Mrs. J. W. Williams Gains 25 Pounds

Health So Bad Before Taking Tanlac, Don't See How She Lived

"A little less than two months ago I began taking Tanlac and since that time I have actually gained twenty-five pounds," was the remarkable statement made by Mrs. J. W. Williams, of 659 Orcas St., Seattle, Wash., recently.

"My health has been very poor for many years," she continued, "but my condition has been so bad during the past two or three years that I really don't see how I lived. I suffered most all the time with fearful headaches and awful pains in my back and, in fact, was racked with pain all over. I lost my appetite and my nerves became so shattered that I hardly knew what sleep was. When my husband lost his sight my duties, of course, became doubly hard, and my health being bad already, I kept going down under the strain. I did everything I could to keep out of bed but finally got to where I was just up and down—would sit up one day and be in bed the next—and I even had to give up my housework because I was so weak. Everyday was just another day of suffering and misery for me."

"I went down from one hundred and forty pounds to less than a hundred, and was just a frame with scarcely strength to move around. I finally made up my mind from what I read about Tanlac to try it and I have certainly found it wonderful. I now weigh one hundred and twenty-five pounds and if anyone could feel like a new person I do. My appetite is splendid and I am just building up every day. My nerves are in good condition, I have gotten rid of all of my pain and now I sleep like a child every night. I have gained so much in strength already that I can do all my housework without any trouble and I have been benefited so much that I am glad to recommend Tanlac to everyone."

Tanlac is sold in La Grande by Silthorn and Richardson Drug stores; in Union by L. A. Wright; in North Powder by L. A. Russell and in Elgin by Scott E. Harris.—Adv.

YANKS EAT COUGH DROPS BY THE TON

PARIS, Nov. 28.—(United Press)—Cough drops to the extent of 21¼ tons were consumed by the American Expeditionary Force in the month just concluded, which might seem to indicate an alarming prevalence of coughs, but does not. It merely means that the soldiers used up that many lozenges as a substitute for candy of which they could not obtain enough. They may have swallowed more than 21¼ tons of cough drops, probably did, but they obtained that many through the Y. M. C. A. post exchanges.

The Americans demand for sweets is stupendous, as the Y. M. C. A.'S monthly condenser shows. To take the edge off his appetite for sweet things the Red Triangle canteens have ordered some staggering quantities of supplies. The biggest single item is sugar, most of it used in manufacturing chocolate cookies in France. Just 2,860 tons of this will be needed.

It will take 1,327 tons of flour to keep the factories which are turning out cookies for the Y. M. C. A., busy for the next month. Condensed milk is in demand to the extent of 94½ tons, and milk powder, which is used in making chocolate, will weigh 56 tons. The soldiers is a great consumer of chocolate bars. Two hundred tons will be bought from America, and almost as mucch will be purchased in France. Jam is another big item, reaching 200 tons, to say nothing of a large quantity that will be obtained from French manufacturers. A total of 175 tons of candy has been requisitioned, and much more could be sold if there were ways of getting it on the shelves of the post exchanges.

Totalling up all the things that the Red Cross Triangle storekeepers ordered shipped from America in a month, we find it amounts to 6,268½ tons. That's a big item, but it isn't nearly enough. Everything has been pared right down to the bone. If transportation presented no difficulties, the Y. M. C. A. would show what "big business" really means. The trouble is that it's hard enough to get the stuff across the Atlantic, and once landed in a base port it runs up against embargoes and other transport difficulties galore. Just when the Red Triangle people think they have enough motor trucks to handle the situation for instance, the army commandeers part of the trucks.

RASTUS CURES ONE SICK BLACK WARRIOR

PARIS, Nov. 28.—(United Press, by mail)—"Jim" was a big black patient in the Red Cross hospital at St. Denis. He was a "mighty sick nigger," as he said, his illness being a combination of machine-gun wound in the leg and shell shock. He couldn't even turn over on his cot, much less walk.

But that was before he heard Europe's orchestra. Europe and his famous musicians were in Paris on their way from one assignment to another, for they are more in demand at camps in France than ever they were in New York cabarets. The American Red Cross got permission for them to play at its St. Denis hospital. And you should have heard the boys cheer, when syncopated strains from Europe's instruments swelled through the wards!

As for Jim he not only could move; he could hop, and hop he did, from his cot to a station so close to the big bass drum that the dusky drummer had to cut out some of his customary gyrations.

After it was over the Red Cross hospital representative from Chattanooga, Tenn., who had arranged the concert, saw Jim sitting on the edge of his cot, an ebony picture on content and comfort.

"Jim, you rascal," she said, "I thought you were so sick." "Yes-m," replied Jim, "I certainly was a sick man, and my leg troubled me mighty much, but nothing ain't bothered me since I heard that band, no ma'm."

Next to ice cream nothing makes so big a hit with the boys in the hospital as do the band concerts that are a regular feature of the Red Cross program in France to make a stay in a hospital as happy as may be for Yanks wounded.

Useful.

An ounce of pulverized borax put into a quart of boiling water and bottled for use will be found useful for taking grease spots from woolen goods.

During these days of so much influenza and other seasonable complaints the people generally could keep in much better health by being thoughtful and using these simple home remedies and antiseptic washes, rather than the so much advertised patent medicines and nostrums, which is only a sly way of helping you to get rid of your money. We notice in at Silverthorn's Drug store that they are careful not to offer anything but real simple and yet effective remedies that are inexpensive and reliable.

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.
