When You Have Extra Help

Carnation makes everything you cook
taste better.

What a boon in hurried, hot days is the
everready Carnation can on your pantry shelf!

is just clean, sweet milk, brought fresh every morn-
ing to our fifteen plants and there evaporated to the
consistency of cream and sterilized to preserve its
wholesomeness.

For tea and coffee use it undiluted, just as you would
cream. Use it in the same way on fruits and cereals.

Lots of good housekeepers, in times of stress like
harvest, just punch two holes in the top and set the
comely can on the table.

Always keep a case or two of Carnation in your
storeroom—and you have the right "Answer to the
Milk Question."

KNITTERS, BEHOLD IT!—THE BAGASOLL

And now comes the latest
creation for the patriotic and
well-dressed young lady—The
Bagasoll, a parasol and knit-
ting bag all in one.

Above you see it opened—
and it is an adorable two-tone
parasol with the cunningest
of ruffles.

Below you see it closed—
and it is a knitting bag, ex-
hibiting the regular shape,
with ivory handle-rings, and
all.

U. S. WANTS MEN OF JUDGMENT.

Men With Broad Business and Pro-
fessional Experience Needed.

CORVALLIS, Aug. 8.—Response
to the call of the Government for
applicants for admittance in the new
Central Officers' Training Schools
has been general and several Ore-
gonians have applied. A special ap-
pel is now being made for older
men of mature judgment to train
in field artillery work at Camp
Zachary Taylor, near Louisville,
Ky., according to word just re-
ceived at the Oregon Agricultural
College by Captain T. P. Mad-
kins, professor of military science
and tactics in the College, who has
been especially designated as a re-
presentative of the Government to
receive applications.

"Older men of mature judgment
gained through wide experience in
business and professional life are es-
pecially desired," says Lieutenant
Colonel Arthur H. Carter, command-
ing officer at Camp Zachary Taylor
in a communication to Captain Mad-
kins. "Such men need not hesitate
to enter this school because on
graduation they cannot be commis-
sioned above second lieutenants, as
promotion will be by selection and
should be rapid if they demonstrate
ability."

"Until further notice you may re-
ceive applications from men of busi-
ness affairs, both within and above
draft age, giving them assurance
that if accepted they will be called
to this school within one week of
the date they specify they wish to
enter, providing said date is not
more than one month from the
date of application."

"We have made arrangements
through the Chief of Artillery where-
by we can have men ordered to this
school whose applications we have
accepted, but who have been drafted
before it was possible to have them
inducted into the service."
