IN OR OUT?

The dollars left in the bank, bringing prosperity to the community are the dollars spent at home with the local merchant. When the banks of a city show an increase in deposits, it marks it for efficiency. It interests outside capital in the growth of the community.

The dollars spent out of town are injuring us more than the spender gains by it, if at all. The development of our community hangs in the balance. Make every dollar you spend add to the value of your property. Buy from the local merchant who deposits his money with the Home Town Bank.
