Coughed So He Couldn't Sleep.
 Bronchial coughs, tickling in throat and asthmatic spasms break one's rest and weaken one so that the system is run-down and serious sickness may result. Enos Halbert, Paoli, Ind., writes: "I had a severe cold this fall and coughed continually at night; could hardly sleep. The first bottle of Foley's Honey and Tar relieved me, entirely curing my cough." It covers irritated membranes with a healing and soothing coating, loosens phlegm and clears air passages.
 Sold everywhere.
