ACQUIRING A PERFECT FIGURE

Most women who have perfect figures did not have them originally. They have acquired them. A woman gradually takes the shape of her corset so the corset produced by the most artistic designer is the right one to wear to secure a perfect figure.

MODART CORSETS Front Laced

are most symmetrically and artistically designed. They are comfortable, stylish and gradually mold the figure into those beautiful lines that every woman admires and desires.

La Crosse Happy Farmer Tractor

Happy Farmer Tractors and Tractor Implements have made good all over this country and Canada, and in Europe.

They have had a remarkable record of good work with a minimum of trouble, due to their correct design and greater simplicity, and the ease of getting at all parts. They are exceptionally economical of fuel and oil, do not overheat—in short, they are thoroughly reliable and dependable.

The question is no longer, "Will it pay me to buy a tractor?" but rather, "What tractor shall I buy?" The shortage and high cost of farm help make mechanical power a necessity.

The La Crosse HAPPY FARMER has solved the worst of his problems for the man who owns one. It is not only as good as horses—it is far better. It will do more and better work wherever you use it—Plowing, Disking, Harrowing, Seeding, Harvesting, Filling Silos—in short, anything about your farm. It is also exceptionally efficient in grading and dragging roads.
