APPEAL IS TO EARN AND GIVE

COUNTY SUPERINTENDENT CONFIDENT OF CHILDREN.

Three Thousand Boys and Girls Behind Three Thousand Fighters," Slogan

The chief aim of the "Victory Boys and Girls" effort is the development of the boys and girls in intelligent, self-reliance, investment of their lives in behalf of the "great cause." The appeal is to earn and give.

The gift of money should result in a challenge to a full preparation in the reconstruction days ahead and in a growing consciousness of the gift of life and talent in the cause of righteousness.

"The Victory Boys and Girls" division of the United War Work Campaign should prove a stimulus to the adults in their campaign if it continues with the present excited interest, comments Mrs. Ivanhoe, chairman of the "Victory" committee for the county. The national slogan for the campaign will be two million boys and girls behind a million fighters. Our local slogan shall be 3000 boys and girls behind 3000 fighters. I want every boy and girl to know that the money he gives goes directly toward giving the men in the front line trenches, books, rest rooms, music and a few other of the many comforts we enjoy at home. It will require

ACQUIRING A PERFECT FIGURE

Most women who have perfect figures did not have them originally. They have acquired them. A woman gradually takes the shape of her corset so the corset produced by the most artistic designer is the right one to wear to secure a perfect figure.

MODART CORSETS Front Laced

are most symmetrically and artistically designed. They are comfortable, stylish and gradually mold the figure into those beautiful lines that every woman admires and desires.

KU KLUX KLAN IS REVIVED

IDLERS AND SLACKERS MEET SEVERE FATE.

Sunny South Goes Back to Old Day Organization to Get Desired Results.

Mobile, Ala.—The first "Invisible Empire," which was brought into being by General Forrest after the Civil War to offset the evils of the carpet-bag rule in the Southern states, has been succeeded by a second "Invisible Empire." The Ku Klux Klan, silent, daring and terrible, is once more organizing in many localities of the South. First of all the new organization is on the lookout for alien enemies, for the disloyal and for the fellow who is seeking to begin a strike.

Silent, Daring and Terrible.

When there is no trouble brewing in labor circles, or among disturbers suspected of being alien enemy sympathizers, the Klan goes after idlers and slackers. Its methods are proving effective, so far no detective has been able to get on the inside of the organization, which appears to have public sentiment behind it.

Whenever the Klan is organized it is made up of some of the best men of the community. Neither strangers nor half-strangers are taken in, and the rule of "once a member, always a member" still holds good. Otherwise, the unfaithful one may be treated to the fate that awaits other victims of the Klan.

Not many days ago the unseen hand of the Klan stretched forth in Mobile, Ala., where many ships are being built for the government. A strike agitator appeared in the community and sought to foment trouble. The stevedores, shipworkers and washerwomen of the city were called out on strike, in spite of the fact that they were making a good wage and did not want to strike. Then a rumor spread that the man planning the strike was in personal danger. He was apprehended by the police and was being taken to headquarters when the patrol was stopped by a squad of motorcars, each covered with white cloth bearing the insignia "Invisible Empire," the fiery cross of Scotland. The agitator was taken. What became of him is unknown. But there was no strike.

In Birmingham, Ala., an agitator sought to start trouble in the big mills. Again the arm of the Invisible Empire reached from the darkness, the plans of the strike leader were barred, the man was seized and has not been heard from since. His plans for a strike also failed.

FINAL LIST MAILED FROM LOCAL BOARD

ADVISORY BOARD RESUMES ACTIVITIES AT Y. M. C. A. AGAIN.

Sessions of the Legal Advisory Board of Union county were resumed at the Y. M. C. A. yesterday. Members were busily engaged this afternoon in assisting registrants fill out their questionnaires, due to the fact that many came to town for election.

The questionnaires to those of 18 and between 37 and 45 inclusive, have been going out from the office of the local board for some time, and by the last of this week, the list will have been completed.

Many Claim Exemption
A large percentage of married men and those claiming exemption through occupational and agricultural engagements is noted by the lawyers in this class. To fill out the questionnaires and secure the corroborating affidavits of all witnesses sometimes requires as long as two hours.

Should Study List
Registrants are again urged by the board to read over their questionnaires very carefully and fill out such portions of it as are understood by them, leaving only for the members those parts which are not readily determinable. The second page of the questionnaire should be read two or three times by the registrant before presenting his questionnaire to any member of the board.

RUSSIAN GOLD SEIZED

Immense Sum Is Retrieved From Bolshevik Government.

NEW YORK, Nov. 5.—Russian government gold valued at 800,000,000 rubles taken from Petrograd by the Bolsheviks, has been saved at Kazan by the Omak government, generally recognized as a foundation for the re-organization of Russia. A. J. Sack, director of the Russian information bureau, announced here Monday night on authority of the Russian embassy at Washington.

The gold, representing two-thirds of the reserve in the Russian treasury when the Bolsheviks gained control of the capital late in 1917, was transported by them to Kazan and thence to Samara. Agents of the Omak government, obtaining possession of it, took the metal to Omak.

News of the coup was cabled to Washington by L. A. Michaloff, secretary of finance at Omak. Mr. Sack said. The gold is worth approximately \$300,000,000.

The Omak government, according to recent advices from Russia, is rapidly gaining recognition among the anti-Bolshevik councils as the nucleus for the formation of a conservative government.

SPANISH INFLUENZA IS EPIDEMIC HERE

MANY CASES DEVELOP INTO DEADLY PNEUMONIA—EASIER TO PREVENT THAN CURE—HOW TO AVOID.

The constant daily increase of Spanish influenza reported by local physicians shows clearly that many people are failing to take the simple ordinary precautions necessary to avoid infection. For, while influenza, after its development, is sometimes difficult to cure, it is said to be a preventable disease.

The best plan is to begin treatment before the first symptom starts. For no other disease will develop so quickly or spread so rapidly. You may feel fine today—be sick tomorrow and lose a week or more of work. You will indeed be fortunate if pneumonia does not develop.

It is claimed that influenza is caused by a germ in the air that every breath you take is likely to draw them into your nose and throat; that you can prevent the disease by killing the germs before they spread throughout your body. There is probably no safer or surer treatment than to go to the nearest drugstore and get one of the famous Hyomei Inhaler Outfits consisting of a bottle of the pure Oil of Hyomei and a little vestpocket, hard rubber inhaling device into which a few drops of the Oil of Hyomei are poured.

Just breathe this Oil of Hyomei deep into your nose, throat and lungs and then every particle of air that enters your breathing organs will be charged with an antiseptic, healing balsam.

You can't do this too often. No ordinary night and morning gargling or throat spraying will be sufficient so long as during the day you come in constant contact with infection. The

Hyomei inhaler is small and can be conveniently carried in a hand-bag or vestpocket. Every half hour or so throughout the day take it out and draw a few breaths of its pure healing air into your nose and throat.

By doing this you should avoid infection and check the further spread of the disease even though you are coming in direct contact with it. This is an inexpensive treatment as the Inhaler will last a lifetime and further supplies of the Oil of Hyomei can be had at any drug store for a few cents.

NOTE: Oil of Hyomei, so strongly recommended above, is not a new discovery but is the application of an old and time-tried treatment to a new disease. Hyomei has been a standard in the treatment of catarrh and colds for almost twenty years and is sold by druggists everywhere. Hundreds of people in La Grande and vicinity keep a Hyomei outfit with inhaler on the bathroom shelf for regular winter use. If you have one get it out now and use it. If you haven't one, go to the nearest drug store and get one today. It is the duty of every person, not only

for his own sake but for the community to do all in his power to prevent spread of this epidemic and to stamp it out.—Adv.

How a Salesman Suffered

R. J. Porter, Sterling, Col., writes: "For six months I suffered with a painful weak back. As a traveling salesman, I had to stoop frequently to pick up my grip, which I grew to dread as the pain when I straightened up was awful. Numerous remedies failed to reach my case. I was induced to try Foley Kidney Pills. Relief was immediate. Say, they are great! Any one afflicted as I was should try a bottle or two of Foley Kidney Pills." Good for pain in the back, rheumatic pains, aching joints, sore muscles. Sold everywhere.
