FAMOUS QUINTET COMING

The Zedellers Appear Here Soon in Lyceum

Nicholas Zedeller, the distinguished cellist, organizer and manager of the Zedeller Symphonio Quintet, believes that love of good music is inherent in every one, and he has surrounded himself with an organization of superior musicians for the one purpose of bringing the best in the world of music into the life and appreciation of the average hearer. The programs of the company are chosen from the works of the masters, and a brief and comprehensive explanation of each number precedes its presentation, adding much to a proper understanding of the music. To enable a company of five to secure symphonic effects a special record organ is carried. Each member of the company is a soloist, and Mrs. Emma Beck is a singer of splendid personality and charm. The coming of this great company to our Lyceum course will be an event of interest to all music lovers.

BIG STOCK SHIPMENT GOES FROM JOSEPH

ABOUT TWENTY-FIVE CHRISTMAS BOXES LEAVE HOSPITAL. PATIENT IMPROVING. DEATH OF ALDER SPOPE RESIDENT.

JOSEPH, Dec. 9. (Special)—Mrs. N. Horgan, who was recently operated upon at the Joseph Hospital, is improving nicely.

On Tuesday of this week a train made up of eighteen cars of cattle and sheep left Joseph for eastern markets. T. H. Moselock shipped 12 cars of sheep to Chicago, the following shipped cattle to Omaha: J. A. Branson, 2 cars; Richard & Son, 2 cars; Henry Mitchell, 1 car; X. Mitchell, 1 car. Last Saturday O. C. Gorman shipped five cars of cattle, hogs and sheep to Portland. Many cattle will go from here to the stock show, which will be held in Portland next week.

J. E. (Punch) Foster left last week for Yuma, Arizona, where he went in the interests of his health. Ted Mays and Vern Morelock returned on Wednesday's train from Portland.

Harry T. Richards, one of Alder SPOPE's best liked and most prosperous farmers, died at his home near Joseph last Friday.

Hugh Estes is a visitor in Portland this week.

Mr. and Mrs. F. H. Gauke left last Thursday for Portland, where they expect to spend about two weeks.

WE MAY GET THAT HOT BATH YET

(By United Press)
WASHINGTON, Dec. 10.—Back to the mines the workers are flocking, to produce enough coal to keep the wheels of industry turning and America warm in the cold months.

The United States employment bureau has announced that splendid success has followed its efforts to get many miners who have turned to other fields back to their old jobs.

In one day alone, the bureau received word that 1204 miners who had been working at other jobs had returned to their old berths as the result of the plea.

Bureau officials estimate that 50,000 miners drifted away from their old work to other fields. As the result of the drive a considerable number of those already have returned to their first loves, they say.

WALLOWA COUNTY HOGS

Blockade Brothers Invent in a Domain Pure Breeds.

Blockland Bros. evidently believe in reciprocity. A few weeks ago they shipped a carload of their bull calves to Wallowa county. Today they receive a dozen pure bred Berkshire sows from Carl Whitmore of Wallowa county. "Wallowa county must produce some good ones or Blockland's would not be buying them," reports County Agent Spillman.

He is to be seen who is shipper.

LAND SETTLEMENT PLAN

Policy Worked Out by Oregon Will Be Offered.

OREGON AGRICULTURAL COLLEGE, Corvallis, Dec. 9.—Oregon's land settlement plan for homes for returning soldiers and other citizens of the United States will be offered to the federal government as a national land-settlement policy. Already Whitney L. Boies, chairman of the Oregon land settlement commission, and H. D. Scudder, professor of farm management at the college, have gone to Washington to lay the Oregon plan before the national authorities with a view to its incorporation into the national laws.

The distinctive feature of the Oregon plan is that it takes the settler and by financing and directing his farm operations assures his success. Heretofore the state has contented itself merely with putting him on the land, and there leaving him to sink or swim as chance might decide. And two out of every three promptly sank. Thus the state lost not only its prospective homebuilder but likewise its reputation as a home for new settlers.

Farm programs adapted to every district in Oregon whose further settlement is advisable have already been worked out by Professor Scudder. Each program will be exemplified on a model farm in the district, on which an average settler will be placed to demonstrate the farm methods under an officer of the land settlement commission. The land, live stock, buildings, and equipment will be supplied to the farmer on credit, under conditions most favorable to success.

The first unit farm has been bought by private capital to demonstrate the success of the plan. It is located in Polk county, and will be devoted to field crops, live stock and dairy farming. It consists of sixty acres of 1000 an acre land. It is bound to do just what is claimed for it, asserts Professor Scudder.

ZEDLER QUINTET COMPANY

Musicians of Rare Talent Will Appear This Evening.

The members of the Zedeller Quintet company have arrived and will give the opening lyceum number at the high school auditorium this evening. The personnel of the company includes Miss Emma Bruce Beck, who received her education in France, having studied under the great French master, De Reske. She has been of the important singers of the Chicago grand opera.

M. Salvador Salo, recently from Barcelona, Spain, also received most of his education in Paris and has toured several of the European countries. His brother, Antonio Salo, is the court cellist of Spain. Mrs. Zedeller is American born, and educated. She has studied under some of the best masters in this country, including Walter Spry of Chicago.

Miss Hazel Kirk, a new member of the company, is replacing Mr. Fred Thompson, who appeared in La Grande last summer in the Zedeller number at the Chautauque. He is now in the service of the country.

Mr. Nicholas Zedeller, the director of the quintet needs no introduction.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia).
20c and 60c jars; hospital size \$2.50.
