BAKER SUFFERS A HEAVY LOSS

MANY DEATHS REPORTED AND THE DISEASE SPREADS RAPIDLY.

BAKER, Ore., Oct. 23.—Orson Moody, aged 43, a prominent stockman, passed away at 9 o'clock Monday evening at St. Elizabeth Hospital in this city. The deceased was attacked with Spanish influenza last Thursday evening, and his condition was considered serious from the start, and after pneumonia developed yesterday morning, but little hope was entertained for his recovery.

Mr. Moody resided for many years in Eagle Valley and about two years ago he, with his family, removed to Baker, and occupied a home at Second and Bates Sts. Deceased leaves a wife and two sons, Cundiff, aged 12 years, and Laurence, 10 years, a father in Montana, and five brothers: Charles of Baker, Otis of Eagle Valley, and three residing in other states. Deceased was a member of Baker Lodge No. 338 B.P.O.E. of this city. He was well known throughout this section and his numerous friends will learn with deep regret of his death.

Many Deaths in Baker.

Two well known Baker girls succumbed to Spanish influenza Saturday night, and other deaths have been reported today, while a number of Baker people are said to be in a critical condition at the St. Elizabeth hospital.

Mrs. George Brown died Saturday night after an illness of several days from influenza which developed into pneumonia. Mrs. Brown was the daughter of E. P. Bergman, a prominent merchant of Baker, and was born January 7, 1890. Besides her husband and father, she is survived by a sister, Mrs. Fleetwood.

Miss Palma Hill, daughter of Mr. and Mrs. Peter Hill, died at the St. Elizabeth hospital Saturday night from pneumonia. She was 19 years of age and had many friends in Baker.

William H. Teed, a well-known farmer of Durkee, died at 2 o'clock day with a motor truck.

yesterday afternoon at the home of Mrs. Butcher, in Baker, after a short illness of influenza. He was born at Weiser, Idaho, but came to Baker county when a small boy. He was 34 years of age and is survived by a wife and two little daughters, Helen, four years of age, and Margaret, one year. He is also survived by his mother, two sisters, Mrs. R. A. Cartwright, of Rye Valley, and Mrs. Jesse Oik, of Huntington, and a brother, Byron K. Teed, who is in the service.

Another death of influenza which occurred at 10 o'clock this morning was that of Mr. Metzger, of South Baker. No details of the death were obtained.

Mrs. Sarah E. Box of Baker, died at her home on 13th street last evening. She leaves a husband, William Box.

OVER THE NORTHWEST

Salem Statesman: Governor Withycombe has appointed Mrs. John H. Albert, of Salem; Mrs. William MacMaster, of Portland, and Mrs. Charles H. Castner, of Hood River, as members of the state council of defense, under the new arrangement whereby the women's and the men's sections of the defense councils of the nation are amalgamated. This arrangement has been made upon the suggestion of Franklin K. Lane, chairman of the field division of the national council of defense. Up to this time the women's and the men's work in the council have been maintained separately, although supplementary one to the other.

Sutherlin Sun: Several carloads of railroad ties and bridge planks from the mill of John Banks, Lawrence Neuner and Fred Fisher, in the east end of the valley are now awaiting shipment in the local freight yards of the Southern Pacific. The mill is in full operation and is cutting from 12,000 to 15,000 feet of lumber each day. The output is being hauled to the freight yards here by Ed. Ware, who is making several trips each week with a motor truck.

INFLUENZA CASES ARE ON INCREASE

MORE CASES BUT NONE OF THEM ARE SEVERE.

Disease in Nation Seems To Be Abating — Army Camps Better.

Dr. A. L. Richardson, city health physician, stated today that the number of influenza cases in La Grande is steadily increasing, but the severity of the cases is no greater than has been. Each morning shows an additional number of people afflicted, and also shows some who have been afflicted with the disease decidedly improved.

WASHINGTON, Oct. 23.—A slight improvement in the influenza situation over the country was indicated by reports received Tuesday by the public health service, but in many places the epidemic apparently has yet to reach its crest. In the far west and on the Pacific coast the situation has not proved nearly as serious as it did in the east and south.

Continued abatement of the epidemic in army camps was reported Tuesday to the office of the surgeon general of the army. New cases during the 24 hours ending at noon Tuesday totaled 2773 against 3007 the day before, while deaths decreased from 404 to 332. There was a slight increase in the number of pneumonia cases.

Army medical officers said influenza may now be said to be epidemic in only five camps, the others reporting less than 50 new cases each daily. The total cases since the disease became epidemic number 292,770, with 25,497 deaths.

In the east and south generally conditions among the civilian population are rapidly improving, according to reports to the public health service. In the middle west and in the states bordering the Mississippi and Missouri rivers abatement of the disease also has been noted, although many new cases still are being reported daily. In California, 32,000 cases had been reported up to Monday. Oregon and Washington also report new cases and some deaths.

OMAHA, Oct. 23.—State health officials issued regulations to check the spread of Spanish influenza, even more severe than the city health orders which have been in effect for several weeks. State officials ordered closed all public gatherings and defied public gatherings "a group composed of more than 12 persons." Public funerals or church funerals are placed under ban and street car windows must remain open regardless of weather. Crowded street cars will not be allowed.

City health officer Manning's report for the 24 hours ending at noon Tuesday shows 26 deaths and 150 new cases. The quarantine ban cannot possibly be lifted before November 2, says Mr. Manning.

CALL FOR CANTEENERS

Meeting to Be Held Thursday Afternoon at Canteen.

Notice is hereby given that there will be a meeting of all members of the Red Cross canteen section tomorrow (Thursday) afternoon at 3 o'clock at the canteen rooms on Jefferson street. An earnest request is made for a full attendance of members to transact business that will come before this meeting. MRS. J. J. CARR, Secretary.

I BELIEVED IT SAVED MY LIFE, SHE SAYS

FORMER TRAINED NURSE, GRADUATE OF BELLEVUE HOSPITAL, GAINS 25 POUNDS TAKING TANLAC.

One of the most interesting of the many remarkable statements yet made in connection with Tanlac was given by Mrs. Marie J. Howard, who resides at 402 West-lake Ave., North Seattle, recently. Mrs. Howard has been a resident of Seattle for the past eighteen years, and before her marriage, was a trained nurse and a graduate of Bellevue hospital, New York. When asked if she would be willing for her statement to be published, she said: "Yes, indeed, and you may start it by saying I believe Tanlac has saved my life."

"I have suffered from stomach trouble and disordered liver and kidneys for five years and had gotten in such a bad condition that I honestly felt like I was going to die. Everything I would eat formed in my stomach and the gas formed by it would cause my heart to palpitate so my breath would almost stop. There were intense pains all through my back about my liver and kidneys and I can't begin to tell how I did suffer. I had fearful headaches and was so nervous I hardly knew what sleep was. I was often down in bed for a week at a time, hardly able to raise my hand. Then I would manage to stay up for two or three days, but would have to give up and take to my bed again. I would often go for two or three days without eating a mouthful of anything. I lost weight right along and am telling the positive truth when I say I was in such an awful condition that I thought I was going to die."

"After reading and hearing so much about Tanlac I bought a bottle, thinking if it did others so much good, perhaps it might help me too. Well, it has not only

helped me, but I have actually gained twenty-five pounds since I began taking it and have never felt better in my life. My appetite is good and my stomach in such a splendid condition that I can hardly eat enough and I don't suffer a particle afterwards. All my pain and misery is gone, my kidneys and liver are acting splendidly and my nerves are perfectly strong and normal. I sleep every night like a child, and don't know what it is to have a headache. My husband has also taken Tanlac with wonderful results. In fact, I think it has done him as much good as it has me, and we both consider it the finest medicine made."

Tanlac is sold in La Grande by Silverthorn and Richardson; in Union by L. A. Wright; in North Powder by L. A. Russell, and in Elgin by Scott E. Harris.

Chamberlain's Cough Remedy the Most Reliable.

After many years' experience in the use of it and other cough medicines, there are many who prefer Chamberlain's to any other. Mrs. A. G. Kirstein, Greenville, Ill., writes: "Chamberlain's Cough Remedy has been used in my mother's home and mine for years, and we always found it a quick cure for colds and bronchial troubles. We find it to be the most reliable cough medicine we have used." Adv.

HORSES WANTED

Am newcomer. Want separately or all together, four horses with harness, wagons and farm implements, at Walter Woods place, two miles north of Summerville. To insure attention, price separately, describe fully and give directions as to how to go from Summerville to find you.

Will buy some horses and winter others for their use.
