

LA GRANDE PEOPLE HAVE RICH STRIKE

MORISON BASIN PROPERTY OWNED HERE SHOWS RICH GOLD

A strike has been made in a gold property at Morison Basin that is reported to be very rich. The property is owned by W. H. Bohlenkamp, W. A. McAllister, Dick Jones and M. B. Donohue. One of the Baker papers has the following to say relative to the strike:

A report bordering on the sensational, and which is vouched for by Baker men just in from the claim, and whose word is of the best, comes from Morison Basin district, southeast of Baker.

It is stated that Mr. Jack Monahan, a well known and practical miner, who has been operating in the district for several years, has at last come into his own in a claim near the well-known Rainbow mine. He and his partners are working in a big dike and are running an upraise for air. In the tunnel as they proceed in the upraise the ledge or dike shows gold in seeming endless quantity, big pieces of the dike broken off as big as a good-sized auto wheel showing gold all through.

If the present wonderful showing continues for any length of time Monahan and his associates will have enough gold to take all of a Fifth Liberty Loan, if one is offered.

WILLIAM ALLEN CASEY.

The Portland Telegram reproduces the photograph of William Allen Casey and the following data:

News of the death of his son, William Allen Casey, aged 23, was received recently by Mr. and Mrs. John N. Casey, of 537 East Twenty-first street North. The young man had been in training at an officers training camp at Fort Leavenworth, Mo., when he contracted Spanish influenza which caused his death. Casey enlisted in this service at Eugene, while attending the University of Oregon, and had been in the army one year. He was born in Portland and attended Columbia university there, graduating at the age of 18. He had lived in Portland all his life and was prominent in school activities and later as a young business man. His father is a member of the I. F. Powers Furniture company.

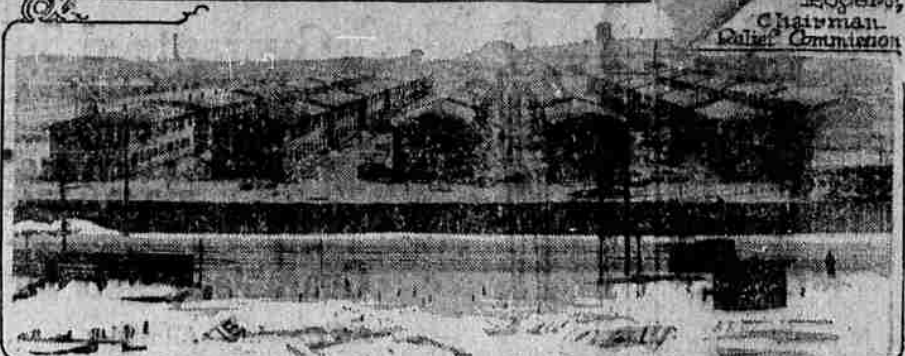

The deceased is a nephew of William H. Casey, of La Grande.

HALIFAX'S DEVASTATED AREA RE-PLANNED AND RE-BUILT. WILL BE FAR MORE BEAUTIFUL THAN EVER

In the Path of the Blast

Temporary Homes for Halifax Victims

About one-fifth of Halifax was made a mass of wreckage and shattered humanity in a few seconds, now, nine months after the exploding munition cargo of the French ship "Mont Blanc" killed 2,000 people, wounded between 5,000 and 6,000 more and caused the destruction of nearly \$40,000,000 worth of property, public-spirited men are still working many hours per day re-planning and re-building the devastated area and caring for the victims of the disaster. The Canadian government alone has appropriated \$12,000,000 for temporary and permanent relief. The British Imperial Government has given \$5,000,000 and private contributions totalled about \$3,500,000.

There are two elements that go to the composition of friendship; Truth and Tenderness.—Emerson.

Palm Sugar Production.

The total palm sugar production of India is stated in an authoritative publication to be about 300,000 tons, of which Bengal produces roughly 100,000 tons, worth \$2,400,000. India's total production of sugar, both from cane and palms, is somewhere about 3,000,000 tons a year.

Took Out Dreadful Soreness.

When the kidneys are weakened or overworked so that they fail to filter and throw all impurities out of the blood, the poison remains in the system, and backache, soreness, lameness, and rheumatic pains are likely to develop. Mrs. David Henry, 65 S. Lincoln Ave., Washington, N. J., writes: "Foley Kidney Pills are doing me much good, both my kidneys and the rheumatism. They took all the dreadful soreness out of my limbs." Sold everywhere. Adv.

Linked France and Scotland.

The small border, or tressure, which surrounds the arms of Scotland in the British coat of arms is the emblem of preservation or protection. A legend states that the border was given to Achaulus, king of the Scots, by Charlemagne as a pledge that the French lilies should defend the Scottish lion. The significance of this lies in the design of the border, which is composed of fleur-de-lis.
