

WHAT A GIRL CAN DO

A medal was offered by the National Society of Colonial Daughters and was secured by Eugenia Dotson, aged 16 years, a Boston Public School girl...

"What can a girl do to help win the war?" This is a very common question today. There are many ways in which a girl can help...

The first thing in which a patriotic girl must economize is food. Fats, meats, starch and sugar, are things without which a girl can live and be healthy...

A war garden is a thing that many girls can have. In the country there are many unused tracts of land which can be cultivated by girls in their spare time...

Clothing, and especially woolen material, is another necessity of life for the fighters. No patriotic girl will wear any unnecessary woolen articles if she stops to think that she is helping the enemy by wearing them...

The Red Cross gives girls opportunities to relieve the suffering of the victims of this great war.

Work is one of the elements which will quicken victory. A girl can work in her spare time to save man's labor, thus providing more men for the army.

A girl can help to defeat the enemy by being an optimist. If she has a brother, or father, or friend who has enlisted, she must not, when he is near her, talk about sad and gloomy subjects...

NO MORE CATARRH

A Guaranteed Treatment That Has Stood the Test of Time.

Catarrh cures come and catarrh cures go, but Hyomei continues to heal catarrh and abolish its disgusting symptoms wherever civilization exists.

Every year the already enormous sales of this really scientific treatment for catarrh grow greater, and the present year should show all records broken.

If you breathe Hyomei daily as directed it will end your catarrh, or it won't cost you a cent.

If you have a hard rubber Hyomei inhaler somewhere around the house, get it out and start it at once to forever rid yourself of catarrh.

The La Grande Pharmacy, or any other good druggist, will sell you a bottle of Hyomei (liquid), start to breathe it and notice how quickly it clears out the air passages and makes the entire head feel fine.

Hyomei used regularly will end catarrh, coughs, colds, bronchitis, or asthma. A complete outfit, including a hard rubber pocket inhaler and bottle of Hyomei, costs but little. No stomach dosing; just breathe it. It kills the germs, soothes and heals the inflamed membrane.—Adv.

MODART CORSETS Front Laced
