NEW SILOS ON MT. GLEN FARMS

SIX HAVE BEEN ORDERED, WITH MORE EXPECTED

Corn has Been Very Successfully Raised in District—Large Quantities of Seed Available

MT. GLEN, Jan. 17—(Special)—Six silos have been ordered by the following Mount Glen farmers: A. Befwick, Louis Dierks, Noah Feik, Jos. Leak, Albert Feik. It is expected that other farmers in the district will fall in line and have silos installed in the near future.

This section has proved itself to be exceptionally good for corn production. A great deal of the corn grown in Union county this year was from seed raised here. Several tons of seed corn are being shelled on local farms now for this year's planting.

Mr. and Mrs. Earl Kent of Northern Montana, have been here for a few weeks, visiting Mr. and Mrs. A. Befwick. Mr. Kent expects to locate here in the near future.

The dairy business has proved so profitable here this year that a number of new farmers will take up the industry this year.

Fred Vaugg's family are made happy by the return of their two sons from abroad. Ernest had been over two years in the Southern States, as a missionary for the L. D. S. church. The principal scene of his labors was in Tennessee. He says that the flu has recently attacked persons in that part of the country the second time, and that the second attack is much more severe than the first. A large proportion of these second attacks are fatal, and often those who do survive are left deaf, blind, or with some other permanent ailment. August Vaugg, the other son, had been in the air service in England for the last year, and he has many interesting experiences to recount. He made a number of flights, some of them to an altitude of 10,000 feet. August says they were treated excellently in England and they had a fine time, "but there's no place like home." Although he did not get to France, he says he saw enough of the rough side of warfare. A number of bad air accidents occurred where he was stationed in England and he witnessed several fatalities.

Mrs. Louis Dierks was called to Colfax, Wash., recently, where her mother is seriously ill with the flu.

A. L. White and A. Befwick have purchased a gasoline wood sawing outfit and have taken a large contract cutting wood for Ed Dunn.

There is practically no influenza in Mount Glen now and the schools will likely be re-opened within a few days.

Cove is practically without flu, all the cases being convalescent, and in all probability the ban will be raised in the near future.

E. S. Tulp and L. B. Carten went to Minam in their car to meet a man suffering from rheumatism who was brought out from Herman Tripern's stock ranch on the Big Minam.

Pauline Geer, who has been spending the winter in Portland, returned home Wednesday.

The schools, which have been closed for so many weeks, are expected to open Monday.

"Eight years ago when we first moved to Mattoon, I was a great sufferer from indigestion and constipation," writes Mrs. Robert Allison, Mattoon, Ill. "I had frequent headaches and dizzy spells, and there was a feeling like a heavy weight pressing on my stomach and chest all the time. I felt miserable. Every morsel of food distressed me. I could not rest at night and felt tired and worn out all the time. One bottle of Chamberlain's Tablets cured me and I have since felt like a different person."—Adv.

MR. SMITH EXPLAINS HOW GIRL WAS RUN OVER

M. A. Smith, who was driving the car that ran over Amy Brown Thursday, explained today that it was an unavoidable accident, as the little girl was delivering milk on East Adams and had stepped from behind her car too late for Mr. Smith to stop his car, which was running about ten miles an hour, before it ran over her. Luckily no serious injury was inflicted and the little girl is able to be removed from the hospital.

Contractor Tells of Improvement

Mr. Bainbride Gains Twenty Pounds Taking Tanlac—Troubles Ended.

"My old time energy with twenty pounds of my lost weight have been returned to me by the use of Tanlac," said C. E. Bainbridge, the well known contracting painter, decorator and wall paper man of 89 East 11th street, Portland, in an interview, recently.

"Just about a year ago," said Mr. Bainbridge, in describing his case, "I lost my appetite and soon got to where nothing I would eat agreed with me. My food would lie in my stomach and ferment, bloat me up as tight as a drum and cause me to suffer agony. Of course I had to live on a very light diet and not being able to get the proper nourishment I lost weight and strength continually. I dropped down from one hundred and sixty-five pounds to one hundred and thirty-two, losing thirty-three pounds in just a few months. I finally got so weak and run-down I had to give up my work and was laid up for more than five weeks. Then I began suffering with rheumatism all over, which was especially bad in my right arm. The muscles in this arm would become so drawn and painful that I could not get my hand to my head. My back also hurt me all the time. I was habitually constipated and had such terrific headaches that I could hardly see. I was so nervous the least noise would upset me and I have gone through many a night never closing my eyes for sleep. My strength and energy had just about all left me and my condition had become alarming to me. In fact I had become discouraged, as I had taken so much medicine without getting any relief.

"Finally a friend of mine, knowing the fix I was in advised me to try Tanlac, saying his wife had been in the same condition and that six bottles of Tanlac restored her entirely. So after he told me this I lost very little time in getting me some Tanlac, and believe me it has done the work. After taking the first bottle I was simply eating like a bear and I have been eating just anything I want since that time with no signs of bloating or any other discomfort afterwards. I have just finished my fourth bottle now and the rheumatism, is gone too. With the aid of Tanlac tablets I have been relieved of constipation and it's a fact, I haven't had a headache since I began taking Tanlac. I simply do a full day's work and still feel do a full days work and still feel fresh and fine at night. My wife also suffered from indigestion and she has gotten entirely rid of it by taking Tanlac. I tell you it's a great medicine and people with stomach trouble and rheumatism will do well to take it."

Tanlac is sold in La Grande by Silverthorn and Richardson Drug stores; in Union by L. A. Wright; in North Powder by L. A. Russel and in Elgin by Scott E. Harris.

UMATILLA MAN OPENS FIGHT

SALEM, Ore., Jan. 17.—The first gun fired at the 6 per cent limitation amendment boomed in the house yesterday when Representative Brownell of Umatilla county introduced a resolution asking for appointment of a committee of five members to investigate and draft a bill to do away with the limitation as provided for under that amendment. Mr. Brownell declares that the finances of the state are so circumscribed by the amendment as to be inimical to the best governmental welfare, and declares that it should either be repealed or be substituted by some less stringent provision.
