NOT PULLING TOGETHER.

The problem of everybody pulling together for our community will remain unsolved unless you turn your machine ground. We have here, in our community, people who are for Home first, last and all the time. To get the interest of those who have made it a habit of patronizing the out-of-town houses is the object.

No project has ever been a success without everybody's co-operation, nor battles won, by dividing energy. Be a patriot by pulling with those whose aim it is to make a success of our city. It is your duty as a citizen to Get Behind and Push as much as it is the other fellow's—BUY AT HOME.

The Angry Tree. In Australia there grows a species of acacia commonly called the "angry tree." It reaches the height of 80 feet, after a rapid growth, and in outward appearance somewhat resembles a gigantic century plant. When the sun sets the leaves fold up and the tender twigs coil tightly, and if the shoots are handled the leaves rustle and move uneasily for a time.
