

HOW YOUR MONEY WILL HELP "BOYS"

Official Statement of Seven Great Welfare Organizations.

Citizens of Oregon, in the week of Nov. 11-18, will respond to the call of the United War Chest Campaign for funds to make happy and effective the fighting men of the Nation.

Oregon's quota in the joint drive of the seven great organizations doing war service work is \$770,000.

The Y. M. C. A. has more than 2000 huts in the great battle zone and is ministering to the boys overseas.

War work of the Y. W. C. A. is thus outlined by Mrs. William MacMaster, state chairman:

"Already we have in this country 2,000,000 women doing actual war work, while another 2,000,000 have released men for service by undertaking their work."

John W. Kelley, associate drive director, says of the Knights of Columbus:

"Knights of Columbus halls are in operation in all cantonments, training camps and naval stations in the United States and the halls are also established with the American Expeditionary Forces in France, Italy, Russia and England."

Needs and activities of the Jewish Welfare Board, explained by Ben Selig, are:

"In one year the number of our field representatives has grown from 10 to 213. Now we are faced with the demand for 400 additional workers in this country and 100 overseas."

"War Camp Community Service," explains Emery Olmstead, state chairman, "developed from the commission created by the War and Navy Departments, first known as the Postick Commission."

Fuctions of the American Library Association, says William L. Brewster, state chairman, are "to provide books and reading matter to the soldiers and sailors through co-operating agencies and directly."

These are some things the Salvation Army does, according to O. C. Bortzmeier, state chairman:

STATE POLICE CAUGHT WITH LIQUOR.

A raid made on the rooming quarters of Sergeant C. C. Triplett, of the State Police this week resulted in the arrested of State Policeman Charles Smithers, who was attending a social drinking party.

A. C. Huntington, who has been ill for several days, is betting set to the change in the weather, and today is much improved. He says it is but natural for the change from fall to winter to produce considerable readjustment in the human family, but when a Grande Ronde winter once settles down everyone will feel fine again.

E. W. Cox, who for some time has been associated with the Blue Mountain Creamery, has accepted a position with the La Grande Grocery company. Mr. Cox is one of the able young business men of Eastern Oregon, and the grocery company has shown excellent judgment in inducing him to join his services with that institution.

H. H. Weatherspoon, the old prohibition "war horse," who used to "cuss" everybody into line on election day in the Elgin country, was in from his apple ranch yesterday. While busy, he managed to take time to call on The Observer and review a few things of importance. He is now one of the largest apple dealers in the northwest.

Johnny McConney, the Elwood Haynes of La Grande, is happier today than most men are when they get married. The reason for his joy is that he has been called to

the service of the nation and tonight leaves for Portland, where he will be registered at the Benson "Poly," and will probably be put through a course to find out what he knows about motors and then sent to France.

AMERICA'S REPLY IS POSITIVE

the whole nation proceeds.

"The president would deem himself lacking in candor did he not point out in the frankest possible terms the reason why extraordinary safeguards must be demanded. Significant and important as the constitutional changes seem to be which are spoken of by the German foreign secretary in his note of the 20th of October, it does not appear that the principle of a government responsible to the German people has yet been fully worked out, or that any guarantees either exist or are in contemplation that the alterations of principle and of practice now partially agreed upon will be permanent."

"Moreover, it does not appear that the heart of the present difficulty has been reported. It may be that future wars have been brought under the control of the German people, but the present war has not been; and it is with the present war that we are dealing."

"Kaiser's Power Unimpaired." "It is evident that the German people have no means of commanding the acquiescence of the military authorities of the empire in the popular will; that the power of the king of Prussia to control the policy of the empire is unimpaired; that the determining initiative still remains with those who have hitherto been the masters of Germany."

"Feeling that the whole peace of the world depends now on plain speaking and straightforward action, the president deems it his duty to say, without any attempt to soften what may seem harsh words, that the nations of the world do not and cannot trust the word of those who have hitherto been the masters of German policy, and to point out once more that in concluding peace and attempting to undo the infinite injuries and injustices of this war the government of the United States cannot deal with any but veritable representatives of the German people who have been assured of a genuine constitutional standing as the real rulers of Germany."

Surrender Only Course For War Lords.

"If it must deal with the military masters and the monarchical autocrats of Germany now, or if it is likely to have to deal with them later in regard to the international obligations of the German empire, it must demand, not peace negotiations, but surrender. Nothing can be gained by lowering this essential thing unsaid."

"Accept, sir, the renewed assurances of my high consideration, (Signed) ROBERT LANSING."

Eames, of Telocaset, Has Two Sons In the Service of Their Country Now

A dispatch from The Dalles, Oregon, recently told of Dr. F. E. Eames, of that city, having received the appointment of second lieutenant in the veterinary corps and will soon leave for Camp Greenleaf. Dr. Eames is a son of Frank Eames, of near Telocaset, who also has another son, Arthur Eames, in the machine gun service in France.

Finding Broken Wire.

It is a difficult matter to locate a broken wire in an ignition cable, unless one knows how. Here is how: Draw each individual wire out somewhere along the cable. Hold a compass within a half-inch of the wire. If the current is flowing through the wire, the compass will be deflected from its normal position in one way or the other. A broken wire will have no effect on the instrument, which thereby acts as a detective.

Slick Confidence Men.

"Some of them Kay See confidence men are pretty slick, ain't they, Lester?" asked old Riley Rezzidew. "Yes, sree!" replied Lester Lazenberry, who was just back from the Big Burg. "They're so darn slick they'd pick the pockets of a billiard table if you didn't watch 'em every minute."—Kansas City Star.

Really Fine Eulogy.

Here is a eulogy of a dead emir which Ibn Khalikan declares the Commander of the Faithful, as the Caliph of Bagdad was known, pronounced incomparable: "Now let misfortune do its worst, and time inflict its evils. There is no excuse for eyes which have not shed their tears."
