Hemp Tree's Many Products.
The hemp tree is one of the most versatile plants in the world. From it comes, besides rope and wrapping paper, the drug hashish, called by its devotees "the joyous," obtained by boiling the leaves and flowers with fresh butter; a valuable vegetable oil, a cake used by the farmers for their stock, and the finer varieties are used for cloth, coarse laces and braids. A great deal of the seed is exported for canary seed.

Reasons Slowly Unfolded.
The answers to our impatient questioning of life's problems come but slowly. Today may show us what yesterday meant, but it is dumb about itself. We must do and bear as best we may, and always wait for tomorrow's answer to our clamorous "Why?"
