GET CHILDREN BACK TO SCHOOL

RETURNING BOYS AND GIRLS TO STUDIES IS IMPORTANT

Financial Assistance in the Form of Scholarships to be Given to Those Who are Found to Require it.

"Of course I know Jack needs to go to school and he's pretty young to work, but we need the money," said a mother today when she was talking things over with a member of the school welfare committee.

In the eyes of the president and his cabinet, returning to the schools those children who have left to early is an important piece of work, and as good an investment for the future as Liberty bonds.

Since the opening of the fall school term, the Children's Bureau has made a series of quick surveys in industrial and commercial centers which have shown that large numbers of children have left school for work, and further that the children are not doing the kind of work which gives them training now, or much hope of further development.

To combat this situation the back-to-school drive was organized. The right education of the children is the best preparation for national strength in time of peace.

DRAWS FINE AND THIRTY DAYS

Ray Lewis, a local youth, was fined \$25 and sentenced to spend thirty days in the local jail at the Police court this afternoon.

Police Judge Alkin, before whom the youth appeared, told the defendant that he would be inclined to treat him leniently were it not that he had not kept promises made to the court when he had been up on previous occasions.

Folly of Monarchical Government.

As the exercise of government requires talents and abilities, and as talents and abilities cannot have hereditary descent, it is evident that hereditary succession requires a belief from man to which his reason cannot subscribe and which can only be established upon ignorance; and the more ignorant any country is, the better it is fitted for the monarchical species of government.—Thomas Paine.

CHORUS LEADER HAS NEW SONG

PATRIOTIC PIECE COMPOSED BY PROF. L. D. EDWARDS

The Song, "All Hail the Starry Flag," is Dedicated to the La Grande Community Chorus.

Prof. L. D. Edwards, leader of the La Grande Community Chorus, has recently had a new patriotic march song published that promises to become very popular.

The words of the song are as follows: "All hail the starry flag! The flag of liberty! Whose right and might in justice bids the world be free.

Unfold our glorious flag With streamers floating high, And let our songs of freedom vibrate in the sky.

The music to which the words are set is executed with a good march movement and as it is simple enough to be sung by choirs it is expected that it will become deservedly popular.
