SAW MILL FIRE IS SUBDUE—MISS SYLVIA HUGHLEY IS IMPROVING—COMBINES AT WORK IN GRAIN FIELDS.

NEW SERIES OF SHOOTS INAUGURATED AT HOT LAKE

HANDICAP MATCHES WITH SAVINGS STAMPS AS REWARD—NEW HUNABOT AT SANATORIUM—CORPORAL JOHNS IS ON FURLOUGH.

HOT LAKE, Aug. 2.—(Special.)—A new series of shoots was inaugurated at the Sanatorium traps today. The last event, shot off in four weekly shoots, was finished last Friday, when Dr. Phy, with a handicap of 8, Lou Rayburn handily defeated at 4, being his nearest rival, won the handsome silver cup which was shot for during the four weeks previous.

The handicappers met today and handed out an entirely new handicap as follows: Lou Rayburn and Dr. Phy are each allotted 4 birds in 100 shots, Frank Lilley in on the 32 mark, J. J. Carr (Old Blue Rock) and G. L. Larison each on the 28 mark, and T. J. Scroggins, handicapped at 40, giving the latter 60 birds to kill out of 100 shots to give him a score of 100 points.

C. D. Putnam is in receipt of 28 points in the handicap.

Tonight's shoot was for a bunch of War Savings Stamps, Frank Lilley drawing first money and Lou Rayburn second. The remainder of the contestants also shot, but no very good shooting was recorded.

Cato Johns, the grain buyer, accompanied by Mrs. Johns, motored today to Baker to meet their son, Cato Jr., who tonight will arrive in Baker from Salt Lake, where he has gone as escort to a military prisoner being removed from Fort Wright, Spokane, to the military prison at the Utah capital. Corporal Johns passed through here Wednesday on train No. 4. After a few days in Baker, Corporal Johns will come on to Hot Lake to stay a few days of his leave before rejoining his regiment the 114th Infantry at Fort George Wright.

There are many cars and "near" cars always on and around the premises of the Sanatorium and the latest to be registered there is the property of Jimmie Dongall, the Sanatorium engineer, who has become the possessor of what is confidentially stated as the first and original "Saxon" four-wheeled roadster. Jimmie says it's a runabout because it will run—about so long and then—

Yesterday Dr. Phy, accompanied by his son Mark tramped over the Telocaset hills on a hunt for sage hens. The doctor says he saw three birds and got two of them.

IT'S IN THE AIR.

Windblown pollen, carrying the bacteria that inflame nose and throat and cause hay fever, is a-broad in the land. One remedy is known to give relief and comfort from choking, gasping asthma and tormenting hay fever. That reliable remedy is Foley's Honey and Tar that spreads like a healing, soothing coating on the inflamed membranes, stops irritating coughs and summer colds. Anyone who has once used this standard cough and cold remedy will accept no other.

Time's Balance.

Things have a way of balancing themselves in this world. For instance, in winter snow comes down, and in summer ice goes up.

ACQUIRING A PERFECT FIGURE

Most women who have perfect figures did not have them originally. They have acquired them. A woman gradually takes the shape of her corset so the corset produced by the most artistic designer is the right one to wear to secure a perfect figure.
