# CLOTHING FOR THE BELGIANS

RED CROSS WILL TAKE CONTRIBUTIONS SEPT. 23-30.

Local Chapter And Branches Are To Supply A Quota Of Five Tons.

A drive for clothing for the Belgian people is to be conducted from September 23 to 30 and this movement is entrusted to the American Red Cross. The La Grande chapter and branches are expected to furnish five tons. The particulars are set forth in the following:

Every kind of garment, for all ages and both sexes, is urgently needed. In addition, piece goods—light, warm cotton flannel and other kinds of cloth from which to make garments for new born babies, teething, sheeting and blankets, woolen goods of any kind—and shoes of every size are asked for. Scrap leather is needed for repairing footwear.

Since the clothes will be subjected to the hardest kind of wear, only garments made of strong and durable materials should be sent. It is useless to offer to any afflicted population garments of flimsy material or gaudy coloring. Make the gifts practical.

Garments need not be in perfect condition. A hundred thousand destitute women in the occupied regions are eager to earn a small livelihood by repairing gift clothing and making new garments adapted to needs with which they are familiar.

graft boards, inasmuch as they are not yet old enough to register. But there is nothing to prevent the college authorities from accepting them as regular students; also, when they reach the age for registration, they may apply while in college for induction into the Students' Army Training Corps. The granting of which would enable them to continue their college work until called.

Nor is there anything to prevent older men from making application for induction. The college authorities would undoubtedly take into consideration in such cases, however, the purpose of the applicant in desiring to attend the college. They could approve or reject the application according to their conclusions.

## Man Loses Hope.

For 10 years I suffered severely from stomach trouble. The doctors said I had cancer of the stomach and nothing would do but an operation. I took my last round of Mayr's Wonderful Remedy 2 1/2 years ago. Since then I sleep well, eat what I want and feel fine. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and always the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convalesce or money refunded. For sale by Druggists everywhere. —Adv.

SHERRY'S "A FIGHT FOR MILLIONS" Famous Vitagraph Star, Wrestler And Athlete in Picture. William Duncan, star and director of "A Fight for Millions," the new Vitagraph serial which is scheduled by Manager Trull to start at the Sherry Theater today and tomorrow, comes nearer to having a right to the title of "Strong Man of the Screen" as any player before the camera today. Duncan is a Scotchman and long before he broke into the theatrical business as a member of the Pennsylvania Stock Company in Philadelphia, he had earned a reputation as a strong man and athlete. He was an expert boxer and wrestler and was picked by the celebrated Sandow as a perfect physical specimen to appear with him in vaudeville. In addition, Duncan gave exhibitions of scientific wrestling. Subsequently, he was associated with Bernarr MacFadden, his prior among physical culture experts, as an instructor in the Bernarr MacFadden school. Later he conducted a school of his own. When he entered motion picture work, Duncan's great physical strength and athletic ability stood him in fine stead and the "stunts" performed by him are said to have been copied by many other screen performers. Duncan displays his marvelous strength in many ways in "A Fight for Millions," says Manager Trull, not the least of which is his wonderful rope-climbing. Duncan can climb a rope sawing from a mountain top more rapidly than the ordinary person can climb a tree, and in addition to his rope-climbing ability, his skill as a boxer and wrestler, he is a fine horseman, a powerful swimmer and a crack shot. All of these accomplishments he brings into play in motion picture work. But his real strength is shown in his endurance.

A deed was filed in the county clerk's office today, transferring title to property as follows: From C. S. Dunn and wife and L. F. Dunn and wife, to the Standard Laundry Co., of La Grande, to all of block 2 in Coggan's addition to the town of La Grande, except a strip of land, 90 feet wide off east side of said block; Jon Woods and wife to August Erickson to west 25 acres of N 1/2 of S 1/4 of Section 29 in Tp. 2 S of R. 39, consideration \$5,500.
