THANKSGIVING OBSERVED AT THE SANATORIUM

MRS. PHY PRESIDED AS HOSTESS—WILD DUCKS ARE PLENTIFUL IN HOT LAKE—GRAIN COMING TO WAREHOUSE.

HOT LAKE, Nov. 28.—(Special) Hot Lake Sanatorium never much behind the times when anything of a patriotic nature is taking place generally had a thorough "Thanksgiving Day" today. While many guests who were here last week have gone to their own homes to more fittingly celebrate the great day, there were over fifty who were able to "get about" besides those in the hospital. At 4 o'clock in the afternoon they and many members of the sanatorium staff assembled in the big dance hall and enjoyed a regular "Community Sing." All the latest popular songs and many older ones were sung en masse and the Rev. Mr. Wire of Newbury, Oregon, gave a short but stirring patriotic address, hailing how much and why we should return thanks on this great day. His address was greatly enjoyed. The singing of America and the Star Spangled Banner brought to a close a most enjoyable afternoon meeting. At 6 o'clock the guests sat down to a sumptuous dinner, the usual Thanksgiving course being all on offer. At 7 o'clock the sanatorium staff had their own Thanksgiving dinner in the main dining room. Mrs. Phy, in the absence of Capt. Phy acting as hostess.

Word has been received from Capt. Phy, who has arrived at San Francisco, that the great Letterman hospital is at present a very busy place and some wonderful work being done in reconstructing of disabled soldiers and sailors of the U. S. forces.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets
If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets. Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

The cold snap of weather, and the snow, has brought to the neighborhood almost countless flocks of wild ducks and local almords are having great sport with the teal, butterballs and red ducks.

Wheat and oats are being hauled daily to the big grain warehouse on the railroad track, the local farmers evidently striving their utmost to get rid of their grain before bad weather sets in and makes the approaches to the warehouse anything but easy for wagons to be moved over.

Guarding His Car.
A Hutchinson man who fixed up his car so that the horn blew when a thief tried to start off with the car is so well pleased with the invention, according to the society reporter of the Hutchinson Gazette, that he is now working to perfect a device which will hit the thief over the head with a monkey wrench.—Manhattan (Kan.) Mercury.

The Waves of Michigan.
When I see the waves of Lake Michigan in the peak snowstorm, I see how small inadequate the poem in poet is. But Tennyson, with his eye over the sea, has shown his subtlety.—Emerson's Journal.

Small Son's Chivalry.
William's mother is a little overweight. She had been to school with him that day, and coming home a small boy said to William: "Your mother is fat." William looked at him in surprise and said: "No, she isn't; she's just comfortable."

Worth Having, Sometimes.
"Hoss sense," said Uncle Eben, "is what keeps a man from bettin' away his money on hosses."

Both Inventions of Americans.
There is an English process which commends as a cure "a hair of the dog that bit you." And it is an interesting fact, though hardly a coincidence, if national inventive characteristics be borne in mind, that one of the most deadly man-killing machines, which the world owes to the genius of one American, the late Sir Hiram Maxim, should have found its antidote—the "tank"—in a device directly inspired by the invention of a compatriot, Mr. Benjamin Holt.

SUMMONS

In the Circuit Court of the State of Oregon for Union County. May J. E. Monk, Plaintiff, vs. Thomas R. Monk, Defendant. To Thomas R. Monk, the above-named defendant: In the name of the State of Oregon, you are hereby summoned and required to appear and answer or otherwise plead to the complaint filed against you in the above-entitled suit and court, on or before the 28th day of November, 1918, said date being six full weeks from and after the 17th day of October, 1918, which is the date of the first publication of this summons.

You are further hereby notified, that if you fail to so appear and plead herein, the plaintiff will thereafter apply to said court for default against you for such failure, and after entry of such default apply to said court for the relief prayed for in her complaint herein, to-wit: For a decree forever divorcing you from plaintiff, and a dissolution of the marriage contract existing between you and plaintiff; for judgment against you for her costs and disbursements herein; and for such other and further judgments, decrees and orders herein, from time to time, as may be lawful and necessary.

This summons is published by order of the Hon. J. W. Knowles, Judge of the above-entitled court, in the La Grande Evening Observer, and in the issues thereof published on Thursday of each week, for a period of six consecutive weeks of such issue, and in seven publications thereof, commencing Thursday, October 17, 1918, and the last publication being November 28, 1918. That said order was duly made and entered October 17, 1918. F. S. IVANHOE, Attorney for Plaintiff.

Mrs. P. O. Starnett Tells How She Cured Her Son of a Cold
"When my son Ellis was sick with a cold last winter I gave him Chamberlain's Cough Remedy. It helped him at once and quickly broke up his cold," writes Mrs. P. O. Starnett, Homer City, Pa. This remedy has been in use for many years. Its good qualities have been fully proven by many thousands of people. It is pleasant and safe to take. Adv.

THE WORLD MOVES ON

Printers thought the typesetting machine was not practical—
The horse breeder said the automobile would never be in general use—
The wire manufacturer said "wireless" was a dream—
Even congressmen said "heavier-than-air" flying machines were impossible—
The last to be disturbed by the wheels of progress is the single-record phonograph manufacturer, who says the playing of all records on one machine "cannot be done."
"Cannot Be Done"
is now in the scrap heap, for—
The Brunswick
does it!
It attracts the eye—
It pleases the ear—
It plays all records at their best—
It is all phonographs in one.
