ACQUIRING A PERFECT FIGURE

Most women who have perfect figures did not have them originally. They have acquired them. A woman gradually takes the shape of her corset so the corset produced by the most artistic designer is the right one to wear to secure a perfect figure.

MODART CORSETS Front Laced

are most symmetrically and artistically designed. They are comfortable, stylish and gradually mold the figure into those beautiful lines that every woman admires and desires.

CRANES UNLOAD SHIPS.

Most Modern Cargo Handling Machinery Used At A.E.F. Bases.

The most modern cargo handling machinery in the world is being installed on the docks at the American base ports to facilitate the work of the stevedores in their 24 hour a day grind to keep up with the vast volume of war supplies flowing uninterruptedly from the United States. Locomotive cranes, operating from tracks paralleling the ship berths, and the regular unloading machinery of the ships, are being supplemented with massive overhead cranes of a much greater capacity.

The new cranes are an American product. They operate from the top of a steel arch which spans the railroad track along the docks and can lift freight direct from the hold to the cars.

They also—and herein lies their main advantage—can, in one operation, move freight from a ship's hold a distance of 70 feet or more to the doors of the warehouse on the shore side.

The overhead cranes already in use, were erected by American Engineers, and the dispatch with which the job was accomplished is indicated by the fact that the ship which brought the first was herself discharged by them upon her next arrival in France after a quick voyage to America and return—Stars and Stripes.

One Reason for Men's Pockets.

One reason a man has more pockets than a woman is because his collar is too tight to permit him to throw things down his shirt front. — Galveston News.

Man Loses Hope.

"For 10 years I suffered severely from stomach trouble. The doctors said I had cancer of the stomach and nothing would do but an operation. I took my last round of May's Wonderful Remedy 2½ years ago. Since then I sleep well, eat what I want and feel fine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by Druggists everywhere. —Adv.
