throat than at the back and front. Another good style point of this blouse is the back closing, which will be seen more and more frequently as the season advances. The touches of dark crepe, in the deep points on the bodice and on the sleeves is an effective contrast, and the metallic braiding and braid ball-buttons, are chic.

ACQUIRING A PERFECT FIGURE

Most women who have perfect figures did not have them originally. They have acquired them. A woman gradually takes the shape of her corset so the corset produced by the most artistic designer is the right one to wear to secure a perfect figure.

MODART CORSETS
Front Laced
