"SOUL'S ADRIFF"

"Soul's Adriff" is the title of the new World-Picture Brady-Made in which "charming" Ethel Clayton will be seen at the Arcade Theatre today. The main action in this drama transpires on a desert island where the hero and heroine are shipwrecked. As the hero is a former lover of the woman's and as she has turned him down cold, it is evident that the situation of the two being together alone on the island is replete with possibilities. Supporting Miss Clayton in handsome Milton Sills had seen in the cast are a number of favorites

who do splendid work. For the purpose of taking this picture the entire company made a trip to the Bahamas and some scenes of remarkable natural beauty were secured on the trip. "Soul's Adriff" is a splendidly satisfying production. Nothing has been overlooked which would add to the interest and entertainment values of the attraction.

"MISSING"

is Charming Photoplay of Love and War.

A charming photoplay of love and war, combining all the elements of dramatic thrill and deep heart appeal, is "Missing," the newest photoplay produced under the direction of J. Stuart Blackton.

from a scenario made by Mr. Blackton and James Young. "Missing" is, in many respects, an all star production, and it is one of the most notable produced by Mr. Blackton since his arrival in California. In this photoplay appear two sisters, one of them a distinguished woman, who craves social position and wealth, and who seeks to utilize her sister as a tool for the accomplishment of her purpose. The younger sister, however, marries an army officer, and after his departure for the front, she is thrown in contact with a patriotic nobleman, through whose philanthropy thousands of British convalescent troops are being cared for. The elder sister encourages their meetings and secretly nourishes the hope that the lieutenant may be killed and her sister eventually

be married to the rich nobleman. The lieutenant is reported as missing but returns after having been severely wounded in an engagement and he loses his speech and memory through shock. His health is finally restored by his wife, who clings to him, "Bonnie Sweet Bessie," a song they sang together during their courtship days. The play is filled with action and in every way calculated to make a deep impression upon the spectator.

In the all-star cast are such screen stars as Thomas Meighan, Robert Gordon, Winter Hall, Sylvia Breamer, Ola Humphrey, Molly McConnell and Kathlyn O'Connor. This splendid photoplay will be presented at the Arcade Theatre on Friday and Saturday and an adequate presentation is assured.

Ventilate Coal Piles.

Unless coal piles are well ventilated spontaneous combustion will follow. To prevent spontaneous combustion, the bureau of mines gives these suggestions: (1) Build a coal bin on dry ground. (2) Store only one size of coal in each pile. (3) Remove fine coal for immediate use if possible. (4) Don't wet and dry the coal alternately while piling. (5) Store the coal in small piles near the place where it is to be stored. (6) Use small bins in storage yards.

That's Right.

Men seldom, or rather never for a length of time and deliberately, rebel against anything that does not deserve rebelling against.

How Many Shingles?

To figure the number of shingles a house will require proceed as follows: Measure the length of the roof to be covered. Measure the distance from one eave over the peak to the other eave. These dimensions necessarily are in feet. Multiply the dimensions together. Divide by 100. The quotient will be the number of thousand shingles required. To determine the number of bundles, multiply this number by four.—Farm Life.
