K.O.M. Festivities Announced. The Kansas-Oklahoma-Missouri Association desires us to make an explanation in regard to their annual picnic and reunion, which occurs this year on Sunday, September 1st (tomorrow), as from inquiries made of the officers and others it seems that there is not a clear understanding of who can attend.

Of course, the association has a regular membership and regular officers, but you do not have to be a member of the association to take part in the picnic or mingle with the crowd who gather to renew old associations. The occasion is open to everyone who came to Oregon from either Kansas, Oklahoma or Missouri, and anyone who hails from either of these states is welcome, whether his name be on the membership roll or not. All that is asked is that you bring enough for your party to eat, and

contribute it to the general spread. Then if you see something on the table that you like better than your own cooking, just help yourself—perhaps your neighbor will be of the same mind, and your contribution will look better to him than his own. Anyway, the tables are usually well provided, and no one goes away hungry, even if he should put it over on the association (or crowd) and slip under the tent.

And the program, provided by the program committee, is also open to all who desire to attend, as it is an open meeting and held in the pavilion in the afternoon, this year commencing at 2 o'clock, instead of 1 o'clock as formerly. The participants in the program this year hail from Elgin, Alice, Cove and La Grande, so it is evident that the crowd will be a representative one from over the county.

The dinner and free treat at noon is only open to those attending from these three states, but the afternoon exercises are open to the public, so if you wish to visit the park tomorrow you are assured that the association will be glad to welcome you to the program.

A pretty wedding was solemnized at the home of the bride's mother, Mrs. B. P. Courtney, of May Park, last Sunday at 2:30 o'clock, when Miss Gertrude Courtney was united in marriage to Mr. Harold Sheffield. The pretty bungalow home was decorated with pink and white asters and sweet peas. The bride wore a beautiful gown of white crepe de chine and the groom wore the conventional black. The ring ceremony was used, with Rev. Feese, of the First M. E. church, of La Grande, officiating. Mrs. Bijevan Fraker Gamble sang, "I Love You," after which she rendered the wedding march as the bride and groom preceded by Rev. Feese, marched down the stairway and into the living room. An elegant three-course dinner was served immediately after the ceremony. Only the families of the contracting parties and a few near friends were present. The bride is one of Union county's most popular girls and was a member of the graduating class of the La Grande high school last spring. Since that time she has been employed at the O.-W. ticket office in La Grande. The groom is also with the O.-W. railroad company and is one of the trusted machinists in the shops. Both are well liked by their many friends. The bride has lived most of her life in La Grande and the groom removed to this city last fall with his parents, coming from Pocatello, Idaho. They are now spending their honeymoon in Portland, Seattle and other coast points. Upon their return they will each resume their positions with the railroad company and for the present will make their home with the bride's mother, where they will be "at home" to their friends.

Optimistic Thought. The greatest scholars are not always the wisest.

The Misses Bernice Lofland, Lucile Wolgamoed, Donna Smith, Bertha Kellerman and Freda Klopfenstein returned this morning after a few days' camping trip near the foot of Mt. Emily. The party left Wednesday afternoon, and, equipped with supplies and various sorts of campfire paraphernalia, motored near the foot of Mt. Emily, where they pitched their camp. Three days were spent here in rowing, fishing and other equally interesting diversions and the party returned home Saturday morning much refreshed for the short outing. Miss Iva Wilson acted as chaperon.

The Misses Zela Lofland and Estelita Graybill were hostesses last Thursday evening at the Lofland home on Adams avenue to a number of their friends, in honor of three of their number who will be absent from town during the winter. Guests of honor were Miss Miriam Wheatley, who has been engaged to teach in the Elgin schools this winter; Miss Imogen Orton, who will teach in the Mt. Glen school, and Miss Isis Bryant, who will attend the University of Oregon during the ensuing school year. Aside from those mentioned, the following were present: The Misses Marguerite Winters, Lavina Wolgamoed and Lena Stein. All were costumed in children's aprons, hair ribbons and other similar articles of juvenile dress. The same idea of youthful entertainment was carried out in the "harvest feed" menu of apples, pears and nuts, served just before the departure of the guests for home. Altogether, the occasion was one thoroughly enjoyed by all present and the party broke up with many wishes for an early reunion of the group and more "good times."

An event accidentally receiving no mention in these columns, but which, nevertheless will be of great interest to many here, occurred in the marriage on Sunday, August 18 of Miss Reba Williamson to A. D. Davis, at Tacoma, Washington. Both parties are well known here, having resided in La Grande for the greater part of their lives. Mrs. Davis is the daughter of Mr. and Mrs. S. B. Williamson, and Mr. Davis is the son of Mr. and Mrs. A. P. Davis, both families long resident in this part of Oregon. Although the young couple had been engaged for some time, the wedding came as something of a surprise, arrangements being hastily made by reason of the fact that Mr. Davis, who is a member of the Medical Corps, is now subject to transfer at any time. Until Mr. Davis is removed to other parts, Mrs. Davis will remain in Tacoma. Their many friends here join in wishing them happiness and prosperity in their future life together.

WITH THE COLORS

The following very interesting letter was received this week by Mrs. C. H. Blystone from her son, Raymond, who is stationed in the aviation school at Brooks Field, Texas:

"Well, I have received my commission as a Lieutenant and am wearing the bars and silver wings. I finished up fine in my final tests and am to stay here and take the instructor's course. And that is a big recommendation, for they only pick out the best fliers for the instructor's course.

"It will probably keep me here for another month and then I will probably be sent to some other field to instruct.

"I like the flying game fine, and it sure is great to get up above the clouds and watch the sun rise. It is nice and cool up there and makes a person feel good, so naturally a person will cut up a bit and do a few loops. Immelman turns, tail spins and various stunts just for the fun of it.

"The country looks beautiful from a few thousand feet elevation and I hope that some time I may have a chance to fly over the Grande Ronde valley, for that would be a beautiful sight indeed to see such a pretty country as it is.

"If I can secure a leave I will try and come home in a month or six weeks.

Please give my regards to all my friends."

In a letter addressed to relatives here, "Bert" Rogers, of La Grande, tells of his work in the Honson Polytechnic School at Portland.

"I thought I knew a little about electricity, but I have got to admit that I don't. But I hope to learn. Getting along fine though I am taking care of the bells and storage batteries in the building here now. Also have two very nice instructors.

"You have heard a great deal about Y. M. C. A. work no doubt. But you really don't know what they do and how they help the men in the uniform until you get into it especially here. First of all, they furnish us with moving picture shows twice a week and little things too numerous to mention. They mix right in with us fellows.

"Last night the G. A. R. gave us an entertainment. Say, it would have tickled you to have seen one old fellow beating the drum. He was 71, and has been playing that thing ever since he was 16. He was quite conceited over it too."

LOSE "Y" EQUIPMENT. In the first German drive on the western front the British Y. M. C. A. lost all its equipment and hats it operated for the Portuguese troops.

Figure on Monument Work. E. M. Berry Will Be Glad to Meet Those Needing Service. The soda water days are still here. If you should drop in at Silverthorn's fountain and see how busy Al Cain is putting up those delicious sundaes, you would think summer had just begun. 8-28ff

Silverthorn's FAMILY DRUG STORE LA GRANDE, OREGON.

GATES "QUALITY" We Have MOVED from the Foley Hotel Building to the corner of Fir and Adams, opposite the Carr Furniture Co., where we have added New Equipment Including complete Vulcanizing Outfit. We can take care of any and all Tire Troubles, and when you deal with us you have us behind any work we turn out. FULLER BROTHERS TIRE SPECIALISTS. GATES HALF-SOLE TIRES Cost 1/2 As Much USING RUGBY FOOTBALLS. More than 10,000 Rugby footballs have been purchased by the Y. M. C. A. for soldiers overseas. PREPARE FOR THE HOT WAVE The hot sun is doubly dangerous if there is a mass of undigested food in the stomach, causing distress and auto intoxication, causing congesting poisons throughout the system. Foley Cathartic Tablets give prompt and sure relief. They act gently but do their work thoroughly. They cleanse the bowels, sweeten the stomach and benefit the liver. Recommended for indigestion, biliousness, bad breath, bloating, gas or constipation. Sold everywhere. A WANT AD will do it.

The Cleveland Tractor Means Bigger Crops for America and Her Allies and More Money for You The Cleveland is the Tractor which can be used successfully in practically every section of the world, every season of the year and for the widest variety of service. After you have seen the really remarkable performance of "The Cleveland" under the many different and difficult conditions which it is capable of mastering, you will completely revise your ideas of what a properly designed tractor can actually accomplish. The Cleveland Tractor carries and lays its own track, like the giant Tanks which have shown such marvelous performances on the battlefields of Europe. The track is designed for long service. The sections are constructed to prevent filling or packing with mud, and protection is provided to prevent dirt and mud from falling into the track. The sections are joined with hardened steel pins which have their bearings in hardened steel bushings, and adequate provision is made for lubrication. The track wheels are equipped with roller bearings. Bearings throughout the machine are designed to prevent the entrance of dust and dirt. Pulling two 14-inch bottoms at 3 1/2 miles per hour, the Cleveland will do more in a day than three 3-horse teams and three men. Notice the clean, deep furrow. ISLAND CITY M. & M. CO. IMPLEMENT HOUSE
