ARC ADE

VIVIAN MARTIN TODAY,
KITTY GORDON, TOMORROW.

Down on Cape Cod, close to the sea, there once lived two old sea Captains, Zeke and Shad. Joseph C. Lincoln, author of many a wholesome, whimsical Cape Cod story, first brought the old Captains and their adopted niece, "Mary Gusta" to life between the covers of a book, but recently the Paramount director, Roland Sturgeon, has given them being in screen land and all three may be seen at the Arcade theatre in the Paramount production, "A Petticoat Pilot," for the last time today, also a laughable Lloyd Comedy.

Mary Gusta, played by Miss Martin, is a fanciful young lady of some twelve summers when the story opens up, being left an orphan, is adopted by the two gruff old captains. She promptly takes them with a rod of iron and a particularly winsome smile which she knows how to use with the most disastrous consequences to the vaunted will power of her "guardian."

Fast growing to young ladyhood, Mary Gusta at last loses her heart to a young Harvard man spending a summer at the little Cape Cod town. This is Crawford Smith, son of the Captain's old partner, who ran away with the firm's money, and the wife of one of his partners, Captain Zeke, who was also the stater of Captain Shad.

The bitterness of this memory had caused the hearts of the Captains to remain crusty and suspicious of human nature in general until Mary Gusta came into their lives. The awesome "beat parlor" where relics of their younger days was kept a profound mystery, no one being allowed to enter. One of Mary Gusta's few childhood memories of harshness on their part, when she and one of her playmates discover a photograph of the member of the disrupted firm, and asks about the missing member.

is evident that in "The Beloved Adventurers" the film fans will see an entertainment of exceptional merit.

SHERRY'S

FAMOUS FILM TO COME TO LA GRANDE

Manager Trull of Sherry Theatre Books "Les Miserables." K. L. Burk representative of the Fox Film Corporation, was in La Grande yesterday visiting with Mr. H. G. Trull, manager of the Sherry theatre. During Mr. Burk's stay here Mr. Trull booked "Les Miserables," the screen production of Victor Hugo's masterpiece. This is a picture production that will appeal to all. The story has been translated into all languages and is recognized by all nations, as one of the greatest stories ever written, and is one of the most vivid dramas of humanity ever portrayed.

One of the best characters in the history of literature is Jean Valjean, hero of the story. This part is portrayed by William Farnum, one of the greatest actors in screen life today. While no definite date has yet been arranged for the showing of this picture it is expected that it will arrive in the near future.

"CAVANAUGH" ONE OF HAMLIN GARLAND'S BEST STORIES.

"Cavanaugh of the Forest Rangers," the Vitagraph Blue Ribbon feature, which will be the attraction in the Sherry theatre today and tomorrow, is a rugged romance of the Western plains in the troublesome days of the cattle rustler, adapted from the widely read story, "Cavanaugh, Forest Ranger," by Hamlin Garland. Director William Wolbert has turned out a masterpiece, and worthy of special mention are the scenes filmed in the big pines about Mount Wilson, in California, a settlement of cabin built for this picture.

Nell Shipman and Alfred Whitman, who did such excellent work in the recent Blue Ribbon release, "The Wild Strain," are again admirably cast in this swift-moving drama, also a comedy.

Rapidity of Wireless. It takes but one-twentieth of a second for a wireless signal to pass from Washington to San Francisco.

Safety Matches Cause of Disease. "Four writers in turn," says the Ekgeskrift for Laeger, Copenhagen, "describe cases of eczema which they were unable to explain in the otherwise healthy patients until they learned of Rasch's experience with local poisoning of the skin from the use of a certain brand of safety matches. In most of the patients the burn was on the thighs corresponding to the trousers pockets in which they carried the match boxes."

Tilling the Soil. No race can prosper till it learns that there is as much dignity in tilling a field as in writing a poem. It is at the bottom of life we must begin, and not at the top. Nor should we permit our grievances to overshadow our opportunity.—Booker T. Washington.

Interesting Discovery. The Roman occupation of England was recalled by a discovery made a few days ago at Stalbridge, Dorset. Working in his garden, a man dug up a skeleton. Examining it he found it to be in a perfect state of preservation, the teeth being quite sound. In the mouth was a coin bearing the inscription of Caesar Augustus.

LOCOMOTIVE ENGINEER SAYS. Overwork and worry cause kidney trouble. When the kidneys are not working properly, poisons accumulate in the system, resulting in backache, sore muscles, stiff joints, rheumatic pains, constantly tired feeling and other distressing symptoms. George McLain, Turtle Lake, N.D., writes: "I am a locomotive engineer. I had a bad pain in my back and my bladder action was very irregular. I took Foley Kidney Pills and was relieved in a couple of days."

WHAT CAN WE DO?

Red Cross Work in German Prison Camps

Germany now has 27 prison camps where American soldiers captured in battle are held. The American Red Cross has accurate information about these camps and with the aid of the Swiss Red Cross keeps our soldiers and sailors supplied with nourishing food, new clothing, soap and other necessities.

At the beginning of June there were about 300 men in uniform in German prison camps. The American troops have captured considerably more than 2,000 Germans, so the score is more than even in that respect.

In Berns, Switzerland, the American Red Cross has a great warehouse from which is sent to each American prisoner in Germany 20 pounds of food every week. Our government pays for this food and equipment and the Red Cross sees that it reaches the men.

Already there are enough supplies in the Red Cross warehouse at Berns to take care of 22,000 American prisoners—if the Germans can take that number!

Junior Red Cross Vacation Work. Junior Red Cross members will not cease their efforts during vacation. While they were in the schools they could be reached more easily but organization work among the children has gone so far that the chapters are still closely in touch with them and benefiting vastly by their help.

At present many chapters are asking the Junior members to help get out some rush orders for knitted articles, comfort bags and hospital supplies. They are doing this in preference to their regular Junior work.

Any Junior Red Cross member who has lost contact with the Red Cross organization since school closed should go to the local chapter headquarters and offer his or her services.

Of course, any child not now a member of the Junior Red Cross will be cordially welcomed by the Red Cross.

Handkerchiefs. If the handkerchiefs are yellow, the reason is that they have not been properly washed. To overcome this yellow color put the handkerchiefs in cold water, in which there is kerosene, about one teaspoonful to a quart, and a shaving of good laundry soap. Let the handkerchiefs boil in this about three hours. Take them out, dry in the sun, and they will be snowy white. This treatment will apply to any linen or white clothing.

Using Hudson Seat. Hudson seat is to be seen on many coats of duvetyne and velour, and is most effective on such autumn colors as mahogany, nigger brown, battleship gray and navy.

CITY MANAGER'S REPORT

At the recent meeting of the City Commissioners, the city manager's report was read, and approved, and being of no little interest to the general public, is published, as follows:

To the Hon. City Commission of the City of La Grande, Oregon. Gentlemen: Herewith I submit my report for the week ending August 7, 1918.

The fire chief reports one fire for the week ending August 7. This was at the Harris rooming house on North Fir street. An oil stove caught fire, and in attempting to throw it out of the room, the stove fell on the bed and the clothes ignited. Thirty-five gallons of chemical was used. Eleven volunteer firemen responded to the call, at a total cost to the city of \$11.

Chief of police reports two arrests for the week, one on a charge of being drunk and one for traffic violation. Number of convictions, three. Amount of fines and forfeitures, \$7.50. Number of stock impounded, five, and amount of pound fees collected, \$3.00.

The street and water department shows an expense for labor for the week of \$84. Twenty-one dollars on this is to be charged to the water department and \$63 to the street. We have patched two places on the pavement and repaired several small leaks besides the usual street cleaning and redecking the cross-walks over the First street sewer on First and Washington.

Treasurer's Report. Following is the report of receipts and disbursements for the week ending August 3, 1918:

Receipts—
Water rents \$ 720.40
Imp. Dist. Int. 174.58
Imp. Dist. Int. 430.18

Turnover City Recorder, July 256.20
Licenses 25.00
House rent 17.00
Advertising 3.50
Permit 1.00
City map sold 1.50

Total receipts \$1629.36
Disbursements—
Imp. Dist. Int. paid \$ 195.00
Spec. Int. paid 250.00
Total disbursements \$ 445.00

Recorder's Report. Receipts—
From fines \$ 7.50
Warrant issued on park fund \$ 161.70
Licenses issued for pool tables 1.00
In company with the superintendent, Mr. King, of the Eastern Oregon Light & Power Company, have checked over the street light, and find that in some places lights have been changed from arc to incandescent.

Water and Street Foreman M. L. Cline having resigned, have had no foreman this week. There have been several places on the main trunk line sewer which have caved in. With the exception of the one at North Birch near the railroad wye, all have been repaired. Reports from the reservoir indicate that there is still sufficient water to take us through the summer. The water still remains good and there is reason to suppose it will continue so through the balance of the summer. Have had the dead ends of mains flushed again this week.

F. E. CURREY, City Manager.

Where Good Cooks Are Most Valued

Surely never in the world was honest good cooking of real honest good food enjoyed more than it is on a farm in rush times.

How the hungry hired help and neighbors do eat! How they do enjoy and appreciate good cooking!

Carnation Milk

will never decrease your reputation as a cook, Madam. Rather it will surely increase it. It is nothing but pure cow's milk evaporated to the consistency of cream.

In creaming vegetables, in making bread, pastry and cakes—wherever you use milk in cooking—it gives a flavor that is very appetizing. Carnation can be whipped like cream, when thoroughly chilled of course, which proves its quality.

Carnation is used by thousands of people just as it comes from the can for cream on fruit and cereals and in tea and coffee.

The sealed can preserves it, when kept in a cool dry place, sweet and pure until used.

Buy Carnation by the case. Lay in a stock of it now, and you will be free of milk trouble at all times.
