PUTMAN'S DRUG STORE

The *Rexall* Store
LA GRANDE - OREGON

One Dose.
There are few men who escape having at least one cold during the winter months, and they are fortunate who have but one and get through with it quickly and without any serious consequences. Take Chamberlain's Cough Remedy and observe the directions with each bottle, and you are likely to be one of the fortunate ones. The worth and merit of this remedy has been fully

proven. There are many families who have always used it for years when troubled with a cough or cold, and with the very best results. Adv.
LOST STRAYED OR STOLEN
A herd of white face cattle. Old cows branded X. Young cattle branded N. K. on left ribs. Reward for their return or information leading to their recovery. 12-2-18 N. K. WEST

CASE 10-15 KEROSENE TRACTOR

This tractor is the smallest size in the CASE tractor family. As a kerosene burner it is unequalled. The machine is very light, heavier than a team of horses, weighing only 3400 pounds. Its length is 102 inches, width 56 inches, and height 54 1/2 inches. It is rated at 10 H. P. on the drawbar, and 18 H. P. on the belt, but it will really develop much more than that.

In developing 10 H. P. on the drawbar, with the tractor traveling at 2 1/4 miles per hour, a pull of 1600 pounds is developed. This is more than is ordinarily required in pulling a two-bottom plow 7 or 8 inches deep. The tractor is capable of exerting a pull of 2300 pounds. The reserve power, over and above its rating means much to the owner.

It is to your advantage to know more about this powerful little tractor, and we will be glad to furnish further information.

LALLEY LIGHT

Is a Profitable Equipment for the Farm Home.

The Lalley light affords a steady flow of power either direct from generator or from storage batteries, to operate fans and labor saving electric equipment and to furnish ample and brilliant electric light. Works 243 days a year, pays for itself in time and labor saved and in higher profits. Easy to install and simple in operation. Half heating equipment means easy running and long life. Considering efficiency, the cheapest and best light and labor that you can employ. Will make your farm work easier and your home a brighter and a happier place to live. Galloway-Rees, Inc., La Grande, Ore.

Goat
While a Toledo man was shooting rabbits in his room, a bullet slipped and wounded his roommate. We have located in other towns where you had to go after the rabbits, but in this town we are a baseball team, but we had to go in Toledo, where you have to go after them with a gun.

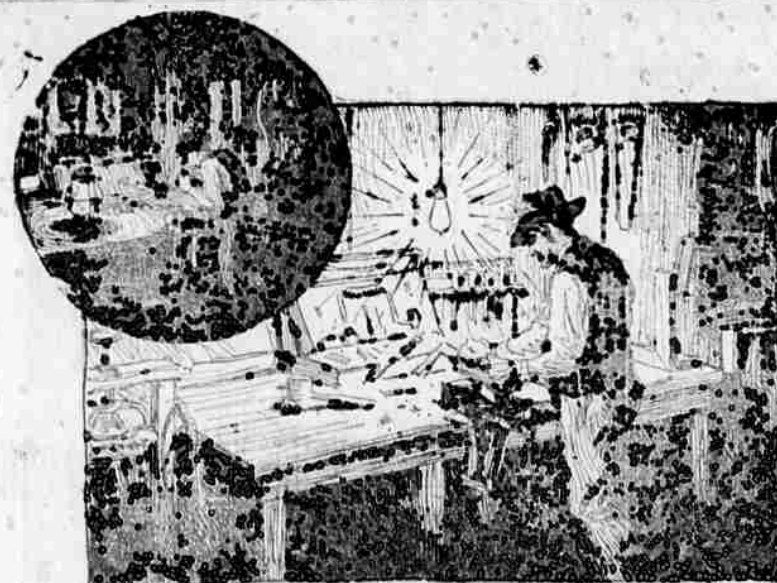

The white ivory goods, hand mirrors, handbags, mirrors, hair brushes, military brushes, ivory clocks, metal clocks, elegant perfumes, toilet waters, face powders. You will find all this class of goods in large quantities at

BETTER THAN COLONEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it from the use of these little olive-coated tablets. These pleasant little tablets do the good that calomel does, but have no bad after effects. They do not injure the teeth like strong liquids or powders. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. Soothingly liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Worst headaches, "biliousness" and that lax feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they clear the clouded brain and how they "perk up" the spirits. 10c and 25c a box. Get the genuine.

He Does Better Work
with Lalley-Light

The Light Plant Proved By Years of Use

For seven years, Lalley-Light has been making good electric light and power cheap for farmers.

Seven years of practical, actual farm use. Seven years of owner-satisfaction.

That settles the question of reliability and quality.

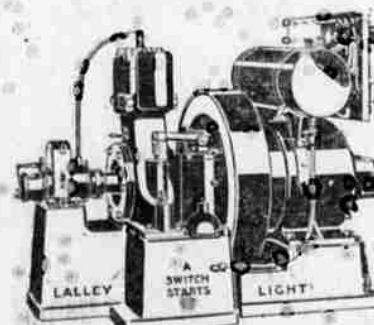

Lalley-Light has this wonderful record because it is especially designed as a farm electric plant.

It is much more than an electric generator hooked up to a farm gas engine.

It is designed for its particular work, and it does its work—right and at low cost.

A free demonstration will show you what Lalley-Light will do on your own farm.

The book of owners' letters will tell you how well and how cheaply it works for other farmers.

Plant is 27 inches long, 14 inches wide, 21 inches high.
