UNION COUNTY IS ON THE JOB

STATE REPORT SHOWS GOOD WORK IN DRIVE

There Are 14,000 Men and Women in Oregon Sacrificing Their Time in This Roll Call

PORTLAND, Dec. 18.—Reports on the Red Cross membership drive throughout the state are coming in, indicating good work, but the goal is universal membership, which makes this the most strenuous of all the drives, inasmuch as it means that the solicitors must, if possible, interview every adult in Oregon. The first county to report was Union, E. E. Kiddle, telegraphing that 8,000 were enrolled by one minute after midnight, December 16, the minute the drive opened. The war chest argument which obtains in Union county is held responsible for this work.

Schools for children who were made mental and physical wrecks by the constant bombing of their cities; schools where men who have lost their hands or feet or eyes may learn remunerative trades; canteens where American soldiers may be able to find comfort until such time as they come back home—all these will be provided by the dollar which comes in for membership in this drive. Also the Red Cross is spending a million dollars a month in caring for the families of American fighting men.

The American people and the American spirit are behind the Red Cross and the popularity of the organization is attested by the buttons and flags which have been displayed this week. Everyone who wears the button is a member and is playing a part in the relief work of the Red Cross. The Red Cross service flags in the windows are a badge of honor. Each day thousands of people are enrolled and by the end of the drive, December 22, the man or woman who is not decorated with a button or the house which does not carry the service flag in the window will be the exception in Oregon.

It is not money but membership the drive seeks. No one will be asked for \$2, nor plural memberships. The membership carries dues of one dollar a year and this is all that the solicitors request. Those individuals with a button will not be asked a second time. The buttons bring immunity. If the drive could obtain 80 members a minute for three days Oregon will establish a record. The campaign was launched at a speed which developed better than 80 members a minute the first day, but as the first rush subsided the "mopping up" becomes harder. The 14,000 men and women who are sacrificing their time for Christmas shopping to perform this service, however, are determined to see the work through to the finish.
