ELSIE FERGUSON AT THE ARCADE THEATRE TODAY

The remarkable skill attained by Great moving picture directors is approaching uncanniness. This is evidenced in "The Rise of Jennie Cushing," with Elsie Ferguson in the title role, produced by Maurice Tourneur, the noted French director, which will be shown at the Arcade Theatre today. Those who have read the book by Mary S. Watts, from which the play is adapted, will appreciate that it is a difficult role, but it is admirably handled by the famous star. A noteworthy feature is the ability to convey to the audience what the characters are thinking about without the use of written titles, in which Mr. Tourneur is conceded to have no superior.

SHERRY'S

MADGE KENNEDY IN MELODRAMATIC ROLE.

A melodramatic Madge Kennedy is the big surprise in store for the legions of admirers of the Hollywood star when she appears in her newest and most startling photo play, "The Danger Game," by Roy Soumeville, at the Sherry theatre, last showing today. Bereft of her bridal veil and orange blossoms, Madge Kennedy is seen in a series of amazing situations totally unlike any she has yet had to face in the comedy-dramas which brought her into fame and caused her to be acclaimed "the find of the season." No longer is she the girl who gets herself into scrapes, then depends on her eyes and her smile to extricate her. Always Madge Kennedy's errors on the screen have been social ones, calculated to shock circumspect dowagers and not the public in general. Much more serious are her troubles in "The Danger Game."

A fine comedy finishes the bill.

R. J. Porter, Sterling, Col. writes: "For six months I suffered with a painful weak back. As a traveling salesman, I had to stoop frequently to pick up my grip, which I grew to dread as the pain when I straightened up was awful. Numerous remedies failed to reach my case. How the perfect pancake formula was worked out

Years ago the Aunt Jemima people realized that when a woman mixes pancakes herself she could never be sure how they would turn out. Some days they might be good—but other days, when she thought she had done everything just the same—the cakes would turn out flat, tough and soggy.

To give every woman a way of making cakes that *always* come out wonderfully—always light and fluffy and tender—Aunt Jemima Pancake Flour was created.

The treasured recipe of a famous Southern cook was adopted as the basis of the formula. Long study was put in perfecting it. Especially ground and blended flours were used—flours that you could not buy in a store. And finally, since good pancakes need sweet milk, that was added, too (in powdered form).

No wonder Aunt Jemima Pancakes have

such an unusually delicious flavor—no wonder 120 million Aunt Jemima breakfasts were served last year!

So quick and easy—and so nourishing

Aunt Jemima Pancakes have just the nutritious, wholesome elements that your family needs—their gluten percentage is unusually high. They have the food value that gives youngsters strong bodies and plump, rosy cheeks.

Have Aunt Jemima Pancakes tomorrow—and some other day have the Buckwheat Cakes (Aunt Jemima Buckwheat Flour comes in the yellow package). Try waffles and muffins made with the Pancake Flour, too, they're delicious. Read on any Aunt Jemima box top how to get the famous Rag Dolls. Aunt Jemima Mills Company, St. Joseph, Missouri.

Richer because of the milk that's in it!

Sweet milk, powdered and mixed in the flour gives Aunt Jemima Pancakes the flavor that has made them America's favorite breakfast. You need add nothing but water to have rich, full-flavored cakes.
