WITH THE COLORS

The Battalion Division.

In a letter received yesterday by Mr. and Mrs. C. P. Thompson from their son Chester, who is with the hospital unit, is a review of the movements of the Rainbow division in France. The hospital unit is with this division and the letter says that while the boys are now taking a rest they expect to be again on the job without delay. In the letter is enclosed the following orders published by the division commander, Major-General Charles T. Ammer:

Headquarters, 42nd Division, American Expeditionary Forces, France, August 13th, 1918. To the Officers and Men of the 42nd Division:

"A year has elapsed since the formation of your organization. It is therefore fitting to consider what you have accomplished as a regimental division and what you should prepare to accomplish in the future.

"Your first elements entered the trenches in Lorraine on February 21st. You served on that front for 116 days. You were the first American division to hold a divisional sector and when you left the sector June 21st, you had served continuously as a division in the trenches for a longer time than any other American division. After you entered the sector without experience in actual warfare, you conducted yourselves as to win the respect and affection of the French veterans with whom you fought. Under gas and bombardment, in raids, in patrols, in the heat of hand to hand combat and in the long dull hours of trench routine you gave to a soldier's spirit, you gave yourselves in a manner worthy of the traditions of our country.

"You were withdrawn from Lorraine and moved immediately to the Champagne front, where during

the critical days from July 14th to July 18th, you had the honor of being the only American division to fight in General Gouraud's Army which so gloriously obeyed his order, "We will stand or die," and by his iron defense crushed the German assault and made possible the offensive of July 18th to the west of Reims.

"From Champagne you were called to take part in exploiting the success north of the Marne. Fresh from the battle front before Reims, you were thrown against the picked troops of Germany. For eight consecutive days, you attacked skillfully prepared positions. You captured great stores of arms and munitions. You forced the crossings of the Ourcq. You took Hill 212, Seray, Mouzey Fosse and Serings by assault. You drove the enemy, including an imperial guard division, before you for a depth of fifteen kilometers. When your infantry was relieved, it was when it was in full parant of the retreating Germans, and your artillery continued to progress and support another American division to the advance to the Vesce.

"For your services in Lorraine, your division was formally commended in General Orders by the French Army Corps under which you served. For your services in Champagne, your assembled officers received the personal thanks and commendation of General Gouraud himself. For your services on the Ourcq, your division was officially complimented in a letter from the Commanding General, 1st Army Corps, of July 23th, 1918.

"To your success, all ranks and all services have contributed, and I desire to express to every man in the command my appreciation of his devoted and courageous effort.

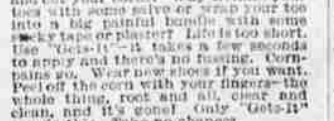

"However, our position places a burden of responsibility upon us which we must strive to bear steadily forward without faltering. To our comrades who have fallen, we owe the sacred obligation of maintaining the reputation which they died to establish. The influence of our performance on our allies and our enemies cannot be over-estimated for we were one of the first divisions sent from our country to France to show the world that Americans can fight.

"Hard battles and long campaigns lie before us. Only by ceaseless vigilance and tireless preparation can we fit ourselves for them. I urge you, therefore, to approach the future with confidence, but above all with firm determination that so far as it is in your power you will spare no effort whether in training or in combat to maintain the record of our division and the honor of our country."

Claude Wright, son of Mr. and Mrs. Lee Wright of Fruitdale, writes from Texas that he has completed the four months course in a motor school and will soon go to France, where he has been assigned a Cadillac, which is to be used in the transfer of officers.

George Furzesson, a popular O. W. German and member of the Elks, is expected home soon on a short leave. He tried to enlist as a soldier, but an injury while in railroad work disqualified him, so he is now doing his bit in the spruce division. He was in training five weeks at Vancouver before he was transferred.

"Corns Never Trouble Me, I Use 'Gets-It'"
Why bump yourself up on the floor and with your jaws set and eyes popping from pain, jerk and groan and eat your corns? Why irritate your feet with some saline or scrub your feet into a big painful burn? Why use some sticky tape or plaster? Life is too short. Use "Gets-It"—it takes a few seconds to apply and there's no fussing. Corns pain no. Wear new shoes if you want. Peel off the corn with your fingers—the whole thing, root and all, clean and clear, and it's gone! Only "Gets-It" can do this. Take no chances. "Gets-It," the money-back, money-back, corn-remover, the only sure way, costs but a trifle at any drug store. MFD by E. Lawrence & Co., Chicago, Ill.
