lumber Co. LA GRANDE, OREGON
