ROTHER RETURNS

The Emporia, Kansas Gazette, runs the following story from Jlsworth, Kansas, relative to a brother of Night Yard Master Sade, of La Grande, who has been in France and is now home on a furlough:

Ellsworth's first representative to return from the French front will arrive home Friday or Saturday of this week. Lieut. Grant Sade has wired relatives that he is in New York Monday and is in a furlough home.

Lieut. Shade reached New York at the same time as another unit which is known to have been detached to train new draft recruits in American camps and it is presumed that he is associated with the same detachment and will not immediately return overseas.

The fact that he has been allowed to start home while other Kansas members of the returned structures unit have not been granted that permission, indicates that possibly he will be stationed at a nearby camp.

Besides Funston and Riley which will be overflowing with raw recruits in another few weeks when a new registration enactment goes into effect, the government is just authorized the establishment of a students army training camp at Salina Wesleyan, under the direction of a United States officer. To any one of these three places there is a possibility that Lieut. Shade might be detailed.

Coughed Fifteen Years.

Coughs that hang on and grow worse in the night and weaken the sufferer are relieved by Foley's Honey and Tar oftener than by any other remedy. R. F. H. H. Mabe, Va., writes: "For 15 years I was afflicted with a troublesome bronchial cough and irritation of the throat. Foley's Honey and Tar relieved me after taking one bottle the cough ceased and has not returned." No medicine stands higher as a family remedy for colds for children and grown-ups.
