To Have Men Yours!
Go forth into the busy world and love its interest yourself in its life; mingle kindly with its joys and sorrows; try what you can do for men rather than what you can make them do for you, and you will know what it is to have men yours, better than if you were their king or master.—Brooke Herford.

Welsh "Stafell"
Reference to a "stafell" in a recent West Wales breach of promise case puzzled the court. The "stafell" is the household linen usually brought by a Welsh bride to her new home. The custom, still practiced, is one of great antiquity. In early times a girl was not allowed to get married until she had spun the linen, and from it comes the term spinster. "Stafell" is now bought at the shop, to the old folks a degenerate innovation.
