

Service.

Our aim is to render satisfactory everyday service in all departments of our business.

We recognize our duty to the public and fulfill it the best we can. Immediate profits are not our chief aim—for we realize that the increased business which will come to us because of quality goods and superior service will cause profits to take care of themselves. If you will trade with us for a limited time, we feel quite sure that our exemplary service will inspire in you a feeling of security that will cause you to become a regular customer.

People Speak Well of Chamberlain's Tablets. "I have been selling Chamberlain's Tablets for about two years and heard such good reports from customers that I concluded to give them a trial myself, and can say that I do not believe there is another preparation of the kind equal to them," writes G. A. McBride, Headford, Ont. If you are troubled with indigestion or constipation give them a trial. They will do you good. —Adv.

Sunrise in Town and Country. Sunrise, on the mountains or at sea, or in the rural districts, is an event worthy of attention and well rewards the early riser with its beauty and significance—but the early riser in the town or city has usually found everything untidy and must step over ash cans and dodge the sweepers and be satisfied with the sleepy grunts of workmen who are getting things into shape for the business of the day. It is anything but picturesque and most unattractive.

SUNDAY SCHOOLS HOLD CONVENTION

SUNDAY SCHOOL ASSOCIATIONS HOLD THEIR CONVENTION AT ISLAND CITY.

The thirteenth annual convention of the Union County Sunday School Association opened Tuesday evening at the Island City church with about fifty present. Owing to the absence of the President, Mr. Fred Hall of Elgin, Mrs. C. H. Bidwell, vice-president, requested Rev. Mr. Roberts to act as chairman of the meeting. The session opened with a most delightful song service, after which an address of welcome was delivered by E. E. Kiddie, of Island City. The response was given by W. P. Landrum of La Grande.

Miss Beulah Smith rendered a beautiful vocal solo.

Devotionals were conducted on Wednesday morning by Rev. D. D. Randall of La Grande. Rev. Mr. Deacon, Sunday School Missionary of Idaho, and Mr. Harold Humbert, delivered talks on "What is the Object of the Sunday School?" Mr. Humbert gave a number of suggestions in regard to Sunday school literature. Mrs. J. Wright, of La Grande, spoke on "Value of State and County Work to the Sunday School," and emphasized the benefits of such co-operation. Mrs. C. H. Bidwell gave a very instructive talk on the subject, "Value of Graded Lessons in the Sunday School." Mrs. Para Thornton, of La Grande and Mr. Deacon of Baker spoke on various phases of Sunday school work, particularly that of the home department. Reports by the representatives of the various Sunday schools of Union county closed this session.

Rev. Mr. Deacon, of Baker, first speaker in the afternoon, made observations on the outlook of Sunday school life in general. A motion carried that recommendations be sent to the International Sunday School Council of Evangelical Churches that the present convention approved of the adoption of the Shepherd bill to be voted on in Congress this fall.

An open discussion of problems and aims of the Sunday school, church and league followed. One of the points emphasized was that of interesting young people in church work by giving them a share in its responsibilities. Mrs. Bidwell briefly summarized the reports of the morning. The meeting was then adjourned until the evening.

Aside from those attending who are resident in the Island City district, the following have registered from outside points: W. F. Landrum, La Grande; Harold F. Humbert, State Field Secretary, Portland; Mrs. Lillie Foster, Portland; C. F. Beldin, La Grande; D. D. Randall, La Grande; May Hug, Summerville; Eunice Cottrell, Summerville; Ray J. Hug, Summerville; Verdie Hug, Summerville; Mrs. C. H. McNeill, Johnston City, Illinois; Mrs. G. L. Clark, La Grande; Mr. and Mrs. H. A. Thomas, La Grande; Mae Thompson, Union; Rev. C. J. Walker, Union; Mrs. Thomas Wallinger, Allentown; Mrs. R. W. Leighton, La Grande; Mrs. A. A. Antler, Cove; Grace E. Pease, Cove; Mr. and Mrs. E. F. Roberts, Cove; Rev. Edwin Deacon, district missionary of the Methodist Episcopal church, La Grande; Mrs. J. K. Wright, La Grande; Mrs. J. W. Redhead, La Grande; Mrs. W. W. Glass, La Grande; Mrs. H. McKinnis, La Grande; Mrs. P. L. Thornton, La Grande; Rev. W. B. Smith, Methodist-Episcopal church, South, La Grande; Mr. and Mrs. H. Vehrs, La Grande; Mrs. L. Warnick, La Grande; Mrs. R. W. Logan, La Grande; Mrs. R. J. Kitchen, La Grande; Thelma Kitchen, La Grande; Mrs. Ida French, La Grande; May Coll, Summerville; Mrs. C. M. Pratt, St. Peters; Mrs. Bruce Dennis, La Grande; Mr. and Mrs. Randall; Fred Hall, county president, Elgin; Mrs. F. Hall and two daughters, Elgin; Mrs. Walker, Union; Mrs. D. W. Beck, La Grande; Mrs. Grace McAllister, La Grande; Mr. and Mrs. E. W. Eastman, La Grande; Mrs. W. A. Winters, La Grande.

In describing the general state of the Sunday school at the present time, Mr. Humbert, recently re-

turned from the Sunday School Convention at Buffalo, N. Y., stated that there are 22,000 Sunday schools in North America, 72,000 organized young people's classes, and 67,000 organized adult classes. During the past quadrennium, the visitation department has visited 10,000,000 homes, making a total of over 48,000,000 visited since the organization of the department. Sixty-seven thousand schools in 1908 observed decision day, with 1,600,000 additions to the church as a result. Mr. Humbert stated that the State Sunday School Association is working along five lines. They are: Children's department, which includes all up to 11 years of age; the young people's department, which includes those between the ages of 12 and 24 years; the adult, for all of 25 years of age and older; a department of administration, designed to assist Sunday school superintendents and to advertise the International Sunday school Association requirements for a standard Sunday school.

Mr. Humbert gives these as follows:

- 1—Cradle roll, 5 points; registered secondary class, 5 points; organized and registered adult class, 5 points.
- 2—Teacher training class, 5 points; graded instruction, 5 points.
- 3—Missionary instruction, 5 points; missionary offering, 5 points.
- 4—Temperance instruction, 10 points.
- 5—Definite decision for Christ urged, 10 points.
- 6—Workers' Conference regularly held, 10 points.
- 7—Full denominational requirements, 10 points.
- 8—Annual report to state associations, 3 points; delegates at an Association convention, 4 points offering for state association work, 3 points.

C. S. Dunn, Register of the United States Land Office, and James D. Dobbins, a prominent farmer, and their families, returned last night from an auto trip to various points in the State of Washington. They visited Walla Walla, Seattle, Victoria, B.C., Tacoma, Camp Lewis and Portland. The trip was accomplished without serious accident and they did not encounter any rain. While at Camp Lewis they met Captain Marker, of La Grande. Captain Marker expects to soon be transferred to active service in France, and would have gone with the 91st division had he not been confined in the hospital at the time they departed.

In visiting Camp Lewis, which is one of the largest cantonments in the United States, the party above-mentioned had an opportunity of seeing Uncle Sam's ram material in the process of preparation for the conflict overseas, and what they saw will long be remembered. They estimate there are about thirty thousand men at Camp Lewis now in course of training.

SUCCESS WITH TOMATOES

La Grande Citizen Shows What Can Be Done in Gardening. "When Mr. C. Glaze, of 2105 First Street came to La Grande, he inquired as to the various garden crops, and was quite generally informed that tomatoes cannot be grown here. Mr. Glaze has always lived where he could grow this crop and was not willing to accept this verdict without at least giving the crop a trial," says Paul H. Spillman, county agricultural agent.

As a result Mr. Glaze bought a number of tomato plants, but of these only two were thrifty and produced any amount of fruit. These two plants produced a large quantity of fruit in a shaded locality where the sunshine could reach them only a part of the day at a time, yet the tomatoes ripened. As these plants did remarkably well, Mr. Glaze decided to save seed from the same and this spring he raised several hundred plants.

"It would be well worth any War Gardener's time," says Mr. Spillman, "to inspect these tomatoes and note how they have been trellised and pruned. The vines are loaded with fruit as large as a fair-sized apple. The fruits grow in clusters, often as high as seven in a cluster, and ripen to a bright red color even where they are covered with leaves and not in the sunlight. Look at these tomatoes and you will no longer doubt the possibilities of growing this crop here, when it is given care and attention."

This is another example of the possibilities in the selection of suitable varieties in plants such as Mr. Stoddard's field corn. Mr. Glaze contemplates saving a considerable quantity of seed from his early matured tomatoes again this year.

Great Faith in Chamberlain's Colic and Diarrhoea Remedy. "Chamberlain's Colic and Diarrhoea Remedy was used by my father about a year ago when he had diarrhoea. It relieved him immediately and by taking three doses he was absolutely cured. He has great faith in this remedy," writes Mrs. W. H. Williams, Stanley, N. Y. Adv.
